Plan Liquor Proof Wall Around U. S.

DRASTIC MOVE TO ENFORCE DRY LAWS REVEALED

Prohibition Field Marshal Prepares To Clamp Lid Against Smugglers

BULLETIN
WASHINGTON, June 4.—A study of prohibition with a view to determining its probable cost for next year has been started by the treasury.

Secretary Mellon indicated today that no decision had been reached as to whether or not the appropriation of approximately \$10,000,000 for coast guard and prohibition would be exceeded in the 1927 budget.

By R. S. THORNBURGH
For International News Service
WASHINGTON, June 4.—A liquor-proof wall extending entirely around the United States to prevent smuggling of wet goods permanently is the objective of the government's rum war, the treasury department disclosed today.

To cut off the liquor supply of those who, with well-stocked cellars have laughed at the volstead act, is among the prime purposes of the "whiskey crusade," General T. C. Andrews, field marshal of the prohibition forces declared.

"I believe we can make the borders and the coast as difficult for the liquor smuggler to reach as though he were an armed enemy," Andrews told the International News Service.

Details of a general plan to bring about observation of the dry law are being worked out by Andrews who was selected by President Coolidge to head enforcement and to co-ordinate the activities of various agencies.

Initial steps to bring about co-

Yankee Flyers Awarded World's Duration Mark

PARIS, June 4.—America was officially awarded the world's duration award for hydroplanes today when the International Aeronautic Federation officially recognized the record of sustained flight for 28 hours, 35 minutes, 27 seconds. Kyle made the flight in a navy hydroplane May 2 at Philadelphia. Lieutenant J. C. Kyle was killed May 22 when he lost control of his plane while flying at Lakehurst, N. J.

Oil Gusher 'Blows In' In Los Angeles Region

LOS ANGELES, June 4.—Coming with a roar that was heard for miles, one of the biggest gas and oil wells in this district "blew in" today in the Athens-on-the-Hill district within the city limits, flooding an area a mile square with oil. Police were rushed to the scene to keep away spectators.

Aged French Scientist Flammarion Dies At 83

PARIS, June 4.—Camille Flammarion, the famous French astronomer and author, died today at Juvisy, where he was head of the observatory, according to the newspaper La Liberte. He was 83 years old.

Two Communists Shot In Bulgarian Roundup

SOFIA, June 4.—Two Communists were killed and one surrendered to avoid being shot to death in a nationwide roundup of Communists which the Bulgarian government completed today.

Ten Planes to Patrol Forest Area In State

SAN FRANCISCO, June 4.—A fleet of ten airplanes to be used by the United States forest service for patrolling the wooded districts of California and the northwest, will be put into service shortly after July 1, it was announced here today by Col. William B. Greely, chairman of the U. S. forest service, who is here from Washington on a brief tour of inspection.

"Ignorance and carelessness are destroying the forests of California, as well as those of other states," Colonel Greely declared. "The careless smoker is by far the worst menace to the preservation of forests. Curb him and the danger of fire will have been greatly overcome."

Colonel Greely declared that much co-operative work between the government and the lumbering industries would also result in a decrease of fires.

AIRPLANES TO SEARCH FOR EXPLORER

Norwegian Government To Send Relief Party In Hunt For Amundsen

BULLETIN
WASHINGTON, June 4.—Secretary of State Kellogg today denied reports that the Canadian government had communicated with the state department concerning land which Commander Donald MacMillan might discover on his flight to the Arctic this summer. MacMillan has announced he would plant the American flag over any land he discovered and reports were circulated that the Canadian government would protest any such action.

BULLETIN
LIVERPOOL, June 4.—Gretir Aglierson, the young Vancouver explorer and aviator, has given up his plan to fly to the North pole this season, it was stated today. The postponement was attributed to delay in completing his airplane.

COPENHAGEN, June 4.—The Norwegian naval station at Horten, Norway, expected to test today the two monoplane, which, if satisfactory, will be taken to Spitzbergen Saturday to begin a search for the missing Amundsen-Ellsworth North pole flyers, comprising two airplanes and six men. Both monoplane are equipped with wireless, so that the Norwegian government constantly will be in communication with the commanding officers and can send additional assistance quickly if the party is found in distress.

It is proposed to divide the territory in such a way that there would be no possibility of missing the party. The territory would be divided between the Norwegian

Stork Brings Dozen Babies To San Diego

SAN DIEGO, June 4.—There was work to be done. A powerful, urgent call to duty, inherited from a million generations of feathered ancestors, impelled "Old Smokestack," prize stork, to escape from the zoo here yesterday.

He toiled ceaselessly through the night and when morning came an even dozen human babies got their first glimpse of the light of day, maternity hospital registers reported.

Fearful of over-population, the zoo keepers have offered a reward for the capture of "Babyland's Transport company, limited."

DEATH STALKS IN NATION'S HOT WAVE

Weather Bureau Predicts No Relief From Heat For Remainder Of Week

The unusual heat wave that has settled over most of the country has killed more than a score. Almost as large a number were dead in storms resulting from the torrid weather.

With prostrations reported in increasing numbers in the areas of large population, weather reports held no hope of immediate relief for the section from the Rocky mountains to the Atlantic seaboard, while the death toll and mercury mounted under a broiling sun.

Hamilton, Ohio, listed eight dead in the heat wave's most grisly tragedy, when Lloyd Russell, temporarily insane, shot and killed that number, including his mother and five small nieces and nephews.

Seven were dead in New York, three in Chicago, two in Detroit, four in New England. Storms in Iowa and around Minneapolis had claimed fourteen more lives.

No Relief From Heat, Predicts Weather Bureau

WASHINGTON, June 4.—The weather bureau today promised no relief from the heat wave during the remainder of the week.

Warm weather will continue, the bureau said, east of the Mississippi river, although slightly lower temperatures are probable in northern New York and northern New England tonight. Local thunderstorms were predicted for the lower lake region. The temperature of 99 degrees registered here Wednesday was said to be the highest record for June since 1911.

Heat Wave Causes Big Damage And Loss Of Life

CHICAGO, June 4.—Little hope for immediate relief from the heat wave that has prevailed since Sunday was in store today. The weather bureau announced the temperature would remain high for the next two days. The heat was accountable for three deaths in Chicago.

In several sections of the middle west the heat wave brought violent damaging rains and windstorms of tornado proportions. Many persons were killed in the storm. In the region around Minneapolis six deaths were reported. In Iowa eight have been killed since Monday by the storms that accompanied the high temperature.

In Nebraska four persons met death in small tornadoes. With the heat wave, Chicago felt an increase in the mosquito scourge. Officials are directing a fight against the pests.

Public Schools Closed As Result Of Heat Wave

SPRINGFIELD, Mass., June 4.—Because of the excessive heat, all public schools in this city were ordered closed today.

Four Persons Dead In New England From Heat

BOSTON, June 4.—With the heat toll standing at four in New England, this district today was in the grip of the unprecedented heat wave which is sweeping the country. No relief from the torrid weather was in sight.

Eight Weeks' Drouth Threatens Water Supply

ATLANTA, June 4.—The eight weeks' drouth in Georgia, broken only by intermittent showers, has

Russian Baltic Fleet Ordered To Kronstadt

LONDON, June 4.—The Russian Baltic fleet has been ordered to Kronstadt where martial law has been declared, said a Central News despatch today.

DORAN SCHOOL IS AGAIN SET AFIRE

Police Searching for Pyromaniac Believed Responsible for Many Blazes in State

The second blaze within a month at the Doran street school, Doran street and Everett avenue, believed by police and fire officials to have been started by firebugs, was extinguished shortly before 11 o'clock last night, after the frame structure remaining from the first fire on May 10 had been partially destroyed.

Pyromaniacs are believed by the police to have placed oil-soaked rags beneath the stairway leading up to an attic from the southwest corner of the central court, and to have touched a match to them.

A passing motorist saw the flames leaping through the portion of the roof that was burned in the destructive blaze that practically destroyed the building last month. He drove to fire station No. 1 on Broadway and notified Captain J. D. Meyer. Water was poured on the flames for half an hour before the fire was under control.

Shortly before the department arrived at the burning building D. L. Hightower of the Fox-Woodsum Lumber Co., nearby, telephoned the police of the blaze. Fire Chief A. H. Lankford and police officials are investigating the cause of the fire. Because of its isolated location, any person who started the blaze had an opportunity to get well away from the scene of the crime before he could be detected.

Blame Pyromaniac
The first fire on May 10 caused a loss of approximately \$12,000, nearly all covered by insurance. Provision has been made in the proposed elementary school bond issue to be voted on June 16 for a new school building to replace the burned structure.

Following the original fire last month an investigation made by both local and state fire officials led them to believe that a pyro-

New Venire Of Jurors Drawn In Camp Trial

HANFORD, Cal., June 4.—A new venire of jurors was summoned today to try the four defendants in the Lee Camp "windmill" murder case. They will report tomorrow, the trial being recessed today.

DAUGHTER BORN

LOS ANGELES, June 4.—Dustin Farnum and his wife, formerly Winifred Wingston, today announced the arrival of a daughter, born May 29.

SHRINER ROBBED

LOS ANGELES, June 4.—J. L. Weaver, a visiting Shriner from Knoxville, Tennessee, was robbed of \$1000 by pickpockets today.

LATEST NEWS

PEKING STUDENTS STAGE DEMONSTRATION
LONDON, June 4.—Three thousand students staged an anti-foreign demonstration in Peking today, but guards kept them away from the legations of various countries, said a Central News dispatch.

DEMPEY READY TO MEET WINNER OF BOUT

NEW YORK, June 4.—Billy Gibson, manager of Gene Tunney, announced that he was in receipt today of a cablegram from Jack Dempsey, promising to meet the winner of the Gibbons-Tunney bout tomorrow night some time before the end of the present outdoor season.

OFFICIALS DESTROY SEIZED CLARET WINE

LOS ANGELES, June 4.—Government officers today started the destruction of 17,300 gallons of claret wine, seized during the past three months. Included in the wine was 4300 gallons said to have been manufactured illegally by Matee Ghiglia of Burbank.

MIDWEST RAINS CAUSE \$2,000,000 DAMAGE

KANSAS CITY, Mo., June 4.—The southwest will pay tribute totaling close to \$2,000,000 to the torrential rains which flooded sections of Missouri, Kansas and Oklahoma yesterday, a preliminary survey of crop and property damage indicated today, as the high water receded.

ARMORED CARS SENT TO QUELL RIOTERS

LONDON, June 4.—Armored cars were sent today to the western district of Shanghai, where Chinese had concentrated and were in control of the suburb, according to dispatches reaching here. Patrols have rescued many foreigners from attacks and there have been continual clashes in the city with rioters being killed and wounded.

STRIKERS USE STARVATION WEAPON

Shanghai's Foreign District Menaced By New Peril As 'Walkout' Grows

SHANGHAI, June 4.—Starvation appeared as a new weapon of the Chinese strikers in their campaign against all foreigners.

Strenuous efforts were made to extend the general strike to all essential services, particularly utilities, with a view to cutting off food supplies and starving out the foreign population.

A quiet which contained a greater menace than the noisy demonstrations which have been prevalent since Saturday held the city today.

With fresh re-enforcements of sailors and marines from the foreign warships in the harbor landing to cope with new outbreaks, the Chinese apparently realized that they could not hope to drive out the foreigners with violence.

The campaign of starvation promises greater danger. The city swelters under a merciless June sun. All deliveries of ice have been halted. Provisions hoarded against such emergency have started to decay. House servants who heretofore have been loyal, have been reached by the strikers' appeals, through which runs a red thread of Communist propaganda.

Meanwhile, hundreds of foreign volunteers, many of them little used to the manual labor, are working shovelling coal to keep the foreign settlement supplied with electric power and laboring in the other utility plants. The water supply has been maintained but is being menaced, as several attempts have been made to tear up the mains.

Streets that were quiet with fear and apprehension were under heavy guard of foreign forces today. Six hundred additional British sailors were landed and

(Turn to page 11, col. 1)

Chapman Gets Reprieve From Hanging To Dec. 3

HARTFORD, Conn., June 4.—Gerald Chapman was reprieved this afternoon by Governor Trumbull until December 3, 1925, to allow the completion of his appeal to the supreme court of errors. The bandit was under sentence to be hanged on June 25. He was convicted and sentenced for the murder of Policeman James J. Skelly of New Britain, Conn., in the holdup of a furniture store.

Oakland C. of C. Loses Suit On Freight Rates

WASHINGTON, June 4.—The Interstate Commerce commission today dismissed the complaint of the Oakland, Cal., Chamber of Commerce, charging that interstate class freight rates between Oakland and various destinations in California and Nevada were unreasonable or unduly prejudicial as compared with class rates between San Francisco and those points.

Posse Kills Bandit In General Store Robbery

GALESBURG, Ill., June 4.—Running into the arms of a posse who had surrounded the Brons general store at Norris, near here, early today, Clyde Duncan, 38, was killed, and Guy McCoskey, 25, was fatally wounded. Loot which they had taken from the store was recovered from their car. The posse was summoned when a burglar alarm sounded.

DIRIGIBLE TO HOP

WASHINGTON, June 4.—The dirigible Los Angeles will leave Lakehurst next Sunday morning for Minneapolis and St. Paul for the Norse-American centennial celebration, the navy department announced today. The ship will arrive Monday morning.

Bryan Takes Up Fight In Darwin Case

NASHVILLE, Tenn., June 4.—Vigorously championing the right of taxpayers of a state to dictate what shall be taught in their public schools, William Jennings Bryan, who arrived here early today, laid down the principles upon which the prosecution will base its case at the trial about July 10 of Professor J. T. Scopes, Dayton school teacher, accused of having violated the Tennessee evolution law.

In an interview with newspaper men, after a conference with associate attorneys, Bryan declared that Scopes would not be prosecuted for his individual beliefs or utterances, but because he was teaching children in the schools of the state a theory contrary to the state's law.

CITY HOST TO NUMBER OF SHRINERS

Medinah Temple Of Chicago Royally Received By Local Organization

One thousand nobles of Medinah temple of Chicago, largest Shrine organization in the world, accompanied by their wives and other members of their parties, were royally received to Glendale this morning when they made a flying motor trip over the city as guests of Lloyd H. Wilson and the Glendale Shrine club.

This afternoon the city played host to seventy-five auto loads of Kansas City Shriners, members of Ararat temple, who were shown Glendale by automobile by Glendale Shriners.

More than 100 automobiles carrying nobles of Medinah Shrine passed through the downtown section between 10 o'clock and noon. Those coming in groups made their presence known by noisy demonstrations which were returned by crowds that greeted them along the streets.

The Shriners were driven up Brand boulevard to Broadway, east on Broadway to Verdugo road, south to Colorado street, west to Central avenue, north to Kenneth road and west to Brand castle. From there they returned to Mountain avenue, then going east on Verdugo road to Montrose and Michigan avenue. The motor parties then visited Flintridge, Linda Vista and Pasadena, going via Devil's Gate dam. Throughout the trip the nobles were guests of the Glendale Shrine club.

The same route was taken by autos carrying Ararat nobles who invaded the city this afternoon.

Bureau Of Mines Now Under Commerce Office

WASHINGTON, June 4.—President Coolidge today issued an executive order transferring the bureau of mines from the interior to the commerce department. It was explained in connection that the president desired to have all governmental agencies having anything to do with business concentrated under the commerce department. The interior will retain control of leasing of mineral and oil lands.

June Rainfall Boosts Total For Southland

LOS ANGELES, June 4.—Southern California's June rainfall is over, the weather bureau declared today. Latest figures showed the storm brought Los Angeles .49 inches of moisture, giving a total of 7.87 inches for the season or 1.20 inches more than the 1924 total.

The heaviest rain was at Pomona, where .94 of an inch was registered.

Citrus crops were aided by the storm.

THREE ADULTS 5 CHILDREN VICTIMS OF SHOOTING

After Firing More Than 50 Shots, Slayer Tries To Take Own Life

By DEAN NORRIS
For International News Service.

HAMILTON, Ohio, June 4.—Crazed by the intense heat, Lloyd Russell, 42, this morning shot and killed eight persons and turned the gun upon himself, sending a bullet through one lung.

He first killed his mother, then his sister, his sister-in-law and her five children. The victims, in the order in which they apparently were shot to death were:

Mrs. Rose Russell, 60; Mrs. Emma Russell, 35; John L. Russell, 35; Julia Russell, 10; Robert Russell, 8; Grace Russell, 6; Paul Russell, 3, and Richard Russell, 3 months.

Dorothy Russell, 8, was the only member of the family to escape. She ran screaming from the house in her night gown after the first shot was fired by her uncle.

Neighbors heard the shooting and called police. By the time the officers arrived, Russell had fired fifty shots or more. Some of the bodies of his victims were punctured five or six times.

The bodies were strewn about the house. The aged mother of the crazed man was shot as she slept. Others fell dead on the floor.

When police entered the house it resembled a shambles. Russell, with one shot through his lung, exclaimed:

"Wait a minute. I want to shoot my picture off the wall."

His gun was empty, however, and the officers as they stepped into the house covered him with their revolvers.

Slayer To Recover
They took no chance on his firing again. He was weak and offered no resistance and was easily disarmed. When taken to

Important Decision Is Given In Trade Case

WASHINGTON, June 4.—Trade association decisions by the United States supreme court will do away with the necessity for further test cases on the legality of the collection and dissemination of statistics. Attorney-General Sargent indicated today.

The department of justice feels that the big question of trade association activity which has bothered several administrations, has finally been cleared by the decisions in the cement and lumber cases, in which it was ruled that the exchange of trade information is legal.

Sargent Sets Trial Of Oil Company July 14

WASHINGTON, June 4.—Trial of the Belridge Oil Co., pending in the federal court in Los Angeles, has been set for July 14. Attorney General Sargent announced today. The case involves the validity of the executive order of the late President Harding transferring control of naval oil reserve lands from the navy to the interior department.

War Secretary Shows Marked Improvement

BOSTON, June 4.—Secretary of War John W. Weeks, who has been critically sick at Phillips house, Massachusetts general hospital, following an operation for gall stones, showed marked improvement today. His recovery is now anticipated.

SUPERVISORS BALK

REDDING, Cal., June 4.—Shasta county supervisors today refused to reconsider their action in abolishing the Shasta county farm bureau despite a petition of 611 farmers favoring retention of the bureau.

\$20,000 THEFT CHARGE
LOS ANGELES, June 4.—Following a trip to New Zealand, Herbert Graves, former cashier at San Diego for the Norton, Lilly Steamship Co., was arrested here, charged with embezzling \$20,000 from the ship company.

UNEMPLOYED
CHICAGO, June 4.—Unemployment continued to grow in volume in this district during the past month. There was a 1.3 per cent falling in the number of men employed and .2 per cent in aggregate payrolls.

COMMENT by GIL A. COWAN

This is motorcar advertising day in The Glendale Evening News. It is in the automobile section that we find America's greatest industry, perhaps, almost fully represented, here as elsewhere, there being nothing more vital to everyone other than homes, schools and churches.

Motoring is beginning to have a complex of regulations, it appears from an article published in the current issue of the Rotarian. Discussing the traffic problem, Arthur Melville writes:

"An international code of traffic signals and road marks would seem to be a good starting point. It is not necessary to destroy what we have now, but it might be possible to agree on a system which should become effective, say, in celebration of the year 2000, and to work toward it by arranging our new markings to conform and gradually changing old ones. The traffic problem is no matter of signals, of course; it includes such stupendous tasks as remodeling cities to facilitate modern conveyance, coordinating various kinds of transport, and cooperation between states—ultimately between nations—not to mention incessant campaigning for the elimination of reckless drivers and equally reckless pedestrians. In such a gigantic undertaking it is obvious that anything which prevents unnecessary confusion saves time, property and lives."

Some interesting sidelights also are given by Mr. Melville on the jaywalker, parking, right-of-way and arterial traffic control in the larger cities. He points out the urgent need for more good roads, which brings us to the California situation. This state needs more highways.

Governor Richardson has seen fit to let the increased gasoline tax bill die, otherwise "pocket-vetoed" for lack of his signature to Senator Reed's measure, which would have provided an extra cent per gallon levy for new construction. The bill was "bungled," according to the governor.

But if the bill was "bungled," the writer hasn't the least hesitancy in saying the highway situation in California is being "bungled" by sectional jealousy and political potboilers. Also, there are those oil refiners, patent paying manufacturers and bond houses who want to have the lion's share of tax money.

Sheer selfishness may do irreparable injury to California's progress and prosperity unless some method of highway financing is agreed upon at once. In the meantime the counties may show their unselfishness by doing, as practically all cities have done, BUILD economical and durable pavements. They pay good dividends to the taxpayers. But they should not be built by bond issues.

Bond issues are such excellent investments that local issues sold in Los Angeles recently have been commanding unheard-of premiums. They are tax-exempt, in cases of public improvements, and investment bankers are only too glad to get them for clients. But the public should carefully consider voting bonds if the money can be obtained in another manner. This applies particularly to the construction of highways, which, in many instances, do not last the life of the bond issue. Cash markets have taught the public a lesson in recent years. A few cash improvements might show the unwisdom of paying twice the price for public funds.

WESTERN PINE BOOM
PORTLAND, Ore., June 4.—The production of thirty-four million feet of Western Pine Manufacturers' association last week was 33,355,000 feet or 14 per cent above normal. Orders totaled 23,742,000 and shipments 36,836,000.

ATWATER RESIDENTS CAUTIONED ON FIRES

Burning of Rubbish Permitted During Morning Hours; L. A. Police Report Complaints Have Been Made

A warning to discontinue the practice of burning rubbish at all hours of the day excepting from 6 to 9 o'clock in the morning was issued to residents of the Atwater district today by Los Angeles police, who said that a number of complaints had been made to the department in recent weeks.

The city ordinance governing the disposal of rubbish permits bonfires between the hours of 6 and 9 o'clock in the morning only. All forms of outside burning is prohibited, whether an incinerator is used or not, at other times. Prosecution under the terms of the ordinance will result if out-of-hours burning is continually indulged in, the police said.

Plan Business Block

A new business block for the northeast corner of Los Feliz boulevard and Garden avenue was announced today when plans for a two-story fireproof structure to include store rooms and apartments were announced. W. H. Marsh, formerly a resident of the Atwater district and now living at Cincinnati, Ohio, will build the building. No date for commencement of the work has been set as yet. The contract has not been let.

Sacramental Wine Taken

An investigation into two recent "raids" on the sacramental wine supply of the Neighborhood Christian church, was in progress today, according to officials of the church, who said that they believe they know the guilty parties.

Wine from the church was stolen several weeks ago and the performance repeated last Sunday. Discovery of the second "raid" spurred the church officials to action.

Contribution For Bell

An additional fund drive to raise sufficient money to complete payment on the new bell will be conducted by men of the Christian church. Clayton S. Decker is in charge of funds for the bell. He today invited contributions to the fund which can be made in person at his realty office at Los Feliz and Glenfeliz boulevards or mailed to Mr. Decker or Rev. J. W. Utter, pastor.

Personals From District

Mr. and Mrs. George Kepner and Mr. and Mrs. Gus Nelson, all of Valleybrink road, returned yesterday from a two-month tour of the San Francisco bay district, where they appeared in vaudeville productions. They made the trip by auto.

H. O. Lewis, Atwater contractor, will leave next week for Seattle, Wash., where he will spend several weeks.

Mr. and Mrs. Carl Christianson, who recently sold their home on Valleybrink road, will reside at 3233 Garden avenue. Mrs. Christianson will spend next week at San Bernardino, where her husband is engaged in construction of a number of residences.

A. E. Lucius has taken a position with the French Electric Dry Cleaners in Glendale.

Dr. E. A. Frink, owner of the Los Feliz Coat and Dog hospital, announced the purchase of property on Hollywood avenue.

BURBANK NEWS

BURBANK, June 4.—Ed A. Rhoades, Burbank taxi driver, has been sentenced to thirty days in the county jail and to pay a fine of \$750, on a charge of transporting liquor. Emilio Ramollis and Pasqual Carrillo of Glendale were fined \$50 each for transportation. Oscar Swanson left this week for Sweden to take possession of a large estate bequeathed him by his parents. He was a guest of honor at a beach party given by Burbank friends at Long Beach as a farewell event. Swanson plans to return shortly after he has settled the Swedish estate.

Election of officers of the High School Parent-Teacher association of Burbank will be held June 10. The nominating committee is Mrs. E. H. Harding, Mrs. Pomeroy and Principal Moore.

Preparations are being made for the annual banquet of the Burbank Women's club, when the "club husbands" will be entertained.

Representatives of the Business and Professional Women's club have been invited to attend a dinner in honor of Mrs. Florence Kelly, general secretary of the National Consumers' league since its foundation in 1899, and one of the leading economists of the country, who is here from Washington, D. C., to spend the week. The Burbank public library will remain open from 2 until 9 o'clock every day except Sunday, after July 1, it has been announced. The budget for the next fiscal year goes into effect at that time.

California Girl Stars Orpheum Next Week

Roberta Arnold, recently of "The First Year" and "The Tantrum," and who will be seen next week at the Orpheum theatre in "The First Anniversary," is an actress unique in her profession. Miss Arnold is a California girl who has had a series of Broadway successes. Morosco took her to New York in "Upstairs and Down," after which she played in "Lombardi, Ltd.," "Adam and

TUJUNGA NOTES

TUJUNGA, June 4.—At the last meeting of the City Council, notice was given of intention to circulate a petition for annexation to the city of Tujunga, of a tract of land covering a portion of the Verdugo Hills, south of the city of Tujunga to Burbank line, and extending west to the city limits of Los Angeles.

This territory is included in a petition for annexation of the Verdugo Hills to the city of Glendale. Therefore, the matter of calling an election for annexation of the territory to either Glendale or Tujunga depends upon technicalities. There are but a few voters in the territory covered by petition. Thirty days are allowed for circulation of petition, when the question of setting date for election will be determined.

The regular meeting of the Tujunga Women's club was held Thursday, May 28. Mrs. Ida Matheson of Sunland, who has spent twenty-two years in Alaska, gave an interesting talk on conditions, climate and industries of the different sections of Alaska. Mrs. Minnie Dunn favored the meeting with two piano selections from Chopin. Mrs. Kindler gave a report of the state convention of California Federation of Women's Clubs held in Santa Cruz which she and Mrs. Maggie Keutz had attended as representatives from the Tujunga Women's club.

The next regular meeting of the Women's club will be held Thursday, June 11. Mrs. Dora Warnick, program chairman, is arranging a program for that day.

Mrs. Edith Jelenek of the Tujunga Women's club has accepted the guardianship of the Campfire Girls of Tujunga. Wednesday afternoon, May 27, Mrs. Jelenek, assisted by Mrs. Minnie Pratt, entertained the Campfire Girls at her home, corner Pine and Greeley streets, from 5 to 7 o'clock.

Outdoor games were played until 6 o'clock, when the girls gathered around a campfire for a ceremonial meeting, which was presided over by Miss Dods of the Tujunga school. Miss Dods introduced Mrs. Jelenek to the girls as their future guardian. The latter, gathered about their campfire at the close of the day, made a very picturesque scene. "Wienies" were roasted, potato salad, rolls and cocoa served, and marshmallows toasted. Campfire girls present were: Ruth Allen, Irene Plinson, Ruth Warner, Ruth Nutsford, Sybil Stewart, Grace Ensign, Eldra Sisney, Florence Kent, Ora Jacobs, Ellen Kent, Wilma Weidenfeller, Sylvia Kelly. Guests present were: Dorothy Ensign, Patricia Gore, Ruth Van Platen.

The American Legion Post is actively engaged in raising its quota of the \$5,000,000 endowment fund of the American legion to be used in supplementing the work of the United States government, especially for the benefit of soldiers' orphans. Commander Scribner spoke at the Kiwanis luncheon last Friday in regard to the matter of the drive, explaining its purpose, and the manner in which the money is to be used. The women of the American Legion Auxiliary are assisting in raising the funds. They have made 1200 poppies for sale during poppy week. The women this year purchased the material and made the poppies themselves, thus making quite a saving. The proceeds, when the poppies are sold, will amount to considerable, half of which will be contributed to the Legion endowment fund, the balance to be appropriated to national and local relief work.

The Kiwanis club has been fortunate in securing good speakers at its Friday noon luncheons. On May 23, A. I. Stewart, general manager of the Safeway Stores, gave an address on business methods. Last week, the program was a memorial one. This week, Friday, June 5, the Kiwanians will attend the Glendale Kiwanian meeting, which is also held on Friday.

A number of Tujunga Kiwanians and their wives attended the charter night banquet of the Montrose-La Crescenta club, May 23. The monthly meeting of the Brotherhood of the Tujunga Community church was held Wednesday night, May 20, at which J. B. Adams of Glendale, a former Chautauqua lecturer, gave an interesting address on "The Magic of Music," contrasting the effects of jazz and good music. The Brotherhood plan to have its next meeting an open one for both men and women.

People of Germany ate nearly 90,000,000 pounds of American prunes in 1924.

Eva, "The First Year," "Chicken Feed" and "The Tantrum." Managers and the public have insisted she play roles portraying a wholesome American wife. Miss Arnold has steadfastly refused to play any other part. And she shuns revivals. She says she is doomed to glorify sensible American wifehood.

IN SOUTHLAND

By Southland News Service.
NO LAND TAX SALES
SANTA BARBARA, June 4.—No Santa Barbara county lands will be sold this year for taxes, County Collector H. C. Sweetser announces. All of the delinquencies of five years ago have been paid up, a record which is unusual in the history of California counties.

COUNTY GETS PARK LAND
SANTA BARBARA, June 4.—Forest Supervisor Chester Jordan and the county board of supervisors have come to an agreement on three tracts of Santa Barbara forest land which will be developed as parks for the public. In return the county officials voted \$5000 to the forest department for building trails.

LEWIS CREDITORS MEET
SANTA BARBARA, June 4.—A special session of the creditors of E. G. Lewis is being held today. W. P. Butcher, Jr., having called them together to approve the sale of Lewis' oil lands in Kern county. Opposition to this has arisen because of several producing wells recently having been brought in on adjacent property.

BOYS TOOK JOYRIDES
RIVERSIDE, June 4.—Five boys, ranging in age from 10 to 14 years, are under arrest here for the alleged theft of several motor cars, both in this city and San Bernardino. The youngsters are alleged to have taken the machines for joyrides to the neighboring town and in turn brought back other cars, causing their owners no little uneasiness.

CITY PAYROLL HELD UP
SAN BERNARDINO, June 4.—The civil service commission here succeeded in holding up the city payroll for last month until all salaries were approved by it and shortly an examination will be held to determine the efficiency of the various employees. It was declared by Dr. M. Lestrangle, chairman.

100 OIL RIGS IN NEW FIELD
SANTA ANA, June 4.—The Rosenberg Oil Co. has announced that it has contracts to drill 100 wells in the Costa Mesa field of Orange county. Other wells will be started soon in this new discovery district.

BAN TENTS ON BEACH
HUNTINGTON BEACH, June 4.—The City Council has instructed the city attorney to draft an ordinance prohibiting the use of closed tents on the municipal beach by campers; another provision will make unlawful dressing for bathing in a motorcar.

RODEO AT PRADO
SANTA ANA, June 4.—A wild west rodeo will be held at Prado, in Santa Ana canyon, Friday, Saturday and Sunday. It is announced. Pola Burdette of San Diego will lead a group of cowgirls in fancy and trick riding while the cowboys will do their usual stunts of roping and Roman riding.

BRYAN TO RETIRE
JACKSON, Mich., June 4.—Greeted by old friends here, William J. Bryan confided to them that he seriously considered retiring from the platform. "After thirty years before the public, it becomes expedient that I use my pen instead of my tongue. It is altogether probable that I shall leave my arguments in black and white for future generations, providing what I have to say is worthy of living after me," the Commoner said.

TWO HURT IN BRAWL
LOS ANGELES, June 4.—Arthur Redman and Michael Hector were reported dying here, following what police described as a "home brew party." The officers sought a man known only as "Big Ben," accused of stabbing the two men in a brawl.

Duci de Kerekjarto brings to Los Angeles music lovers his beautiful violin music. Jane and Katherine Lee will be on the bill, as will be Lillian Faulkner and her marionette show. Jack Hanley will be seen in "Hokum," while the Burns brothers are society athletes of high order.

Marian Harris will be held over for a second week with her "blue" songs. Topics of the Day and the weekly newswire finish out an "all-headliner" program.

Washing machines of American make are being used abroad.

'MURDER MYSTERY'

LOS ANGELES, June 4.—Hollywood's latest "murder mystery," reported to the police by a motorist, who said he saw two men pick up the body of a third man, throw it in an automobile and drive rapidly away with it. Sunday night, was explained to police today by C. P. Mandaville, 5417 North Delaware street, Eagle Rock. Mandaville said he was the "victim" of the mysterious incident, but that he was beaten and robbed of \$344 in jewelry and cash by two thugs, instead of being murdered, as the police at first believed.

TOMATOES ON WAY

ATLANTA, June 4.—South Georgia truck growers now are shipping tomatoes in carlots. The crop will be larger than in 1924, and prices are better.

Do You Know—

That there are 1100 children in Glendale who are able to attend school but half time each day on account of the crowded condition of the elementary schools.

In Addition

There are approximately 800 children attending school in temporary quarters.

FINALISTS IN ELSTEDDFOD ARE READY

Opening Events For Local District To Be Contested Next Saturday

Virtually all of the winners of the Glendale district Elsteddfod contests in music, drama and dancing have entered for the final round of the contest. The contests will be held in the Tuesday afternoon clubhouse of the state, meeting in Glendale next week. It is expected that Glendale district, competing with winners from Burbank, Eagle Rock and Glendale, will take first place in many contests.

Members of the committee now are busy on the final arrangements for the program, which will open Saturday afternoon, when violin competition will be held in the Tuesday afternoon clubhouse and piano contestants will play in the Van Grove studios. The contests will continue throughout next week, ending Saturday night with a final program. Complete programs of the week's events may be secured from the local headquarters, Glendale Community Service, 150 South Brand boulevard.

Glendale district will open the week of programs with a luncheon in the Tuesday afternoon clubhouse, Lexington at Central avenue, at 12:15 o'clock, Saturday, when members of the general Elsteddfod committee will be present. A brief musical program will be presented and Elsteddfod officials will be introduced.

Women's Osteopathic Club Members Meet

Dr. Caroline Paine of 525 North Kenwood street, assisted by Dr. Leah Purkett of 102 West California avenue, arranged the meeting Tuesday night at the Tuesday afternoon clubhouse of the Women's Osteopathic club of Los Angeles. Fifty members and guests were present. Dr. Paine introduced the club's new president, Dr. Laura J. Nelson of Hollywood, as guest of honor. Present from Glendale were Dr. and Mrs. Joseph Marple, Dr. and Mrs. J. E. Eckles, Dr. and Mrs. Bion S. Warner, Dr. and Mrs. Edward Abbott, Dr. and Mrs. J. J. Otey, Dr. Biddle, Dr. Leah Purkett, Dr. Anna Joseph, Dr. Rittenhouse, Mr. Rittenhouse.

Presenting the program were Miss Frances Payne, violinist; Mrs. Rena Cranston Borchard, whistler; Mrs. Max Green, reader; Miss Tilda Rohr, Swiss contralto; Baroness Otilly de Ropp. Accompanists were Mrs. Hazel Kendall Potts and Mrs. Lyons.

Hotel Chief

O. S. WATTS, experienced hotel man, who will manage the new Hotel Glendale, Broadway and Glendale avenue. The hotel will open on or about July 1. There will be a public reception.

Formal opening of the Hotel Glendale on or about July 1 and the appointment of O. S. Watts as manager of the hotel were announced today by C. W. Ingledue, president of the Hotel Glendale, Inc.

Furnishing and equipment of the new six-story structure at Broadway and Glendale avenue will be completed in time to permit the opening of the hotel about July 1. Installation of furnishings will commence within a week, Mr. Ingledue said.

Manager Watts is a well-known hotel man in Southern California, having been connected with the Green and Maryland in Pasadena, Engstrom apartments, Los Angeles Athletic club, Hotel West and other large hotel concerns. For the past two years he has served as manager for the Foote Hotel system, operating the Hotels Commodore, Witmore and Senator in Los Angeles.

A formal reception, to which all of Glendale will be invited, will mark the opening of the new hotel. Detailed plans for the opening will not be announced until later, Mr. Ingledue said.

The Hotel Glendale will have commercial shops on the street floor. The second, third and fourth floors will be occupied by forty-five apartments for light housekeeping. On the fifth and sixth floors will be sixty-two guest rooms, equipped en suite, with or without bath.

Direct private telephone service is installed in each apartment. Guest rooms will be connected through a private exchange, the largest in the city of Glendale. Two fast electric elevators will operate from the basement to the sixth floor. Service throughout the

JUNE RAINFALL CERTAINLY 'UNUSUAL'

Here Are Official Figures For Shriners And Others To Read And Weep

Evidence to offer Shriners and other visitors in the Southland that yesterday's rain was truly unusual for this time of the year is found in rain records kept by H. E. Bartlett, observer, of 333 West Broadway.

Mr. Bartlett's records, kept since 1909, show that yesterday's storm resulting in .39 of an inch being added to the seasonal record, making it 11.01 inches. Has been surpassed by only one June. That was on June 26, 1913, when .56 of an inch of rain fell.

On June 7, 1914, there was .15 of an inch received in Glendale. Only a trace is recorded for June 30, 1915, and a trace for June 10, 1918. June 1, 1922, records show .04 of an inch fell, and on June 15, 1923, .10 of an inch was recorded. One year ago today the seasonal record stood at 8.75 inches.

Douslins Return After Extended Trip Abroad

Mr. and Mrs. H. B. Douslin of 1620 Hillside drive, Verdugo Woodlands, returned Saturday from an eight-months trip to Australia, New Zealand, British Isles, Fiji Islands and Honolulu. They spent most of their time at their 500-acre estate and home at Lake Rotuna, New Zealand and visited the large cities and points of interest in the other countries through which they traveled. They returned from Honolulu on the steamship carrying the Shriners from Honolulu.

Kansas Shriners Will Hold Picnic On Sunday

The Abdallah Shrine delegation from Leavenworth, Kan.; Frank J. Ryan, secretary of state of Kansas, and other prominent Kansans, are to be special guests Sunday, June 7, at the reunion and picnic in sections K and L at Brookside park, Pasadena.

POLICE FUND GROWS

The Glendale Police Officers' Relief association fund was made richer today by \$2.73 believed to have been stolen from milk bottles. Five boys were arrested last February 23 on a charge of stealing small sums of money left in milk bottles on front porches. Owners of the cash were never discovered. No claim for the money was made, and today Chief of Police John D. Fraser authorized the placing of the cash in the police relief fund.

CASH BOX STOLEN

A cash box, apparently stolen from a local business house, was turned over to Captain Loving of the police department today by a Pacific Electric bus driver who found it on Pacific avenue last evening. The lock had been broken and the lid pried off. After the contents had been removed the box was apparently thrown away by the burglars.

SPEEDER JAILED

Harry Eurt, 3511 Marguerite street, Los Angeles, was sentenced today by Police Judge F. H. Lowe to five days in the county jail for failure to appear in court after his arrest several weeks ago on a charge of speeding.

STATUTORY CHARGE

Henry Leighty, 1145 Thompson street, is scheduled to appear this afternoon before Police Judge F. H. Lowe for hearing on a statutory charge. Leighty is being held in the county jail in lieu of \$3000 cash bail or \$6000 property bond.

Weather Most 'Unusual' This Time of Year!

Sunny Southern California's Joke On Shriners Brings Forth Series Of Stunts

By ALMA LIKA
By Southland News Service.

LOS ANGELES, June 4.—There was some hint that it would be a wet week in Los Angeles while the Shriners were here, but who thought it would rain!

Not once, not twice, but several times in the last thirty-six hours old Jupiter Pluvius had wept for joy, albeit a joke on Sunny Southern California.

In thirty years such a weeping of the skies in June has not been known, yet it only goes to prove that Los Angeles has variety in climate.

"Yes, We Have No Umbrellas" is the song sung by the chanters. "It Ain't Gonna Rain No More" is the tune of the bands in every hotel.

San Francisco's El Medinah temple hung out the family wash between the eleventh floors of the Rosslyn hotel and its annex at Fifth and Main streets. That clothesline will be famous in history for a choice assortment of long underwear, teddy bears and other lingerie. Mooslah temple nobles from Fort Worth were equal to the occasion. They donned bathing suits and caps. Denver nobles fished in Broadway and caught a bologna; Des Moines nobles bought out a stock of toy boats and tied up street cars sailing their prizes in puddles where paving destroyers had left their work undone; but it took the Boston boys to trot out a flock of ducks and let them waddle around town. Florida nobles added water wings to their attire.

And when it didn't rain enough to suit the hilarious nobles in their hotel rooms, they poured pitchers and pails of water down

upon the crowds. Gleaners, soft drink parlors, cafe men and haberdasheries selling raincoats and umbrellas fell heir to much business.

The receiving hospital is holding open house for victims of sunstroke. Thus the parade goes on, despite Col. H. B. Hersey's forebodings. Nobles in line at 7 p. m. The million dollar motion picture pageant at 8 p. m. Allah must see!

FORESTERS TO MEET
O. E. Cody, chief ranger of Glendale court of Independent Order of Foresters, announces a business meeting at 8 o'clock Friday night in the Odd Fellows' hall, 200 West Broadway.

NORTH TEXAS WHEAT
FORT WORTH, June 4.—What is believed to be the first wheat harvested in North Texas this season was cut this week, and yielded about twenty-five bushels to the acre.

Glendale Fire Losses in May Total \$27,035

Fire losses in Glendale during May totaled 45 cents per capita, with a total loss of \$27,035 on property and contents at risk totaling \$131,900, according to the monthly report of Fire Chief A. H. Lankford.

Three fires occurred from unknown causes. Others were started by defective wiring, burning trash, hot air furnace, gas plate, spontaneous combustion, defective boiler regulator and food left to cook. During the month 930 buildings in Glendale were inspected and twelve notices were given to correct fire hazards.

During the month 4700 feet of hose were laid at blazes and forty-three gallons of chemical were used.

The fire loss per capita during May was the largest for 1925. During April the loss totaled only .0054 cents per capita; in March, .35 cents; and in February .00483 cents per capita.

Eastern Stars Host To Shriners And Wives

Shriners and their wives entertained Tuesday afternoon at Palestine temple, corner of Forty-first and South Figueroa streets, Los Angeles by the Salt Lake order of Eastern Star club of Southern California. Mrs. Nellie C. Jennings of Glendale and worthy matron of Glendale chapter, No. 422, Order of Eastern Star, is president of the club. Mrs. Evelyn G. Pierce, and Mrs. Lillian Wilkinson, well known Glendale entertainers appeared on the program.

Mrs. Pierce gave readings and Mrs. Wilkinson sang vocal numbers. Other Glendale women attending were: Mrs. T. H. Hudson, and Mrs. Ray Watrous. Members of the Salt Lake order of Eastern Star club acted on the reception committee at an affair given Monday night by the Los Angeles Masonic club at a Los Angeles cafe.

'DRY' CHARGES

SAWTELLE, Cal., June 4.—Four men and a woman were arrested here, charged with bootlegging liquors to inmates of the soldiers' home.

REALTORS WILL BOOST CITY AT MEET

Local Delegates To Detroit At National Convention To Carry Souvenirs

Glendale Realty board delegates to the National Real Estate convention at Detroit will carry with them to the eastern city an attractive booster souvenir of Glendale, to be distributed to delegates from every state in the Union.

The souvenir will be in the form of a small card, artistically decorated on the front side with the official seal of the Glendale Realty board, printed in two colors on a background of gold.

On the reverse side of the card will be the legend "The United States census shows Glendale to be the fastest growing city in America." Below this will be charted the story of Glendale's growth, as told by building permits and population figures.

The population is shown to have been 2742 in 1910, 13,356 in 1920 and 60,000 in 1925.

Building figures for 1920, when permits totaled \$3,136,664; for 1922, when they amounted to \$6,305,971, and for 1924, when a handsome total of \$10,169,761 was reached, will also be charted. William L. Truitt and Peter Hanson are the Glendale delegates.

AUXILIARY PLANS

A report of the monthly meeting of the County Council, American Legion Auxiliaries will be given tomorrow night at 8 o'clock at the meeting of Glendale American Legion Auxiliary at the home of Mrs. E. W. W. Hayward at 307 North Kenwood street. Mesdames Walter Richards and James F. McBryde will be hostesses.

CALLED TO COLORADO

Mrs. J. F. Lilly of 332 North Jackson street left yesterday for Colorado Springs, Colorado, where she was called by the serious illness of her father, Robert Waugh.

Income Taxes On Installment Due Next Week

Income tax bills for the second quarterly payment, which is due on or before June 15, were sent out by Collector of Internal Revenue Rex B. Goodcell today to more than 100,000 Southern California taxpayers who are paying their taxes on the installment plan.

Bills were mailed to the addresses given by taxpayers in their last income returns. Those who have moved since filing their reports will not be relieved from liability because of failure to receive bills, as the law provides that they shall be sent to the last given address of the taxpayer.

Collector Goodcell explained that taxpayers who paid one-half of their tax on March 15 may skip the June payment if they so desire, but he advised that where it is possible, taxpayers should by June 15 pay the balance due the government, thereby cleaning up their account and eliminating a lot of unnecessary trouble not only for themselves but for the government.

Glendale Women Will Attend Club Meeting

Representatives from the Republican Women's Study club of Glendale, will attend the meeting June 23 at the Alexandria hotel, for the purpose of making permanent the Republican Women's Federation of California, launched as a temporary organization last January. Reports state that thirty new clubs, with an approximate membership of 2000 have been formed during the past four months in Southern California. Mrs. O. P. Clark, national committeewoman from California, is president of the federation. Mrs. Ella W. Richardson, president of the Glendale club, is prominent in the organization.

UNIVERSITY PLANS

PHILADELPHIA, June 4.—Ground will be broken at the University of Pennsylvania immediately after commencement for a new \$1,000,000 laboratory of anatomy and biochemistry.

NEW OFFICERS INSTALLED BY D. A. R.

Local Chapter To Mark Site Where General Pico Camped On Ranch

The site on the Verdugo Rancho where it is claimed General Andres Pico camped for several days in 1847, before his surrender to General John C. Fremont, is to be designated as one of California's historical spots by a fitting marker, to be erected this coming fall near the old adobe in the exclusive modern subdivision, Verdugo Woodlands, by General Richard Gridley chapter. Daughters of the American Revolution.

Tentative plans for marking this site were revealed at the annual luncheon of the chapter, held yesterday at the Tuesday afternoon clubhouse. Eighty members and guests listened with interest to these plans, revealed by Miss Ida D. Myers, regent, and Mrs. E. M. Kennedy, historian.

The luncheon proved one of the most brilliant affairs in the history of the organization. Mrs. Jesse Shreve of San Diego, state vice-regent, was honored guest and installed officers-elect. Other guests were representatives of local patriotic organizations, and friends of members.

Ritual Is Read

Luncheon tables, bright with flowers in red, white and blue, small American flags and blue favor baskets, were arranged in the banquet hall. Miss Myers presided over the honor table.

Preceding the luncheon the ritual of the chapter, written by the late Mary Howard Gridley Braly, organizing and life regent of the chapter, was read. Mrs. F. A. Field presided at the piano.

Upon her introduction, Mrs. Shreve congratulated Miss Myers and chapter members on the development of the organization, and told of the high praise given the chapter by state and national officers. During her talk she mentioned three important resolutions acted upon at the recent continental congress in Washington.

Never mortgages tomorrow's success to today's delays.
Does not confuse busy-ness with business.
Makes a better employee than the brilliant man.
Soon learns how to eliminate the non-essentials.

OUR DEBTORS

Believing that the problem of our foreign debts stands in the way of a lasting international peace and the economic security of the world, the Literary Digest has asked the opinion of leaders in business, finance, labor, politics and education what course America should pursue toward these debtor nations. The replies show a strong sentiment for strictly holding the nations to their agreements, with leniency regarding the terms of payment.

Some believe that cancellation would be a measure of political justice and business policy; that the only way this money could be secured would be by way of heavier taxation on the agricultural and industrial workers, and that might be the powder fuse that would blow the present European governments to pieces; that some of the nations are taking their first steps in democracy and we should help them; that if the allies had not succeeded in stemming the tide of Teutonic invasion until our entrance into the war we should now be paying tribute equal, if not greater than, the present European indebtedness to us; that our agricultural return to normalcy is based somewhat on European ability to purchase from us and pay for her needs, and any action tending to destroy this ability will have its reflex on our agricultural situation; that our economic position was enormously strengthened by the war, while many of the European countries were all but ruined economically.

On the other hand, many see in these debts a weapon for enforcing peace. Many believe that our liberality would not be applied to reconstruction, but to preparation for further wars; that rigid enforcement should be required of any nation where militaristic tendencies prevail; that one result of making the debtor nations understand that debts must be paid will be a rapid subsidence of war preparations; that a benignant attitude toward a debtor is not best expressed by loose book-keeping; that these debtors have solemnly given their word as sovereign nations that they will pay their obligations and that repudiation on their part or cancellation on ours would be a grave reflection upon the honor and integrity of these nations; that not to maintain the obligations of the debtor nations would be to weaken the fundamental structure upon which contracts and obligations of all kinds are based.

Some believe the debts should be dealt with separately. Others think they should be considered only as a part of a general scheme of international, financial and economic reconstruction and that we should apply to the debts the principle of the Dawes plan, making the demand for payment proportional to the country's ability to pay. Still others believe the matter is safe in the hands of the president.

FRANCE SORE BESET

The world must sympathize with France, even though she has brought many of her troubles upon herself. Beset at home by those who are fighting high taxes, facing the overthrow of the present government, trying to quell an uprising of the Riff tribesmen in Morocco, and constantly facing the spectre of a German "come-back," France does not know which way to turn.

France claims the German situation is due to allied bungling. The German nation is keeping itself armed and insisting upon equal treatment with other nations in the matter of disarmament. France thinks that Germany, defeated and convicted cause of the war, should have been forced to disarm first. France refuses to disarm or withdraw from Germany until Germany is disarmed and forced to give some assurance other than its word of its good faith in making reparations payments, and for this France can scarcely be blamed. Germany says if the League of Nations is to operate at all, Germany must be in the league and on an equality with other nations. France refuses and resents equality with Germany in anything, and who can blame her overmuch?

The war was primarily a war between France and Germany. Conditions that existed between the two countries for years were largely the cause of the war. It became a world war only when it became apparent that if Germany conquered France and Belgium the next step would be for that country to enslave and dominate the world. The whole affair originated in the age-old quarrels between France and Germany, and the rest of the world was drawn into the conflict through no fault of its own. If the United States and Canada should engage in war it would hardly be expected that the nations of Europe would come to our aid until it became necessary to protect their own interests. It would be our own affair, just as the World War was the affair of France and Germany until the latter country tried to rule the seas.

Even though France may have been equally guilty with Germany in starting the war, which we do not believe, and even though she has bungled in her method of handling her affairs since the war, she has suffered much, and we can only be heartily sorry for her people.

YOUTH AND AGE

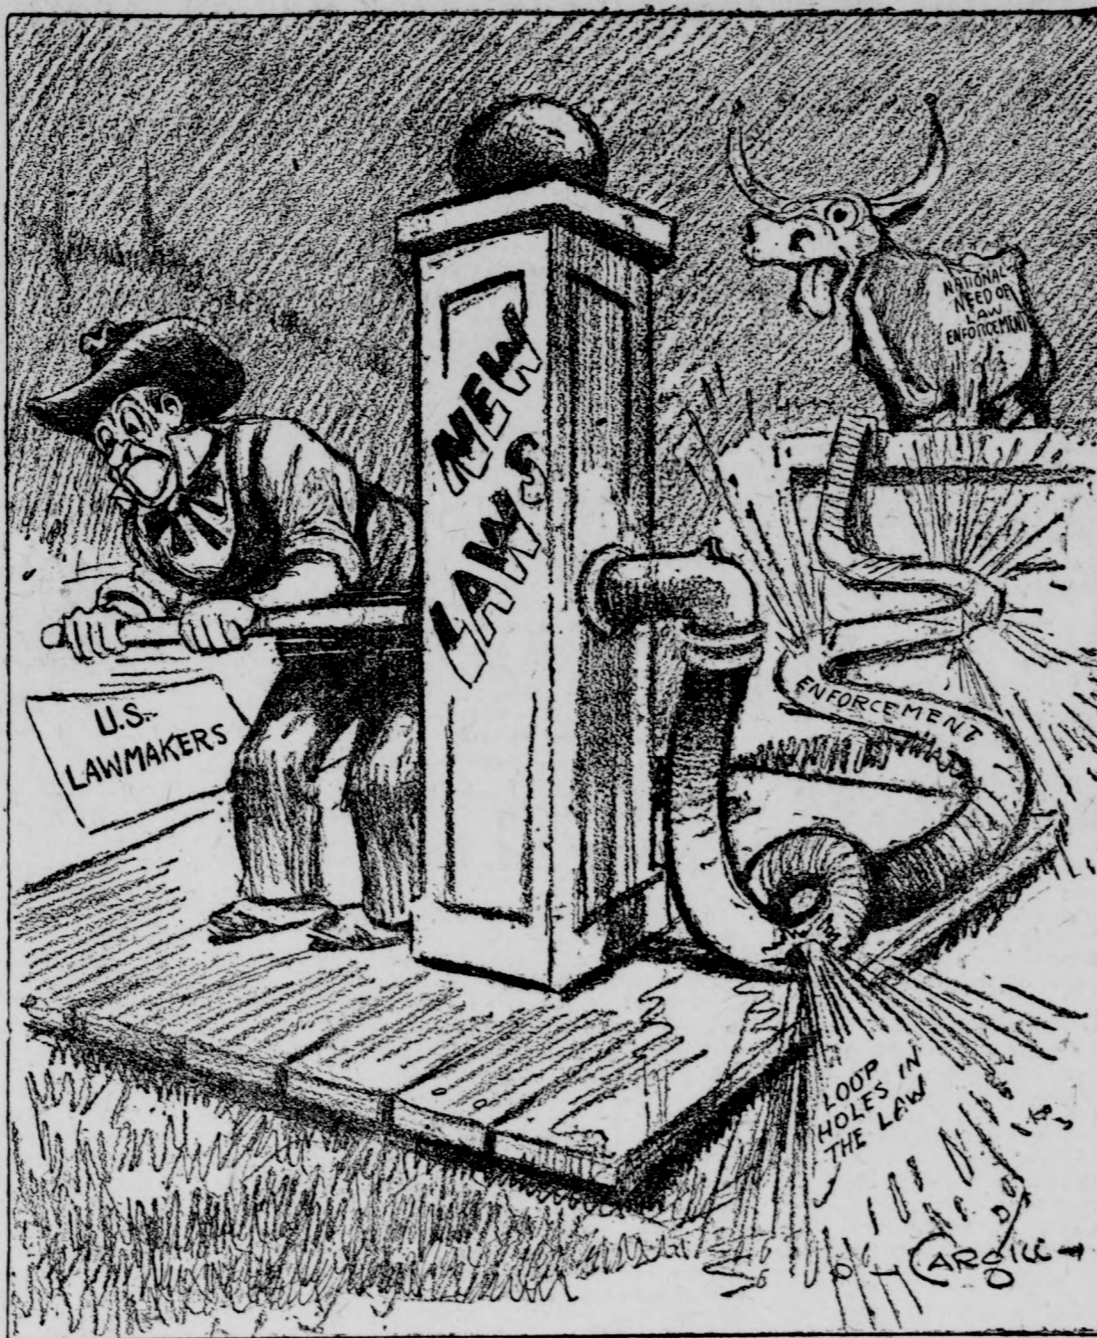

Someone explains the difference between youth and age in this way: Youth looks upon the world as it should be; age sees it as it is. Times change and we change with them. With the years dreams fade and realities become clearer. Few remain dreamers and reformers to the end of their days unless they die young, for their vision changes as the years pass.

The enthusiasts of the world are nearly always young. But time changes optimism to conservatism, enthusiasm to patience and tolerance, immaturity and cocksureness to wisdom and judgment. Youth feels competent to give advice. When we have grown old enough to give wise counsel we distrust our judgment too much to do so, for we have learned how fallible we are.

It is hard for youth and age to understand each other. If youth could give some of its enthusiasm to age and accept in return patience and full-rounded judgment, the world would be the winner.

The League of Nations has just refused Austria a loan. But then there is still Uncle Sam to fall back on.

THE SYSTEM IS FINE BUT THE EQUIPMENT IS ROTTEN!

The Metric System

By DR. FRANK CRANE

It is to be wondered how many people know that there are only two nations in the world that have not adopted the metric system.

These two nations are Great Britain and the United States.

In some respects the United States and Great Britain are the most advanced of peoples. Their intelligence ranks high and their enterprise and adventure are great.

It is remarkable, therefore, that these are the only two nations that have refused to adopt a system that has every argument of uniformity in its favor.

The metric system is now used almost entirely in science, including physics, chemistry, dietetics, and so on.

It is in use exclusively in many hospitals. Many factories make use of it, such as the Waltham Watch Co., the Goodyear Tire and Rubber Co., the Bakelite Corporation, the De Laval Separator Co., and others. It is used in the jewelry industry, and also the optical industry.

It is employed by athletes in preparing for the Olympic games.

It is used to measure the wave lengths in radio. There is no particular reason why it should

not be used everywhere except that it is opposed by our antiquated customs.

We have been steadily overcoming this reactionism, as the metric system of weights and measures was made legal in 1866 by Congress, and since then it has been employed in coinage and in medical work in the army and navy; also in the public health service.

Science is one of the kingdoms that knows no boundaries. Measurements ought to be the same, whether in Timbuctoo or New York, and it is hard to find anybody outside of Great Britain that still contends that there is any use in holding on to the old system of pounds, shillings and pence. Our system of pounds, ounces and grams, is almost as senseless as the money system of Great Britain.

It makes no difference what the basis of a system is, or whether the meter is accurate or not. The point is to get hold of some system that people can use in all countries.

It looks as if, since the experience of mankind has made fifty-four or fifty-five nations adopt this system and only two stand out against it, it is a pretty clear case that the system is practical.

The Best of Advice

By CLARK KINNAIRD

We are pleased to call ourselves enlightened, and this an Enlightened Age, but few of us, no matter how rational, are not given up to superstition.

We have our lucky coins, our unlucky Fridays and our wishbones.

We have our palm-readers and our crystal gazers, our birth omens and wedding omens.

We still cast a bit of salt over the shoulder, still pick up a fallen horseshoe, still have our delusions concerning broken mirrors, black cats, and unlucky thirteens.

Few of us take the pains to study the origin of our cherished convictions; indeed, we have a natural repugnance to so doing. We like to continue to believe what we have been accustomed to accept as true, and the resentment aroused when doubt is cast upon any of our assumptions leads us to seek every manner of excuse for clinging to them.

It is suggested that one reason why superstition has not yet died out among lettered and intelligent people is because it is contagious. Children brought up in an atmosphere of credulity rarely rise above it.

In colonial days in Salem even the learned professors and lawyers believed in witchcraft. Cotton Mather took an active part in the witchcraft persecutions. The great Blackstone, on whose teachings England's law and our own are based, openly declared that witches existed and that he believed they caused evil.

Other great men have been slaves of superstition. Sir Walter Scott, for instance, would not visit Melrose Abbey at night because of superstitious dread of bogies and ghosts. Napoleon had a horror of black cats. Peter the Great would not cross bridges because of a superstitious fear.

Ever since the beginning of time, says Hendrik Van Loon, man has run to, crystal gazers, and fortune tellers and soothsayers and necromancers to get information about events of the immediate future.

He is doing it today. Look through the advertising pages of daily newspapers in the larger cities. Spook doctors offer their services to bereaved parents and to ruined business men. Yogis, with and without turbans, are ready to tell the smitten girl just what sort of husband the handsome young man will make.

After all, the savage is very close to us indeed.

Timely Views

The man who was America's unofficial observer on the reparations commission advocates that the United States apply the Dawes plan, put into operation by the commission, to itself. He declares that the political leaders have been reluctant to advise "the American voter to take the medicine they prescribe for France."

Said Boyden in a recent address:

"The Dawes report is a report which the American government and all of us Americans unofficially have urged the allies to accept. That plan was partly formulated by Americans. It bears the name of an American. It was regarded as a political asset in the last campaign by one of the great parties, and it is now to be administered largely by Americans. We Americans have done everything that we could for the Dawes plan except to accept it ourselves. But the Dawes plan is just as well fitted for our own use as for the allies. We delude ourselves when we fail to see this.

If wishes could get reparations from Germany, the reparations bill would have been paid long ago; but the French wish, expressed insistently, officially and unofficially, and even the attempt to realize the wish by force, were powerless in the face of economic principles and practical facts. This is why the Dawes plan finally was allowed to substitute economic principles for the wishes, which up to that time had dominated political action.

"The United States has in the same way confined itself to wishing. Its political leaders have confined themselves to expressing this wish, without explaining to the public the economic principles and practical facts which make the wish impossible of realization. They have kindly explained these principles and facts to the French, and in the most friendly way have urged France to be sensible and to yield to the inevitable, and to adopt the Dawes plan; but they have been reluctant to advise the American voters to take the medicine they prescribe for France."

Paving for Beaumont Road Well Under Way

Work on the paving of the Redlands-Beaumont road between the San Bernardino county line and Beaumont is well under way, according to recent reports from the touring department of the National Automobile club. During the time this work is in progress automobile traffic is being directed over the old San Timoteo canyon road which has been placed in good shape by the county supervisors. Despite the heavy traffic this road remains in good condition.

When the new desert road from Amboy to Twenty-Nine Palms through Morongo Pass is completed, travel from both the National Old Trails and Arrowhead Trails routes over this new artery will join the ocean-to-ocean highway at Whitewater.

(Turn to page 7, col. 3)

Laguna Beach Drive Pointed As Ideal Trip

One of the most delightful drives in Southern California is the one following the rugged coast line between Laguna Beach and Laguna Hills, according to the touring department of the National Automobile club. The road is somewhat rough and dusty for a few miles leaving Laguna, but the balance is a very good dirt road.

A good dirt road extends to San Juan Capistrano and a very delightful loop trip can be made by following the coast line through Long Beach, Huntington Beach, Balboa, Serra, and returning via San Juan Capistrano, Santa Ana and Fullerton. The coast line between Laguna and Serra Beaches is very unusual, embracing perpendicular bluffs of great height which are rough and rocky, and numerous sheltered coves where the sand is white and the surf offers ideal bathing.

Speed Limit Debates Recall 'Devil Wagon'

Arguments over speed limits and the desirability of the automobile as a mode of conveyance are far from new, according to the Automobile club of Southern California. Many persons remember the day when autos were called "devil-wagons" not so many years ago, but it may be news to them that steam cars in early days were denounced also as devices of Satan. As a reminder of the attitude toward institutions as an eye opener is had in the following resolution originally adopted by the Lancaster, Ohio, School Board in 1825:

"You are welcome to use this schoolhouse to debate all proper questions in. But such things as railroads and telegraphs are impossible, and rank infidelity. There is nothing in the word of God about them. If God had designed that His intelligent creatures should travel at the frightful speed of fifteen miles an hour by steam, He would have foretold it by the mouth of His Holy prophets. It is a device of Satan to carry the souls of the faithful down to hell."

Yosemite's New Road Invites Heavy Travel

Heavy traffic marked the opening of the Wawona road into Yosemite National park, according to a recent report received from the touring department of the National Automobile club. A large crew of men completed the spring repair work on this road and the Mariposa big tree road about two weeks ago and early motorists to the park have commented favorably upon both roads.

As a convenience to motorists entering Yosemite this year over the Wawona road, the national park service has transferred the automobile permit station to Alder creek which is the first ranger station encountered after entering the park. At this point motorists secure a permit for their automobiles and after checking out at Chinquapin after 4:30 p. m. can continue without further delay into the valley.

San Fernando Starts Many Road Projects

Several contracts for paving highway and road projects in San Fernando valley were awarded during the last ten days, according to the touring department of the National Automobile club. Awards by the Los Angeles board of public service were for Sherman way east of Shoup avenue and the west terminus of Sherman way and for Diaz avenue between Sarah and Moorpark streets.

In addition to the awards, three ordinances of intention were approved for valley road paving. They were for Rita street from Whitsett avenue west; Victory boulevard between Kester and Balboa avenues, and Whitsett avenue between Sherman way and Ventura boulevard, all being important valley thoroughfares.

SEE FORESTS HERE

National forests of California were visited by 3,768,450 motorists last year, according to figures received by the touring bureau of the Automobile Club of Southern California.

BUSSES FOR SCHOOL

Each school day 470,000 children are transported to school by 20,000 motor buses, according to statistics received by the Automobile Club of Southern California.

DESERT TRIP BY MOTOR IS SUGGESTED

Beach, Desert, Mountains to Be Visited All Within 24-Hour Period

By GIL A. COWAN
Written For The Evening News
Desert sands—much talked about by Shriners—may be found on a 450-mile motor trip over Southern California's almost endless pavement. An unusual trip over the week-end at this time of the year may be made through the Imperial valley, provided it is done according to schedule. Leaving Glendale in the afternoon the Glenwood Mission inn at Riverside is the first objective, where dinner is served in the courtyard. After dinner the motor party will find the moonlight highway through the San Jacinto mountains over San Geronimo pass to Beaumont, Banning and Indio a pleasant journey.

Then traveling the hot sands, which shift with the night breezes across the pavement between Indio and Brawley, fifteen miles of dirt road brings the party to El Centro where the Barbara Worth hotel of story book fame, or other comfortable quarters for the night may be had. En route you will see Imperial valley farms being tilled by searchlight, melon shippers working throughout the night and other sights known to only the few who have visited the reclaimed desert.

But do not tarry in the valley during the torrid heat of the day. Early in the morning, as soon as you awaken, hie for the mountains of San Diego county where Jacumba Hot Springs on the Mexican border provides a resting place. Then on over the hills to San Diego with its harbor of the sun and beautiful back country provides any amount of sight-seeing.

Variety Sightseeing
You can visit any of the numerous beaches including Coronado, Mission Beach, Coronado or San Juan Capistrano. At the latter place a Mission pageant is given every Sunday afternoon. The return to Glendale may be made through Orange county and Whittier boulevard by way of Coyote pass and South Pasadena, thus avoiding Los Angeles traffic.

In this full day's travel you have visited the mountains and the seashore, the cultivated valleys and the barren deserts—practically everything a sightseer might crave. However, be sure to do the desert driving in the evening.

Auto Lafs

O the sun sure quit plumb cold, last week
An' the storm clouds lugged in rain.
While the poor cuckoo on the Open Road
Must drag out the old skid chain.

CHORUS
O it ain't goin' to rain no mo!
O it ain't goin' to rain no mo!
Start out, man, with your old tin can,
For it ain't goin' to rain no mo!

O the summer's late on the job this year
But things are breakin' fair.
And you'll bet your boots that she'll do her stuff
Or she'll get a razzin' rare.

CHORUS
Take a tip from me, if you're wise, ole kid,
Trot out you Lizzie bright,
And you'll find real jazz on the Open Road
So step while steppin's right.

CHORUS
Here lies Bill Jones,
Who "hit an' run."
He's safter here,
With mourners none.

CHORUS
Proph—What is the meaning of "pedestrian"?
Soph—Raw material for an accident.
—Frisol.

AIN'T LOVE GRAND!
"Oo's icky honey bunch is oozin' she softly cooed. As he let go his hold on the steering wheel to grasp the opportunity properly, the car lunged into a ditch. Crawling out and digging the mud from his eyes, he gurgled—"Ooze"—Fire.

WEATHER HELPS
With favorable weather conditions the roads from Chico to Lake Almanor should open in the very near future as recent warm weather and rains have tended to melt the snow at the summit rapidly, according to the touring bureau of the National Automobile club.

Jaywalker Is Chief Cause For Accident

An analysis of automobile accidents in an eastern city over a period of twenty-two months, according to a report received by the Automobile club of Southern California, showed that the five primary causes of the accidents in the order of their importance, were:

1. Jay walking.
2. Congestion—including congestion due to narrow streets, poor lighting and lack of sufficient high-speed, through routes from the city center to outlying sections.
3. Lack of adequate traffic police and mechanical control.
4. Careless, reckless and inexperienced driving.
5. Speeding.

National Auto Club Recommends Vacation

One of the most attractive vacation districts in California, according to the touring bureau of the National Automobile club, is Lassen Volcanic national park.

Reached by way of Chico and Lake Almanor, it offers diversified scenery ranging from snow-capped peaks to crystalline lakes and strangely sculptured lava formations. Hot springs of every variety, weird grottoes, spouting geysers, boiling mud pots, steaming lakes and streams, together with heavily wooded mountain country and awe-inspiring canyons, make up an alluring tourist district. The motorist may make one of the resorts within the confines of the reservation the starting point for a number of excursions into the surrounding country, either on horseback or afoot.

The Lassen district is one that, within a comparatively small area, offers attractions as many and varied as any other touring section of the west. Outside of the interest in the volcano itself, the district possesses an appeal for the sportsman and angler. Lassen Volcanic park may also be entered from the Pacific highway over a graveled road by way of Viola, Lake Reflection and Lake Manzanita. These bodies of water mirror the precipitous slopes of the mountain and are bordered by forests of evergreen pine, affording excellent accommodations for the camper and at the same time afford a great range of country for exploring excursions with a varied appeal.

The improvement of the roads in the Lassen district will afford ample opportunity this season for the fullest appreciation of one of California's greatest tourist attractions.

Chrysler Urges Way To Stop Theft Of Autos

"American inventive genius can surely find some way to cut down the number of stolen automobiles," said Walter P. Chrysler, president and chairman of the board of directors of the Maxwell and Chrysler Motor corporations, recently. "The activities of automobile thieves were nearly 50 per cent greater in 1924 than they were in 1923 and more than 100 per cent greater than they were in 1918."

"In twenty-eight cities there were stolen in 1924, 57,771 motor vehicles. Of this number 47,484 were recovered. Seventeen per cent of the total number stolen were not recovered. "There should be a way to mark a car in such a manner that it can be identified easily. That mark should be counterfeit proof if inventive genius can make it so. It should be so placed on the car that it cannot be removed."

"The theft of automobiles is a crime vast in its proportions. The number of cars stolen increases from year to year. Now there probably will be no way to check the theft of cars entirely but surely there is some way to cut down the number of cars stolen."

"The cars stolen last year were valued between \$100,000,000 and \$125,000,000. That sum must be cut down."

Cahuenga Pass Route Due for Opening Soon

The highway on the west side of Cahuenga pass is scheduled to be cut through and opened within five or six weeks, according to a recent report from the touring department of the National Automobile club, and the laying of the concrete will follow immediately. Surveys have been started for the preparation of plans for the widening and extension of Cahuenga avenue in Hollywood.

PATRONAGE BELONGS TO LOCAL DEALERS

There Is No Real Reason Why Anyone Should Go Elsewhere to Purchase Motorcar, It Is Pointed Out

H. A. VAN DUSEN
Of The Evening News Staff.
Glendale motor car dealers have before them a situation that is hard to combat, and one which should not exist at all, according to members of the Glendale Motor Car Dealers association.

Franchises are granted by the home companies to responsible and reputable dealers in clearly defined territories, to cover that territory for the various automobiles. Theoretically the dealer then, who holds a franchise for a well known, proven automobile is safeguarded. He should be able to determine almost in advance just what his sales will be; how many automobiles he can sell in a given time and the profit he can reasonably expect to make on a stated investment.

But in Glendale, according to the dealers, there is an unusual situation; one created by the people of Glendale themselves who otherwise are ardent advocates of the "Trade at home" idea.

Sixty per cent of the prospective automobile purchasers live in Glendale and have their business interests or work in Los Angeles, they say. And, apparently, not thinking, they forget their Glendale business men and many of that 60 per cent buy their automobiles from Los Angeles distributors.

Quick Deliveries
The Glendale automobile dealers can make deliveries just as quick as Los Angeles dealers can make them," say the local distributors. "The Glendale dealers can give just as good terms. They can give even better service, because of the fact that the owners—Glendale people—live much closer to the Glendale service stations than to those located within Los Angeles."

Members of the local dealers association contend that they are not blaming the Los Angeles dealers for the situation. It is harder to buy the new machine close to one's place of business," say the local dealers. "Because when one purchases a new automobile, with an investment probably of \$1000, one does not just drop out of the office for a few moments to look over a few models and then place an order. "The prospective purchaser looks over a lot of different makes of cars. He rides in them. He takes his wife for a ride. He studies the specifications, the record of that particular make of automobile. And finally, he places an order and gets delivery."

No reason then, for buying in Los Angeles when it can be done just as easily, just as good and just as cheaply in Glendale, they claim.

One of the reasons for inaugurating the annual automobile show in Glendale was to offset the present day trend toward purchase of automobiles by Glendale people in Los Angeles.

"Apparently many of those people who work in Los Angeles and have their homes here are not aware that there are automobile distributors for practically every make and model of au-

Landmark Of California

MORRO CASTLE, situated near San Luis Obispo, a historic relic of the Days of the Dons, is off the main line of tourist travel. Top, building as it now stands; below, scene of the interior court.

PHOTOS BY NATIONAL AUTOMOBILE CLUB NEWS BUREAU.

One of the interesting tourist attractions of the coast route between Los Angeles and San Francisco, is Morro Castle, built in 1831 by Don Vicente Canet. This is one of the most romantic of the landmarks of California, according to the touring bureau of the National Automobile club. The castle lies within a short distance of Morro Rock in San Luis Obispo county, just outside of the mission town.

Don Canet sought the skilled labor of the Indians from the two great missions of San Luis de Tolosa and San Miguel the Archangel. Some made adobe bricks for the walls of the castle while others hewed out the great oak timbers and bore them to the site of the castle. Still others made thousands of tiles for the roof. On a gently sloping knoll, beside the San Luisita, with the mountains rising behind it, the great mansion was erected.

More than 200 feet long, with wings extending from each side to form three sides of a court, with walls three feet thick, the castle was built. The main hall was 80 feet long. Six windows and a great barred door were placed in the front of this hall. Above this hall dividing it into two long rooms, was a garret with a central wall. The wall did not quite reach the roof, but was an effectual partition.

The Don spent over \$40,000 for labor and materials for the castle. It was plastered with crushed gypsum from the nearby hills and the flooring was brought around the Horn in sailing vessels. The wings contained sleeping rooms and servants' quarters. In one wing was a chapel with a raised altar. Here in great grandeur lived Don Canet. Many a fiesta, many a bear and bull fight, many a wild horse race broke the monotony of life, if monotony ever be in a land so fair and favored.

YEAR ROUND SALE ON CLOSED CARS

Dealers Note Big Demand For Auto To Be Used At All Seasons

The tendency in the selling of automobiles is away from the seasonal idea and is toward an all-year-round proposition in which sales for the last half of 1925 will be, in all probability, as great as the first six months period, in the belief of H. H. Murray of Murray Motors, Inc., 905 South Brand boulevard, local Willys-Overland distributors. "The constantly growing public demand for closed cars is one of the important factors in leveling out the seasonal selling peaks in the retail end of the motor car industry," according to Murray. "Another important factor is the tremendous increase in paved and good dirt and rock roads, enabling persons in the rural and farming districts to use their cars throughout the year, in and out of rainy seasons. "And then the cycle starts. Invariably increased motor car registration because of good roads follows with the increased building of more good roads in every section."

FORT BRAGG ROAD

Utah to Fort Bragg via. Low Gap is now in good condition, the road having recently been scraped according to the touring bureau of the National Automobile club. Via Orr's Springs the road is good with the exception of seven miles near the summit. This is expected to be scraped in the near future which will put the entire road in good condition.

NASH'S AJAX CAR SHOWN TO PUBLIC

Inaugural Ceremonies Held In Racine, Wis.; Ushers In Trade's Newest Auto

The first public showing of the new car built by the Ajax Motors Co., made at the plant at Racine yesterday when C. W. Nash, president of the Ajax Motors Co., made a formal presentation of the Ajax to the Racine public and to fifty Nash distributors who gathered for the inaugural ceremonies. The occasion marked the first time in automobile history when an entire city suspended business to celebrate the advent of a new automobile. A committee, headed by Mayor Armstrong of Racine and leading officials and citizens, representing the foremost civic associations and industrial institutions, met Mr. Nash upon his arrival from Kenosha and extended a formal welcome in behalf of the city.

The Racine association of Commerce had taken over the complete decoration of the executive offices and lobby of the Ajax plant and of the company dining room where the dealer luncheon was held.

Open House Held
Open house was held at the great Ajax plant which was completely remodeled and equipped throughout solely for Ajax production with tools and precision equipment of the most modern character known to the motor car industry.

Events of the day began with a ball game between the Racine and Kenosha teams at which the first Ajax to leave the production line was placed on exhibition before the largest crowd that ever attended a ball game in Racine, tickets for the ball game having been sold out a week in advance with prices at the last minute soaring as high as \$50 each. Following the game the public reception at the Ajax plant was held in the evening and it is estimated that between 3000 and 10,000 people assembled to greet the new car whose career is bound to have an important effect on the future of Racine, and to make the trip of inspection through the big plant.

MERCHANT TELLS VALUE OF CREDIT

Irwin Smith, Distributor For Viking Tires Locally, Recites Reasons

Credit is as valuable as cash, and is much easier to obtain, according to Irwin Smith of the Smith Tire Co., 239 South Brand boulevard, Glendale dealers in Viking safety cords.

The Smith Tire Co., has established a credit plan whereby purchasers of tires of any value or size may obtain them without delay or unnecessary red tape for as low as \$1 per week. Vacation trips need be deferred no longer because of poor rubber on the car, declared Smith.

The establishment during the summer months will be kept open evenings until 7 o'clock and on Saturday night until 9 o'clock for the convenience of motorists who wish to leave early Sunday. On Sunday the place is to be kept open until noon.

Women Who Have Found Driving a Tiring, Joyless Task—

now are turning to the car which makes driving a delightful, thrilling, healthful pastime.

Hundreds of women who find driving ordinary cars an unpleasant task, have turned or are turning to the Chrysler Six.

Hundreds of others, who had actually given up driving because they found it too difficult, too nerve straining, have discovered that driving a Chrysler Six is a delightful pastime.

Hundreds of young women and girls—those whose pride is smartness, beauty, and alertness—are preferring the Chrysler to all other cars. In the most exclusive private schools, in the Junior League, in the smartest social groups, one Chrysler sells another—a growing preference that makes the youthful and red-blooded everywhere, aspire to Chrysler ownership.

Because of its ease of control—which women everywhere assure us is entirely

unequaled—women have, in a special sense, made the Chrysler Six their car.

Never, say women who have driven it, has there been a car so easy to handle as the Chrysler Six.

It is extraordinarily convenient to manipulate into the average city parking space.

Of course, the unique delight which comes to a Chrysler Six owner every time she or he takes the wheel, is due not to a few features—but to every feature of this remarkably engineered car.

Every woman who loves driving but finds it a task should be delighted to learn the vast difference of driving the Chrysler Six. We are eager to send a car to your door for a demonstration, yourself at the wheel if you wish to experience the newest thrill in motoring.

Riding ease and roadability based on gross tonnage, extreme wheelbase and generous springs, are costly and inconvenient luxuries.

The Chrysler Six is comparatively light in weight for economy and easy handling.

It combines roominess with compactness to

afford easy parking. It rides as solidly as a two-ton car; it takes the bumps as easily as the ordinary Leviathans of the road.

And wherever the Chrysler goes all women admire its grace and beauty, and envy the delighted possessor of so smart a vehicle.

INSISTS ON GOOD SERVICE STATION

Hupp Motor Co. Provides Efficient Assistance To Motorists

Modern sales and service stations are necessities if an automobile dealer hopes to prosper, according to H. V. White, manager of the H. W. Swanson agency, 228 South Brand boulevard, Glendale Hupmobile distributors.

"In the first place appearance counts for much, and the public prefers to trade in a well laid out and well-kept establishment. Furthermore, a modern building designed to give the utmost efficiency will result in time and labor savings sufficiently large to change a loss into a profit. Realizing these conditions, it is the endeavor of the Hupp Motor Car Co. to have every Hupmobile sales and service station, large or small, the best in its particular class."

The company recently announced a price reduction in the Hupmobile Eight of \$135 on all models.

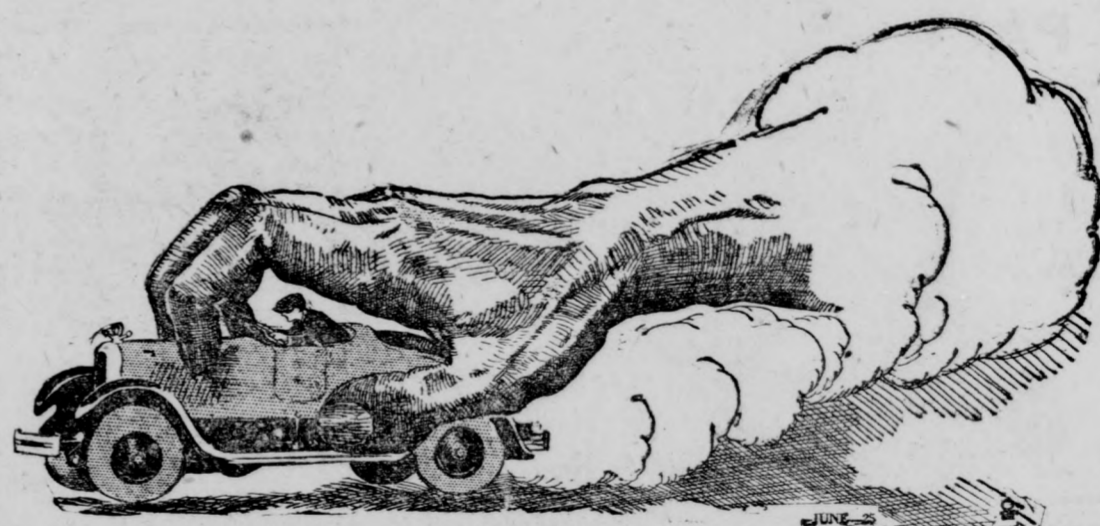

ACCESSORY FIRM OFFERS SPECIALS

Sunset Auto Wrecking Co. Announces Money Saving Specials Next Week

With money saving specials announced for the coming week on practically every type of automobile accessory, the Sunset Auto Wrecking Co., 1510 South San Fernando road, is establishing a record for values due to its connections with accessory manufacturers and the immense field for obtaining used parts for all automobiles which it taps.

In many instances a used part may be installed to give just as long and as good service in an automobile as a new part or accessory, according to members of the firm. The company is careful to place on the market only those parts from wrecked automobiles that are in the best of condition.

With a reputation to maintain, the firm could take no chance of injuring it by foisting off on purchasers parts or accessories that are damaged or with defects.

Let Us Assume Your Auto Risk

BECAUSE of our reasonable auto insurance rates, every motorist can well afford to avoid taking unnecessary risks.

The numerous thefts of cars, the hazard of collision, smashups—on uncertain roads, the danger of fire—all these risks are fully covered by our policies.

The reliability of our concern, together with the courteous treatment and prompt settlements, should be a deciding factor in getting the right Insurance from us.

Our Blanket Policy

Covers your car against Fire, Theft, Public Liability, Property Damage and Full Coverage Collision

Commission Proposes To Widen Highway

(Continued from page 5)

La Canada, Los Angeles county, was provided for in bids asked today by the California Highway commission. The present fifteen foot concrete highway will be widened to twenty feet with flush concrete shoulders, two and one-half feet wide to be placed on either side of the existing slab.

The bids will be opened in Sacramento, June 29. The work is a part of the commission's reconstruction program for the year 1925.

The 1925 program contemplates the expenditure for reconstruction of approximately \$5,000,000, one-half of which has been allotted to projects in Southern California.

The highway commission also completed the awarding of contracts for the work to be done in Northern San Diego county in the vicinity of San Mateo and San Onofre creeks, where important line changes are being undertaken.

R. A. Wattson of Los Angeles was awarded the contracts for the construction of a new reinforced bridge across San Mateo creek and also for the grading and paving with concrete of 3.6 miles from a point two miles south of San Onofre to the northern boundary of the county.

The bridge contract was for \$74,787; engineer's estimate \$96,320.

The grading and paving contract was awarded on Wattson's bid of \$119,057.40; engineer's estimate \$139,517.55.

The bridge will be paid for with federal aid and San Diego county later will refund to the state the cost of the structure. The grading and paving is a part of the reconstruction program for 1925 and is being financed with gasoline tax funds.

The improvements will eliminate sixteen curves and shorten the highway two-thirds of a mile. Five people have lost their lives on these curves in the last thirty days.

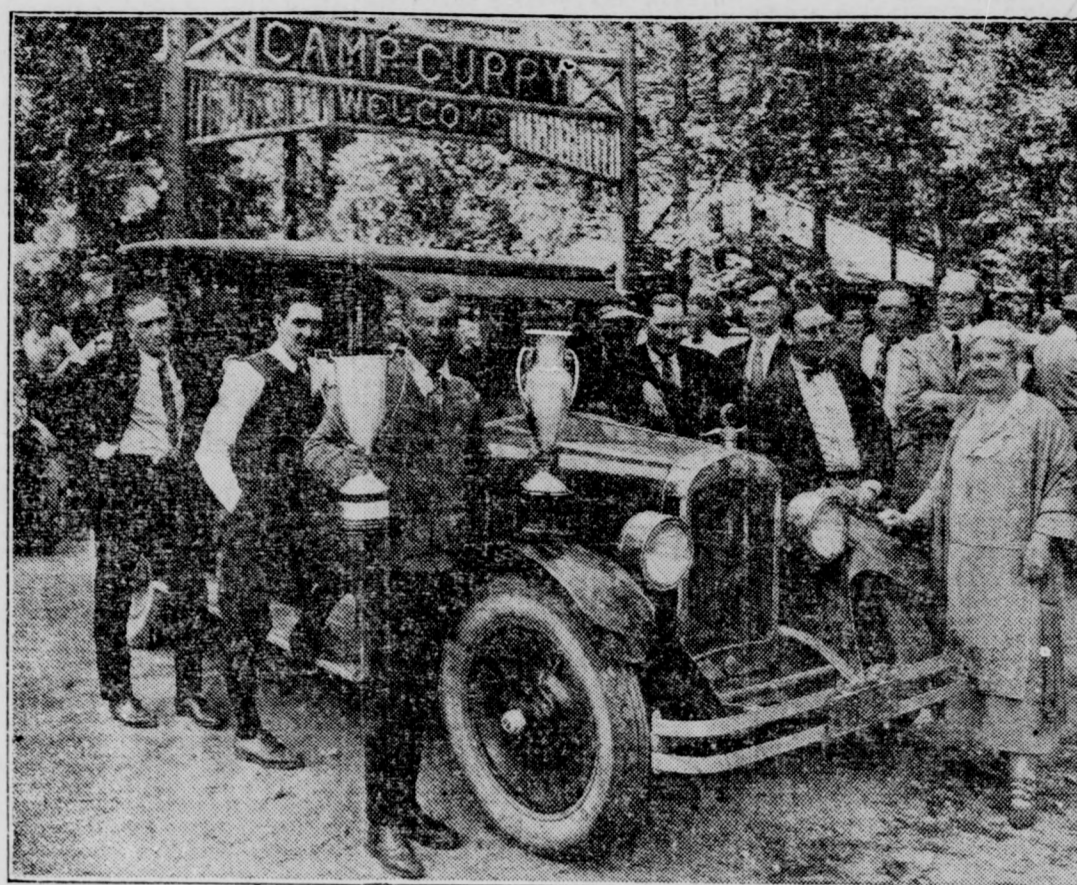

A contract for the reconstruction of 5.49 miles of county built pavement between the Santa Ana river and Redlands, San Bernardino county, was awarded Basch Brothers of Los Angeles whose bid of \$119,878.70 was accepted by the commission as the basis of the award. The engineer's estimate was \$142,731.75.

The present pavement will be widened and thickened to twenty feet, with a "second story" concrete pavement. The section is on the Los Angeles-Imperial valley trunk highway and carries a heavy traffic.

The project is a part of the com-

Closed Car Champion of Run

The OAKLAND SEDAN, which copped the cup for the sweepstakes championship for closed cars in the Yosemite economy run, and also the cup for its class, is shown in the picture. HARRY NEVILLE, the champion stingy driver, is holding the two highly polished soup tureens won by the car.

mission's 1925 reconstruction for Southern California. It will be financed with gasoline tax funds.

Coon Brothers of Riverside were low bidders on a Riverside County project—a 480 foot concrete bridge over the Coachella storm drain on the Imperial valley trunk line. Their bid was \$32,950.60. The engineer's estimate was \$38,250.

Trade At Home! Buy Your Auto In City!

(Continued from page 5)

tomobile in Glendale," according to Lyman P. Clark, former president of the Glendale Motor Car Dealers association. "The annual automobile show will do much to educate the people of Glendale to the fact that we here, can give just as good service and just as good prices and terms as the distributors of other cities.

"The last show proved to us that we are right. Business picked up here. It was bound to. Some of the 60 per cent who have their interests in Los Angeles were weaned away from the city to their home town. They saw our wares, what we had, and bought here."

The outstanding feature of the recent Los Angeles to Yosemite economy run was the splendid performance of the Oakland '6' sedan which copped the closed car sweepstakes championship and the cup for its class.

"When one make of automobile sets a constant record for victories year after year in official economy runs in competition with other representative makes of motor cars, it seems to me that this is proof that that car must be economical in operation," says John Neuschaefer, Glendale Oakland dealer, located at 420 East Colorado boulevard.

"The run this year was perhaps one of the strictest from the point of observation of any of its predecessors and a great deal of credit is due Val Harsen and George P. Stephenson, members of the contest board of the A. A. A., for their splendid work and for their diligence in carefully checking not only the figures presented by each car, but the various parts of the winning cars themselves to determine that they were identical in every respect with those in other cars from the same factory which are sold to the owners.

"For the last eight years the Oakland has entered seven economy runs and never in any of these events has the Oakland entry been other than a strictly stock car, the duplicate of those in the hands of thousands of Oakland owners.

"There is nothing improbable or impossible in the showing of the Oakland sedan in the 1925 Yosemite economy run when it averaged 22.86 miles per gallon. There are any number of Oakland owners who report to us that they are getting as high as 25 miles per gallon in normal driving. The fact that the Oakland used only one pint of oil on a 240 mile drive is convincing evidence that the Oakland motor is economical in this respect as well."

NAPA ROADS GOOD

Napa reports that the county has done considerable work on all dirt roads and they are in good condition, according to the touring bureau of the National Automobile club.

AUTO RANKS FIRST

With a total production since 1895 of 23,910,547 automobiles, the auto industry ranks first among all other manufacturing industries.

TIRES

PACKER DEALER TELLS CAR NEEDS

Full Equipment As Outlined Should Be Demanded Manager Says

Here are some of the things that every car buyer, should insist upon as standard equipment on the automobile he is contemplating purchasing, according to R. L. Conover, sales manager of the Packer Motor Car Co., and which are to be found on all stock models of the new Studebaker.

Light control on the steering wheel, for safety, automatic spark advance, letting the engine time its own firing; emergency brake lever under the dash, out of the way; spherical foot accelerator to end foot fatigue; all instruments grouped under one glass, protected and all readable at one glance; a one-piece windshield with an automatic cleaner.

Full Balloon Tires
Full balloon tires on a car designed to eliminate shimmying; heavy steel fenders that can take hard knocks; a steel apron over the gasoline tank; a gauge on the dash telling exactly how many gallons of gasoline remain in the tank; an eight-day clock; upholstery that is either real leather, or, if it be a closed car, then is of wool, not shoddy or cotton.

The engine should be one with large bearing surfaces for moving parts, fully machined crankshafts for inherent balance; a valve beside it to drain the crank case without soiling hands; an oil screen inside, into the center of which returning oil is drained, so sediment will not clog oil lines. It should rest on its own sub-frame to avoid road torsions.

WILLYS-OVERLAND ADDS NEW MODEL

Standard Sedan At \$655, Toledo, Is Ideal For All Motoring Purposes

The addition of the standard sedan at \$655, Toledo, to its Overland four-cylinder line has been announced by Willys-Overland through Murray Motors, Inc., 905 South Brand boulevard, Glendale distributors.

According to specifications submitted by the factory this latest Overland car is a big, roomy, sturdy two-door sedan, beautifully upholstered in durable Bedford cloth and finished in a rich blue, with deep beading, its color scheme resembling that of the popular all-steel four-door sedan.

Production of the new car began in March and during April 2200 of these cars were produced and shipped to the dealer organization.

Hinged backs of the front seats makes it possible to convert the seat cushions into an emergency bed by removing the front cushions, laying seat backs forward, placing rear cushion on floor between the front and rear seats, and placing the front cushion in the rear seat. This is a feature that will appeal to Glendale campers.

Highway Into Anaheim To Be Paved At Once

Work will begin at once on the two paved highways serving Anaheim, according to recent advices received from the touring department of the National Automobile club. La Palma street, running east and west, connects with Placentia avenue on the west and Garden Grove road on the east, will provide a new paved highway of several miles which will take care of a huge amount of traffic which otherwise would be forced over the main road between Anaheim and Fullerton. To further relieve traffic on this artery, Lemon street will be extended and will probably be cut through to meet Harvard avenue in Fullerton.

CHRYSLER MODEL MAKES PUBLIC HIT

Coach Now Shown At Local Showrooms Described As Distinctive Style

Keeping pace with the present day trend in the automotive industry, the Chrysler factories have produced a new car, the Chrysler coach, which is now being shown in the Glendale Motor Car Co.'s showrooms, 124 West Colorado street, where the lovers of fine cars have been feasting their eyes on a car that has created a sensation from the first moment it was delivered to the dealer organization throughout the country.

Built on the Chrysler chassis and with the powerful Chrysler engine, the coach shows a specially designed Fisher body, with wide doors that permit easy entrance and exit for the passengers in the rear seats without causing the passengers in the front seats any inconvenience; abundant leg room for everyone in the car; and the long, low Chrysler lines that cause this car to stand out in any company.

Blue Upholstery
The upholstery is a pastel blue and gray, an exclusive shade that has been manufactured especially for the Chrysler coach by one of the country's leading textile firms and that adds a note of distinction and beauty to the car that emphasizes the accepted standards of Chrysler beauty.

"In the Chrysler Coach," declares Lyman P. Clark, local dealer, "Walter P. Chrysler has given the motoring public a car that is as far in advance of other cars of this type as the Chrysler accomplishments are ahead of previous standards. The perfection of design, the beauty of its lines, and the wonderful riding comfort, place the Chrysler coach in a class by itself, and it also boasts an economy of operation that has hitherto been unknown in fine cars."

EVER-READY FIXES STAPLE GAS PRICE

So. Central Avenue Station Holds Price Down To Standard All Times

Holding its gas price down to the old standard of 17 cents per gallon, has been the policy of Harry J. Seely of the Ever-Ready Service station, 101 South Central avenue.

"There is a cash bonus to the motorist who can prove that in spite of our reduced price on gasoline we have ever sold a single gallon of fuel that has not been of standard quality and capable of measuring up to the strictest tests," Mr. Seely said.

In addition to "gas at less" the Ever-Ready station sells grease and oils at the lowest possible figure.

An up-to-date service department is maintained.

Reservoir Canyon Road Remains Under Repair

Construction work is still in progress in Reservoir canyon on the route between Redlands and Banning, according to reports received from the touring department of the National Automobile club, and is scheduled to be completed by July 1. Detour through San Timotea canyon is becoming rough and rutty on account of constant usage. The following detour is longer but in much better condition.

Follow Reservoir canyon until the second road to the left is reached, follow this road through Potato canyon and Oak Glen into Beaumont. Most direct routing to Banning at this time is via Riverside, Box Springs, Moreno and over the Gorgonio drive into Beaumont. Road in excellent condition. All roads to Yucaipa and the cherry district open and in good condition.

Registration Figures Announced By Chief

(Continued from page 5)

cycles totals 1,257,913 with fee receipts amounting to \$6,506,760.50, according to figures that have been revealed by Will R. Marsh, chief of the division of motor vehicles.

Last year's registration during the corresponding periods was 1,157,294 with receipts of \$5,709,979.75.

Gets Protest
Protest has been lodged with Marsh by representatives of a number of headlight firms whose products are not acceptable to the department, against enforcement of the headlight law, which would prevent the sale of their lights in California.

Steps are being taken toward a complete reorganization of the state traffic forces as a result of legislation approved by Governor Richardson affecting the traffic officer situation. These plans, it was stated, have been perfected for some time but have been held up pending the outcome of assembly bill 1274 which places the division in complete control of the traffic officers by insuring it against interference from counties. With the signing of this bill, Marsh said dual authority was eliminated and the division is free to proceed with its campaign of law enforcement.

The entire force will begin with efforts to reduce the glaring headlight menace.

AUTO PAINTING IS IMPORTANT ITEM

C. H. Arbenz Proprietor Of Only Moco Finish Shop In This Section

The success or failure of a person often hinges upon their appearance, according to C. H. Arbenz of 747 South San Fernando road, and the same rule applies with automobiles. An automobile that has a disreputable appearance is more noticeable upon the highways than a new car just off the sales floor, he said.

However, such a disreputable appearance does not add to the attractiveness of an automobile, he added, and it is impossible to keep that "brand new" finish forever. To offset this situation, auto painting has become one of the most important industries in the motoring field, aside from the actual manufacturing of cars. Mr. Arbenz is proprietor of a shop equipped to turn out a first class job of auto painting, and specializes in the Moco finish. His shop is the only Moco shop in this section.

Coast Highway Bridge Bids To Open June 16

Two bridges which will close the last gap in the continuous pavement of the Coast highway between San Francisco and San Diego will be constructed upon placing the contract after bids are opened in Sacramento June 15, according to advices received by the engineering department of the Automobile club of Southern California.

A dangerous curve and a grade crossing will be eliminated by an overhead crossing and a bridge across Villa creek at Pismo Beach, San Luis Obispo county. A short section of the highway which has never been improved because of the problem involved in eliminating a dangerous grade crossing over the Southern Pacific railroad line will be paved. To eliminate the curve and make the improvement possible the California Highway commission is condemning the right of way on a direct line. San Luis Obispo county is contributing \$25,000 toward the cost of the project, it is reported, the state's share of which will be defrayed with federal aid.

GREEN SPRINGS ROAD

The Green Springs road from just north of Siskiyou, Oregon, to Klamath Falls, Oregon, is now in splendid condition and is the advisable route for anyone to take desiring to drive to Klamath Falls, according to the touring bureau of the National automobile club.

DETOUR NEAR DIXON

A somewhat dusty detour is encountered near Dixon, according to touring bureau of the National Automobile club. This detour connects with the Davis-Winters highway and adds about six miles to the total mileage between San Francisco and Sacramento.

PEACH TREE GRADE

The road from San Lucas to Coalinga via the Peachtree Grade is now in excellent condition, having been recently scraped, according to the touring bureau of the National Automobile club. This is a popular route for motorists desiring to cross to the valley from the coast.

COMING TO STATE

Over 800,000 persons will enter the state of California this year by auto, according to estimates by the touring bureau of the Automobile Club of Southern California.

DEPEND ON BUSSES

Several hundred towns in California are served entirely by motor vehicles for transportation, according to records of the Automobile Club of Southern California.

BUICK FEATURES ARE POINTED OUT

Local Dealer Tells Why Car Has Retained Place Of Leadership

With sound basic principles as a starting point, Buick automobiles, even since the early days of motor travel, have forged ahead rapidly to a place of leadership. H. E. Hall of Tanner & Hall, Glendale Buick distributors, said in discussing the preference shown by thousands of motorists for Buick models.

"Buick cars captured many of the records on the racing track when the contests were being held to show the general public the possibilities of the automobile. By the time of the Panama-Pacific Exposition, Buick leadership was so well established that Buick was awarded a gold medal in recognition of the merit of its product."

"If any more definite proof of Buick leadership today is needed it is found in the fact that for the past seven consecutive years Buick has been awarded a first choice of space at the National Automobile show, an award based on the volume of business transacted during the preceding year."

PAIGE-JEWETT IN RECORD MAY SALE

Detroit Factory Ships 335 Cars In One Day, Beating All Previous Marks

All previous records for the Paige-Jewett Motor Car Co., were broken on May 14 of this year, when 335 Paige and Jewett cars were shipped from the factory at Detroit, according to word received in Glendale this week by the Tompkins Motor Co., distributors in this district for the Paige and Jewett cars.

The largest day's shipment prior to this date was March 7, 1924, when 330 cars were sent out over the country to dealers.

A total of 5,960 cars were built in May. This is approximately 400 more automobiles than were manufactured in May, 1923, the best previous month on record.

News of the record production was received enthusiastically in Glendale where it will enable prompt delivery to local buyers. Since the new Jewett Six coach was announced a few weeks ago the Tompkins' sales rooms have been a busy place, filled with motorists who are interested in this latest model.

RELIABILITY OF BATTERY VITAL

Willard Makers Spent Years Building Up Envyable Reputation

"Isn't it a grand an' glorious feeling, a feeling of satisfaction that comes with the knowledge that when you step on the starter your engine will go?" asks Henry M. Kuhn, manager of the Cizek Auto Electric Co., 300 South Brand boulevard, Glendale distributors of Willard thread rubber insulated batteries.

The Willard battery, according to Kuhn, has throughout long years of service built up a reputation for reliability that gives the owner of a Willard a feeling of security.

"There is nothing quite so embarrassing as to have the battery go 'bad' in a ticklish position," says Kuhn.

The Cizek Auto Electric Co. is one of the few remaining establishments that tests and fills batteries of any make in any automobile without charge. "Service of this kind," says Kuhn, "makes friends that in turn makes business. We find that it pays in the long run."

REBUILT TIRES IN BILTWELL STOCK

San Fernando Road Shop Sells With Guarantee Of New Product

Rebuilt tires, sold by the Biltwell Tire Co., 914 South San Fernando road, are sold under the same guarantee that new tires carry, according to H. W. Saxon, manager.

"This means the manufacturers standard tire warranty," declared Saxon. "This warranty on rebuilt tires is full protection to the purchaser."

The local establishment is fully equipped with the most modern machinery to properly rebuild used tires. Machines for rebuilding the inner casing, and then for moulding to the rubber tree are almost human in their efficiency, according to Saxon.

"We maintain and can prove that tires can be rebuilt to give the same service as new tires," he declares.

DEALER SEES BIG DEMAND FOR CARS

Glendale Chevrolet Dealer Says Everything Points To High Production

With demands for motor cars continuing strong this late in the season, indications are that high automotive production will continue well through the second half of 1925, according to James V. Hough, manager of the James V. Hough Motor Co., Glendale Chevrolet dealers. The sales peaks and depressions of former years have not been so perceptible during 1925, he said, indicative of the fact that the automobile has become a year 'round product. This is particularly true since the introduction of popular closed car models.

No one section is predominating at the present time in automobile sales. Throughout the country demands for new cars have revealed a gratifying steadiness and uniformity of the market, Mr. Hough said. Improvement of agricultural conditions, particularly in the southwest where the long drought has been broken by abundant rains, indications are that thousands of farmer-purchasers will help sustain the demand for cars during the latter months of 1925.

BATTERY STATION HAS NEW POLICY

Business Reported Good By Westinghouse Firm On Colorado Boulevard

George H. Miller, proprietor of the Westinghouse Battery station located at the corner of East Colorado boulevard and Glendale avenue, reports business as unusually good. The rain that kept up all day Wednesday brought many cars to his shop and most of the complaints were concerning horns which were not functioning properly.

Starting Monday, June 8, Mr. Miller will inaugurate a special free feature of battery service for all makes of batteries.

HIGHWAY CLOSED

The Dipsea highway from Manzanita to Stinson Beach and Willow Camp is still closed to travel between 8 o'clock a. m. and 12 noon and between 12:30 o'clock noon and 4:30 p. m. daily excepting Sundays, according to the touring bureau of the National Automobile club.

When Better Automobiles Are Built, Buick Will Build Them

No. 15

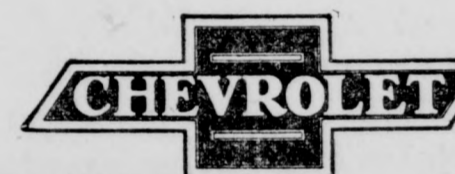

Question: Why is a Buick so safe and so easy to steer?

Answer: Because of Buick's wonderful steering mechanism. It is the most expensive type now installed on any motor car—and worth the difference because it adds to Buick performance still another point of superiority.

TANNER & HALL, Ltd.

Glendale 50 Brand at Maple Glendale

News Classified Ads For Results

Proof

Chevrolet is the biggest selling fully equipped gear-shift car in the world—with no exceptions. It consistently leads all others in volume of sales, month after month. The following figures, compiled by Motor Fax, from actual new car registrations in L. A. County, tell the story:

FEB. 1925	MARCH 1925	APRIL 1925
CHEVROLET 679	CHEVROLET 792	CHEVROLET 848
Next highest car....400	Next highest car....452	Next highest car....418
Next highest car....362	Next highest car....423	Next highest car....400
Next highest car....348	Next highest car....422	Next highest car....393

Actual comparison of the New Chevrolet with cars costing many hundreds of dollars more will make clear to you the reason for Chevrolet leadership. Regardless of competitors' claims, sales are the one thing that prove superiority to the buying public.

Diet and Health

By LULU HUNT PETERS, M. D.

ANSWERS TO CORRESPONDENTS

Grey Hair
"Dear Doctor: I am 19 years old. Ten months ago I weighed 230, but I am 165 now, thanks to you. Not so worse a reduction, is it?"
"My trouble is: I have had considerable sickness and several deaths in the family and consequently I have many grey hairs. At my age I shouldn't have them and would like to know what to do to prevent more. I pull them out but they come back in again. This worries me for gray hair means age.—Miss M."

Sixty-five pounds reduction? I'll say it's not so worse! Are you getting your needs for protein, vitamins and mineral elements in your reducing diet? You should.

Don't worry about the grey hair. It is not necessarily a sign of age. Many young people have grey hair and usually it is very becoming. The time of greying hair seems to be more or less an inherited tendency.

Of course if the daily care of the scalp is neglected, that may cause scalp trouble and greying hair. There should be a thorough brushing of the scalp (notice I say scalp) for four or five minutes a day. Best do this with a brush in each hand. (That gives you some chest exercise, too.) Keep the brushes on the scalp and scrub vigorously. Afterwards you can brush the hair and shake out the dandruff. There is a normal accumulation of dandruff each day and this brushing and shaking rids you of it.

Running the hands through the hair and then closing the fist will give a pull on the hair which strengthens the roots. Massage of the scalp is good, also.

We have an article on the care of the scalp which goes into the subject of grey hair, baldness, dandruff, etc. (Enclose a self-addressed, stamped envelope with your request.)

Chronic Diarrhea
"Mr. P.—Chronic diarrhea indicates an inflammatory condition of the intestines, with a loss of tone. Sometimes this is due to infections like tuberculosis, or sometimes it may be non-specific; that is, it is not due to any particular germ. It is necessary to find the cause. You should have a thorough examination, with an

X-Ray of the intestines and a microscopic examination of the feces.

In the newer treatment of colitis, fresh vegetables and fruits very thoroughly masticated, or pureed, are allowed, for it has been found that lack of vitamins is one of the causes of the condition. In the older diets, where no vegetables or fruits were allowed, the trouble was kept up from the diet.

Good results are being obtained with an exclusive diet of the artificially soured milk, known as acidophilus milk. This milk changes the intestinal flora (germs). Small amounts can be taken on orange juice can be taken with these milk meals.

You are not going to get at the cause by continuously taking drugs.

After the diarrhea clears up, then gradually begin to include all of the foods necessary for the normal diet—whole wheat bread and cereals, liberal amounts of fresh fruits and vegetables, two glasses milk, at least, a moderate amount of meat, or if no meat is taken, its equivalent in nuts, cheese, or eggs.

I have a list of firms who supply the acidophilus milk. You may have this by sending a self-addressed, stamped envelope with your request.

J.—Send for our article on Balanced Diet and Constipation. Enclose a fully self-addressed stamped envelope with your request.

Tomorrow—Answers to Mothers.

My Dear Followers:—When sending for material which we offer you please remember to enclose a stamped envelope bearing your full name and address. The pamphlet on reducing and gaining weight is one for which you must enclose four cents in stamps extra. Address your letters to me in care of this paper. Make them as brief as possible, not over 200 words, and type them. Please sign your name as evidence of good faith; we will not use it in any way. Remember it is impossible for me to diagnose for you or to answer you personally. I appreciate your sending me letters and regret it is impossible to give you individual advice. Please ask me to ask as soon as possible; if they are of general interest, I will not forget the same. If you expect me to send you information I have offered.

Home Wedding
At a pretty home wedding last night, Wednesday, June 3, 1923, at 7:30 o'clock, at the home of the bride's parents, Mr. and Mrs. W. F. Kaiser, 1332 East Harvard street, Miss Bernice Kaiser became the bride of Frank W. Stanley of 738 South Maryland avenue. The double ring ceremony was performed by Rev. R. Norton, pastor emeritus of Methodist Episcopal church, in the presence of forty-five relatives and friends. The Kaiser home was beautifully decorated, an archway of ferns, honeysuckle, carnations and Cecil Brunne roses and greenery forming a background for the wedding party. Mrs. Lillie Kaiser of Glendale, aunt of the bride, played Mendelssohn's wedding march for the entrance of the bride party. The bride was given in marriage by her father. She wore a wedding dress of white cotton crepe made in straight line and headed with white bugle heads. Her veil was white georgette, made en traine, and held in place with a strand of pearls. She carried a shower bouquet of white roses and lilies-of-the-valley.

Miss Mary Stanley, sister of Mr. Stanley, and Mrs. Arthur Borden, sister of the bride, were bridesmaids. The former wore a pale green georgette dress and carried an arm bouquet of pink sweet peas. Mrs. Borden wore a pink satin dress trimmed with cream lace and carried an arm bouquet of pink sweet peas. Little Miss Dorothy May Price was flower girl. She was dressed in a bouffant orchid voile trimmed with ecru lace, and scattered petals from a silver basket in the pathway of the bride party. Charles Stanley, brother of Mr. Stanley, served as best man.

After the ceremony, a reception was held and a wedding supper served. The guests were seated at one long table, decorated with the large wedding cake forming the centerpiece. Over the cake was a canopy of ferns and white ribbons. Place cards decorated with a white slipper filled with flowers were used.

Later Mr. and Mrs. Stanley left for a honeymoon trip to Big Bear Lake. They will be at home to their friends after June 15 at their home, 930 North San Fernando road. Mrs. Stanley is well known in Glendale. She is an active member of Glendale Rebekah Lodge, No. 257, and is also a member of the Suzannes. Mr. Stanley is the son of Mr. and Mrs. X. H. Stanley and is a rancher. He is an ex-service man and an active member of the Rebekah and Odd Fellow lodges. He is a member of the Orientals.

Install Officers
Officers will be installed tonight at 8 o'clock at the meeting of the Women's Union Label league at 108 North Brand boulevard. Mrs. O. G. Thompson, charter member and past president, will act as installing officer. Members are planning to complete the installation by 9 o'clock in order that the remainder of the evening may be spent dancing. Music will be furnished by Mrs. Lola Justice. Mesdames H. H. Black, Marjorie Pease and O. G. Thompson compose the committee in charge.

Rossmoyne Guests
Mrs. J. E. Campbell of 818 Portola street, Rossmoyne, was hostess yesterday at the meeting of the Double Six Bridge club. Luncheon was served at 1 o'clock at card tables. Bridge prizes were won by Mrs. Frank H. Clark, first, and Mrs. J. A. McGowan, second. Mrs. E. Eggelston was a guest. The club will meet next week with Mrs. J. O'Neill Farrell of 1831 South Garden avenue.

Utah Convention
Delegates and presidents of the Mutual Improvement association of the Glendale Latter Day Saints church are attending the national convention in session this week at Salt Lake City, Utah. Mrs. L. A. Wood is the delegate sent by the organization. Mrs. E. Pinkston and Eric Englehardt are presidents in attendance. They will also visit friends before returning to Glendale.

At Andrews Home
The Friday Morning Bible class of Tropic Presbyterian church will meet tomorrow morning at 10 o'clock at the home of Mrs. L. J. Andrews, 1215 South Central avenue. Mrs. Glenn B. Porter will have charge of the study. All women of the community are invited to be present.

Club Will Meet
Glendale Rebekah Afternoon club will meet tomorrow afternoon at 2 o'clock at Odd Fellows' hall, 201 West Broadway. Mrs. Adelaide Meyers, president, will preside during the business session. Plans will be discussed for the dance to be given June 13 by Rebekahs and Odd Fellows.

Class Election
Election of officers will be held Saturday afternoon at 2:30 o'clock at the meeting of the Friendship class of Congregational church, at the church. Mrs. Myron Carman, president, will have charge of the meeting. Hostesses will be Mesdames Davis, Chester and Ohman.

cluded a paper by Mrs. Pickett on "The Development and Growth of the Short Story"; piano selections by Margaret Chappell and Marion Ballard, presented by their teacher, Mrs. Eva Cunningham. Margaret Chappell played "Tarentelle" (Heiler) and "Little Waters of Minnetonka" (Lienance). Marion Ballard's selections were "Rustle of Spring" (Slinding) and "Alt Wein" (Godowsky). The department will have its annual gathering in the form of a picnic, June 17.

Honor Teachers
Miss Elsie Church of 225 North Orange street was hostess last night to the City Teachers' Choral club, entertaining in honor of Miss Elsie Brennehan, its director, and Miss Ethel B. Land, whose wedding will take place in the early summer. Music and cards were diversions of the evening. Miss Brennehan was presented with a leather music case and Miss Land with a water set of opalescent crystal. Refreshments were served. Those present were Misses Elsie Brennehan, Ethel B. Land, Lorene Fritch, Helen Reynolds, Jennie Lacy, Daisy Kearney, Olive Taylor, Amy Wynans, Edna Farner, Marjorie Bowers, Agnes Tupper, Hazel Flynn, Helen Buck, Lulu Whitlock, C. Farley, Elsie Church and Mrs. F. L. Church, Mrs. Alice Horn.

Visit Alhambra
A company of Glendaleans from the local Spanish War camp and Women's auxiliary motored to Alhambra last night to attend a meeting of the camp and auxiliary there. From Glendale were Mr. and Mrs. A. C. Merrihue, Mr. and Mrs. Hall, Mr. and Mrs. T. W. Long, Mr. and Mrs. H. E. Gray, Mr. and Mrs. O. C. Wheeler, Mr. and Mrs. W. S. Tetter, Mr. and Mrs. Lipstreu, Mr. and Mrs. Harry Test, Mrs. Martha Warren.

News of Wedding
The many friends of Miss Josephine Farnham, daughter of Mr. and Mrs. Charles Farnham of 316 North Louise street, and Earl Hammond, son of Mr. and Mrs. William S. Hammond of 1236

Anniversary
Mr. and Mrs. James Moore of Los Angeles, celebrated their fiftieth wedding anniversary Saturday, May 30, 1923, with a dinner, served at the home of their daughter, Mrs. Clark Henry of La Crescenta. After the dinner they went to the home of B. W. Roscoe at Montrose. Mrs. Moore is a native of Ohio. Mr. Moore is a native of Cole county, Illinois, and is a Civil war veteran.

Bridge Prizes
Prizes for bridge games yesterday at Oakland Country club were won by Mrs. C. L. Pulliam, first; Mrs. C. C. Bowerman, second, and Mrs. Hayes, guest prize. There were ten tables in play during the afternoon.

End Year's Work
Plans for a short business meeting and theatre party June 17, the last meeting date until October, were made yesterday at the meeting of Chapter A. P. E. O. at the home of the president, Mrs. Luella Eames, 819 South Brand boulevard. A business meeting was held yesterday. Luncheon was served as assistant hostesses being Mesdames Charles A. Barker, Dorothy Smith, Grace Simon and Bessie Mabry. Guests were Mesdames Olive Cramer, LaBelle Townsend and Gardner, the latter of Iowa. Each guest gave a short talk.

Law Club Meets
Women of the Parliamentary Law club of Glendale, will meet at 10 o'clock tomorrow morning at the public library. Mrs. Grace Carpenter will conduct a lesson on "Decision of the Chair." A nominating committee will be named.

Eastern Star
Glendale Chapter, No. 422, Order of Eastern Star, will hold a business meeting Saturday night at 7:30 o'clock at Masonic Temple, 232 North Brand boulevard. Mrs. Nellie C. Jennings, worthy matron, will preside.

Chosen Curator
Mrs. H. C. Garlinghouse was elected curator of the Literature department of the Tuesday Afternoon club at the meeting held yesterday afternoon at the clubhouse. Other officers elected are: Mrs. R. W. Mottern, secretary, Mrs. Ralph Pickett, treasurer, Mrs. R. W. Bolton, who has served the department so splendidly as curator during the past year, presided. The program in-

Chats On Beauty

By EDNA KENT FORBES

CHOICE OF COLORS

Women who write to me for help in choosing colors have one sure guide, the color of their eyes. If your eyes are brown you must dress eternally in brown. There are a thousand shades of brown, and there are several related colors, so you need never lack variety. But if you wear a color that matches your eyes, or that is a shade darker, you will bring out the color of your eyes to a remarkable extent, giving them at least twice their ordinary value.

For instance, if you have brown eyes wear beige, fawn, stone, yellow, orange and such "related" colors with a touch of brown near the face. You will find several odd combinations attractive and becoming; for instance, rose-pink wool bound with bias brown crepe de chine, which I saw recently worn by a brunette with stunning effect.

If you have blue eyes, try French, pastel, and green-blue, as well as green, gray, beige and stone, with dark blue near the face. The blue-eyed girl can wear almost any shade but brown and violet.

The gray-eyed girl can make her eyes more gray by wearing gray and blue by wearing gray. She will have to avoid light colors unless her eyes are large and of a decided shade.

The girl with hazel eyes, eyes that is which have in them gray and brown, and even a touch of green, is the one to be envied, for she can bring out whatever character is in her eyes she likes by the colors she chooses. When buying clothes, she should consider one thing first, the quality of the color, for a bad green would be hideously unbecoming, while a good one would give her eyes the mysterious quality of a deep pool of sea-water.

R. K.—You are about five pounds overweight, but possibly if you reduce your hips with exercises you will be all right. Lie at full length, with legs close together and arms straight up over the head. Roll completely over at least fifteen times and reverse your direction often enough to exercise all your hip muscles fully.

Anxious.—You were probably very nervous during the time you formed the habit of biting your lips and the inside of your mouth. It is much better that you do nothing but go right along feeling happy that you have overcome the habit, and concentrate on other matters, especially that of attaining more and more health. Get out in the air a lot, and sleep out if possible. The muscles around your mouth will recover quickly now that you are no longer punishing them.

Sadie R.—You can increase the growth of the lashes, brows, or a mustache, if you use a good tonic, just by massaging to increase the circulation.

Tomorrow—Care of the Feet

All inquiries addressed to Miss Forbes in care of the "Beauty Chats" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question. Be sure to use YOUR full name, street number, and the name of your city and state.—The Editor.

The HOUSE Of The ARROW

A SERIAL STORY WRITTEN BY A. E. W. MASON

Protected By The McClure Newspaper Syndicate

Hanaud hitched his chair a little closer to the table; Ann Upcott moved round the end of the table that she might see the better; even Jim Frobisher found himself stooping above Hanaud's shoulder. They were all conscious of a queer tension; they were expectant like explorers on the brink of a discovery. While Hanaud read the paragraph aloud, it seemed that no one breathed; and this is what he read:

"Figure F is the representation of a poison arrow which was lent to me by Simon Harlowe, Esq., of Blackman's, Norfolk, and the Maison Grenelle at Dijon. It was given to him by a Mr. John Carlisle, a trader on the Shire river in the Kombe country, and is the most perfect example of a poison arrow which I have seen. The Strophanthus seed has been pounded up in water and mixed with the reddish clay used by the Kombe natives, and the compound is thickly smeared over the head of the arrow shaft and over the actual iron dart except at the point and the edges. The arrow is quite new and the compound fresh."

Hanaud leaned back in his chair when he had come to the end of this paragraph.

"You see, Monsieur Frobisher, the question we have to answer. Where is today Simon Harlowe's arrow?"

Betty looked up into Hanaud's face.

"If it is anywhere in this house, Monsieur, it should be in the locked cabinet in my sitting room."

"Your sitting room?" Hanaud exclaimed sharply.

"Yes. It is what we call the treasure room—half museum, half living room. My Uncle Simon used it, Madame, too. It was their favorite room, full of curios and beautiful things. But after Simon Harlowe died Madame would never enter it. She locked the door which communicated with her dressing room, so that she might never even in a moment of forgetfulness enter it. The room has a door into the hall. She gave the room to me."

Hanaud's forehead cleared of its wrinkles.

"I understand," he said. "And that room is sealed."

"Yes."

"Have you ever seen the arrow, Mademoiselle?"

"Not that I remember. I only looked into the cabinet once. There are some horrible things hidden away there," and Betty shivered and shook the recollection of them from her shoulders.

"The chances are that it's not in the house at all, that it never came back to the house," Frobisher argued stubbornly. "The professor in all probability would have kept it."

"If he could," Hanaud rejoined. "But it's out of all probability that a collector of rare things would have allowed him to keep it. No!" and he sat for a little time in a muse. "Do you know what I am wondering?" he asked at length, and then answered the question. "I am wondering whether after all Boris Waberski was not in the street of Gambetta on the seventh of May and close, very close, to the shop of Jean Cladel the herbalist."

"Boris! Boris Waberski," cried Jim. "Was he in Hanaud's eyes the criminal? After all, why not? After all, who more likely if criminal there was, since Boris Waberski thought himself an inheritor under Mrs. Harlowe's will?"

"I am wondering whether he was not doing that very thing

which he attributed to you, Mademoiselle Betty," Hanaud continued.

"Paying?" Betty cried.

"Paying—or making excuses for not paying, which is more probable, or recovering the poison arrow now clean of its poison, which is most probable of all."

At last Hanaud had made an end of his secretaries and reticence. His suspicion, winged like the arrow in the plate, was flying drew a breath like a man waking straight to this evident mark. Jim from a nightmare; in all of that small company a relaxation was visible; Ann Upcott drew away from the table; Betty said softly as though speaking to herself, "Monsieur Boris! Monsieur Boris! Oh, I never thought of that!" and to Jim's admiration there was actually a note of regret in her voice.

It was audible, too, to Hanaud, since he answered with a smile: "But you must bring yourself to think of it, Mademoiselle. After all, he was not so gentle with you that you need show him so much good will."

A slight rush of color tinged Betty's cheeks. Jim was not quite sure that a tiny accent of irony had not pointed Hanaud's words.

"I saw him sitting here," she replied quickly, "half an hour ago—about—in tears—a man!" She shrugged her shoulders with a gesture of distaste. "I wish him nothing worse. I was satisfied."

Hanaud smiled again with a curious amusement, an appreciation which Frobisher was quite at a loss to understand. But he had from time to time received an uneasy impression that a queer little secret duel was all this while being fought by Betty Harlowe and Hanaud underneath the smooth surface of questions and answers—a duel in which now one, now the other of the combatants got some trifling scratch. This time it seemed Betty was hurt.

"You are satisfied, Mademoiselle, but the law is not," Hanaud returned. "Boris Waberski expected a legacy. Boris Waberski needed money immediately, and the first of the two letters which he wrote to Monsieur Frobisher's firm clearly shows, Boris Waberski has a motive." He looked from one to the other of his audience with a nod to drive the point home. "Motives, no doubt, are signposts rather difficult to read, and if one reads them amiss, they lead one very wide astray. Granted! But you must look for your signposts all the same and try to read them aright. Listen again to the professor of medicine in the University of Edinburgh! He is as precise as a man can be."

Hanaud's eyes fell again upon the description of Figure F in the treatise still open upon the table in front of him.

"The arrow was the best specimen of a poison arrow which he had ever come across. The poison paste was thickly and smoothly spread over the arrow head and some inches of the shaft. The arrow was unused and the poison fresh, and these poisons retain their energy many, many years. I tell you that if this book and this arrow were handed over to Jean Cladel, herbalist, Jean Cladel could with ease make a solution in alcohol which, injected from a hypodermic needle, would cause death within fifteen minutes and not leave one trace."

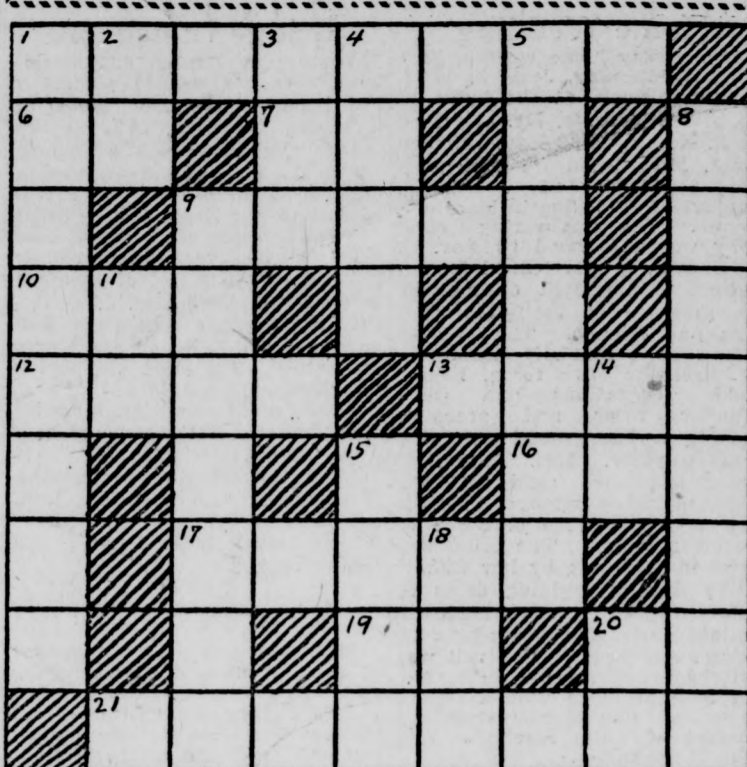

"Within fifteen minutes?" Betty asked incredulously, and from the arm chair against the wall, where Ann Upcott had once more seated herself, there broke a startled exclamation.

"Oh!" she cried, but no one

CROSS WORD PUZZLE

COMPILED FOR GLENDALE EVENING NEWS READERS

Copyright, 1925, By The George Matthew Adams Service

HOW TO SOLVE THE CROSS WORD PUZZLE

The way to solve the Cross Word Puzzle is to fill in the white squares of the diagram with the words which agree with the accompanying definitions. The definitions are numbered to correspond with the numbers on the diagram.

Any word defined in the text under "HORIZONTAL" will begin at its number, shown on the diagram, and will extend all the way across to the first black space to the right of that number. That is, the word must begin in the square that contains its identifying number, and extend as far as the white squares continue uninterruptedly.

Any word defined under "VERTICAL" will also begin in the white space that contains its number, but will extend downward as far as the white spaces remain uninterruptedly.

T O O I O N E
O P U L E N T

took any notice of her at all. Both Jim and Betty had their eyes fixed upon Hanaud, and he was altogether occupied in driving his argument home.

"Within fifteen minutes? How do you know?" cried Jim.

"It is written here, in the book."

"And where would Jean Cladel have learnt to handle the paste with safety, how to prepare the solution?" Jim went on.

"Here! Here!" answered Hanaud, tapping with his knuckles upon the treatise. "It is all written out here—experiment after experiment made upon living animals and the action of the poisons measured and registered by minutes. Oh, given a man with a working knowledge of chemicals such as Jean Cladel must possess, and the result is certain."

Betty Harlowe leaned forward again over the book and Hanaud turned it half round between them, so that both, by craning their heads, could read. He turned the pages back to the beginning and passed them quickly in review.

"See, Mademoiselle, the time tables. Strophanthus constricts the muscles of the heart like digitalis, only much more violently, much more swiftly. See the contractions of the heart noted

down minute after minute, until the moment of death and all—here is the irony!—so that by means of these experiments, the poison may be transformed into a medicine and the weapon of death become an agent of life—as in good hands, it has happened."

Hanaud leaned back and contemplated Betty Harlowe between his half-closed eyes. "That is wonderful, Mademoiselle. What do you think?"

Betty slowly closed the book.

"I think, Monsieur Hanaud," she said, "it is no less wonderful that you should have studied this book so thoroughly during the half-hour you waited for us here this morning."

It was Hanaud's turn to change color. The blood mounted into his face. He was for a second or two quite disconcerted. Jim once more had a glimpse of the secret duel and rejoiced that this time it was Hanaud, the great Hanaud, who was scratched.

(To be continued)

UNCLE WIGGILY

By HOWARD R. GARIS

Copyright, 1925, By The McClure Newspaper Syndicate

UNCLE WIGGILY AND THE RED ANTS

One day, when Uncle Wiggily's new wife and Nurse Jane Fuzzy Wuzzy were out in the kitchen of the hollow stump bungalow, helping each other make a cake, they found there was no sugar in the pantry.

"We can't make a cake without sugar, that's sure," said the muskrat lady housekeeper.

"I'll ask Uncle Wiggily, my new husband, to hop to the five and six cent store and get us a bag of sugar," said Mrs. Longears. "He likes to go to the store—it makes adventures for him."

So the two ladies explained how they had no sugar for a cake, and Uncle Wiggily, giving an extra jolly twinkle of his pink nose, said:

"Of course I'll go to the store for you. I was just wondering what I could do to keep busy, now that the children have gone to school. I will bring you sugar enough for a dozen cakes!"

So the rabbit gentleman hopped off. But, as it happened, two of the new little rabbit boys had not yet gone to school. They were Scooter and Tooter and they were hiding beneath the window when Mrs. Longears asked Uncle Wiggily to get the sugar.

CROSS WORD PUZZLE FOR YOUNGSTERS

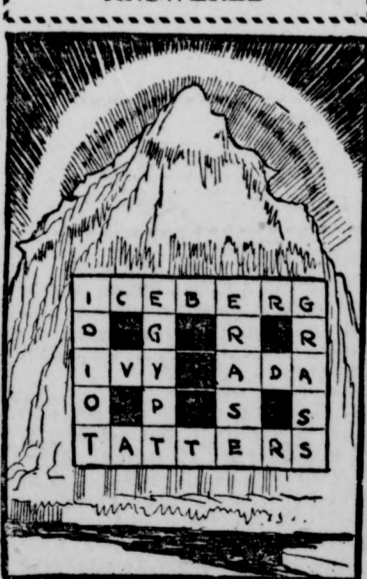

HOW TO SOLVE PUZZLE

The words start in the numbered squares and run either across or down. Only one letter is placed in each white square. If the proper words are found each combination of letters in the white squares will form words. The key to the puzzle—the first word—is given in the drawing. Below are keys to the other words.

Word 1. In the picture.
Word 5. One of the autumn months. Abbreviated.
Word 6. A large inland body of salt water.
Word 9. Sick.
Word 10. A small, pointed instrument much used by women.

Running Down
Word 1. A city in Massachusetts.
Word 2. One of the most important cards in a deck of cards.
Word 3. A depot. Abbreviated.
Word 4. To tell takes or secrets.
Word 7. Concealed or put out of sight. Kept secret.
Word 8. The whole quantity or amount.

YESTERDAY'S PUZZLE ANSWERED

"Oh! I know a funny trick we can play on our new daddy," whispered Scooter to Tooter. "We'll wait along the path that our new daddy takes coming home from the store with the bag of sugar. I'll jump out and cry 'Boo!' at him, just for fun. He'll be surprised and you can open the bag of sugar, which he will drop, and put a lot of salt in with the sweet stuff. Won't that be a fine trick?"

"A funny, fine trick," laughed Tooter. "And when daddicus takes the salty sugar home, Ma and Nurse Jane will laugh at him for bringing them such stuff to make a cake! Come on, we'll get some salt and hide beside the path!"

And so Uncle Wiggily, knowing nothing of what was going to happen, hopped on to the store to get the sugar. When he was almost there he saw a lot of little red ants huddled together on a leaf in the middle of the brook.

"Be careful, little red ants!" cried the bunny. "or you'll fall in the water and be drowned."

"That's what we're afraid of," said the largest red ant. "We started to cross the brook on the leaf for a boat, but we did not know the water was so rough. What shall we do?"

"I'll guide your leaf boat safely to shore," offered the bunny gentleman, and this he did, hopping on to get the sugar before the red ants had a chance to thank him.

Everything turned out just as Scooter and Tooter planned. They hid beside the path, they jumped out and cried "Boo!" at their new daddy, and surprised him so that, without him knowing anything about it, they put a lot of salt from their pockets into the bag of sugar.

"I don't mind being cried 'Boo!' at," he laughed, playfully shaking his paw at the two bunny boys. "But you had better hurry to school or you'll be late!" Then Scooter and Tooter hopped on, laughing to themselves as they thought of the surprise Uncle Wiggily would have, and his wife and Nurse Jane, also, when they found salt in the sugar.

And there was a great surprise back at the bungalow when Nurse Jane tasted of the sugar before putting it in the cake, for she was very careful.

"You brought salty sugar, Uncle Wiggily!" cried the muskrat lady.

"Oh, it must have been a trick of Scooter and Tooter," said Mr. Longears, while his wife said they ought to be punished, and she told Nurse Jane to throw away the salty sugar, and let Uncle Wiggily get more, without salt in it.

"No, don't do that!" cried a little voice at the bungalow door, and marching up the path came the red ants Uncle Wiggily had saved from drowning. "I and my brothers and sisters will pick out the sugar grains from the salt grains and separate them," said the largest red ant. "We can easily do that."

"So they did, and in a short time the ten million little red ants had made a pile of sugar on one side of the table and a pile of salt on the other."

"This is very kind of you," said Uncle Wiggily, as Nurse Jane put the sugar in the cake.

"You were kind to us, so we wanted to be kind to you," said the red ants. And when the two little rabbit boys were sent to bed early that night as punishment for playing the trick, they wished they hadn't. Anyhow, if the chewing gum doesn't bite the milk bottle when it tries to take a drink of molasses, I'll tell you next about Uncle Wiggily going fishing.

MISSOURI PACIFIC

ST. LOUIS, June 4.—The Missouri Pacific's earnings for 1925 will compare favorably with those of last year and may, perhaps, show a reasonable gain, according to President Baldwin. The road now is receiving fifty engines, 4000 freight cars and forty passenger coaches ordered last December.

WOOL TRADE SPURTS

LEWISTON, Idaho, June 4.—There has been a slight spurt in trading in wool here, with sales confirmed at 34 cents. Few sheepmen, however, are willing to let go at that price.

Starvation Is Weapon Now Used By Strikers

(Continued from page 1)

after posting the machine guns they brought, they have thrown a cordon around the entire foreign district.

Bolshevik Literature

A heavy force of police volunteers raided the Shanghai university which had been subsidized by the Kuo Ming-Tang Soviet society, ousted several hundred students seized a huge quantity of Bolshevik literature, and took over the premises as a billet for the American sailors.

A third British cruiser was expected in the harbor today.

The total number enlisted by the strikers was estimated at 100,000 with the number increasing hourly.

Fifty thousand additional Chinese workers joined the city-wide strike today, including the employees of a British cigarette Co., the Chinese staffs of practically all of the foreign banks and employees of foreign shops and offices.

Minor disorders including the stoning of street cars were reported late today but no serious clashes.

Prospects for peace seemed slim tonight as the Chinese are insisting on indemnities and punishment of the police for the slaying of Chinese student demonstrators while the municipal council is determined not to yield.

Chinese are refusing to accept British bank notes and checks but are still accepting American currency.

All of Shanghai's gay night life has been stifled by the strike. Hotels are serving only resident guests.

Members of American orchestras at the Astor house and Majestic hotel, the highest-salaried jazz musicians in the Orient, turned cooks and waiters when the Chinese staffs walked out.

Portion Of Municipal Police Force On Strike

SHANGHAI, June 5.—(I. a. m.)—Approximately 500 members of the Chinese branch of the Shanghai municipal police force failed to report for duty on the midnight shift while the remaining 1500 were reported wavering between holding to their duties and joining the ranks of the strikers who have tied up all city activities.

All of the absentees had turned in their rifles and ammunition and no disorder attended the defection.

A strike of the entire Chinese force could leave on the regular force approximately 300 foreigners and 600 Sikhs, in addition to 1000 civilian special officers. These special officers tonight took up the posts of the strikers.

Five Chinese were wounded when the Japanese overseas at the Chinapanan cotton mill in Pootung fired on a mob which stormed the building and broke the windows and furniture.

The same mob invaded the customs yard, where heavy supplies of arms and munitions are stored. These supplies were hastily removed by the river police. Chinese constabulary charged the mob with rifle butts and succeeded in dispersing them.

Chinese crowds amused themselves by placing foreign straw hats on poles as effigies and stoning them.

The house boys at the Shanghai club walked out tonight, leaving the "longest bar" in the world untended. The American club, however, continued to operate.

House boys employed by foreigners are threatening to walk out in the morning.

Tia Juanian Held On 'Slave Market' Charge

LOS ANGELES, June 4.—Charged with attempting to lure girls to a "slave market" in Tia Juana by false advertising, Charles Verina, official of the Tia Juana Enterprise and Amusement Co., was held in jail here today.

MEET CALLED ON BRIDGE PROPOSAL

Property Owners To Gather Tomorrow To Discuss Span Near Park

Interested property owners will meet with the West Broadway Improvement association and the highways and bridges committee of the Chamber of Commerce tomorrow night to take steps toward getting a bridge over the Los Angeles river to Griffith park at the westerly end of Broadway. The meeting will start at 8 o'clock, at the office of O. M. Newby, president of the Improvement association, at 109 South Central avenue.

A bridge that will continue Broadway over the river to connect with Riverside drive and Griffith park, thus opening another thoroughfare into the city, has the endorsement of the Chamber of Commerce and the City Planning commission. The chamber committee that will handle the bridge matter will be headed by L. T. Rowley and will include T. W. Watson, chairman of the Planning commission; P. J. Hay-selden, secretary of the commission; O. M. Newby, George L. Kaeding, L. E. Olson, E. L. Osborn, Harry E. White, J. L. Wernette, A. G. Cornwell and Morgan Smith.

Airplanes Will Search For Missing Explorer

expedition, the French expedition under Captain Charcot and the American expedition under Captain Donald B. MacMillan.

Today ended the fourteenth day since Amundsen and his associate, Lieutenant Lincoln Ellsworth, Ohio aviator, "hopped off" from Spitzbergen, an island east of Greenland and owned by Norway. No word has come from them.

Value Of Search Plans Is Doubtful By Scientists

OSLO, June 4.—Scientists interested in exploration were inclined to doubt, they said today, the value of the Norwegian government's airplane relief expedition which is to seek the Amundsen-Ellsworth North pole flyers. They based their doubt on the government's order to the relief flyers that they should proceed only as far as the edge of the ice and not attempt to go farther. This would make it difficult for the aviators to locate Amundsen, because visibility at the edge of the northern ice fields is not great.

Heat Wave Continues; No Relief Is In Sight

(Continued from page 1)

resulted in a serious water problem to Atlanta and officials here today started taking precautionary measures to conserve the city's water supply. Meanwhile, the heat continued, with only slight relief from light winds.

New York Death Toll From Heat Now Seven

NEW YORK, June 4.—The death toll in the heat wave in New York and vicinity today stood at seven and there was no relief in sight.

"Continued warm" was the forecast.

The hot weather, according to advices, encompassed the eastern states again this morning and there were reports of numerous prostrations.

Showers and cooler weather were predicted for tonight or tomorrow.

Heat Wave Continues In Detroit; Two Persons Dead

DETROIT, June 4.—With two dead and five prostrated, this heat-stricken city was preparing to pull through the fourth day of what is recorded to be Detroit's most stubborn heat wave.

EARTHQUAKE TOLL

TOKIO, June 4.—In an official report issued today, the home office announced that 331 persons were killed, 681 injured and twenty-nine missing in the Toyo-Osaka and Kinokuni earthquakes.

DEATHS-FUNERALS

MRS. ELIZABETH M. HOLMES
Mrs. Elizabeth M. Holmes died this morning, Thursday, June 4, 1925, at 439 West Patterson avenue, at the age of 59 years. She had resided in Glendale four and a half years, coming from Illinois. Surviving her is her husband, George W. Holmes. Funeral services will be announced by L. G. Scovern.

MRS. FRANCES M. GUZMAN
Mrs. Frances Marcus Guzman, died this morning, Thursday, June 4, 1925, at 1427 East Colorado street. She leaves her husband, M. G. Guzman, and five children. Funeral services will be held at 9 o'clock Friday morning at the Holy Family Catholic church. Interment will take place in Grand View Memorial park. Kiefer & Eyerick, directors.

FLOOD DITCH OKAYED BY COUNCIL

Members Adopt Resolution Approving Supervisors' Control Suggestion

Declaring their belief that a flood control drainage ditch as planned by the county Board of Supervisors to carry the flood waters from the Sycamore canyon district into Chevy Chase drive at Sinclair avenue is the only drainage relief that can be obtained at the present time from flood control funds, the City Council today approved the plans and specifications as presented by the county board.

Fear that the funds to be used in construction of the ditch might be transferred to other flood control work in the county if the plans were not approved was expressed by councilmen. The local officials had urged the construction of a covered tunnel across the northern end of the city to care for flood waters now to be diverted out of the canyon, down Chevy Chase drive. The resolution adopted today follows:

Resolution
"WHEREAS, the Board of Supervisors of Los Angeles county on May 11, 1925, approved and submitted to this council for approval plans and specifications for the construction of storm drain and appurtenant structures in Sycamore canyon, section No. 1; and
"WHEREAS, said plans provide for the construction of an uncovered concrete storm drain; and
"WHEREAS, said plans and specifications were approved by the Board of Supervisors subsequent to the transmission to it of resolution No. 2604 of the city of Glendale, passed on the 25th day of September, 1924, urging said Board of Supervisors to adopt a plan for the disposition of the flood waters of Sycamore canyon by means of certain tunnels therein described; and
"WHEREAS, the said Board of Supervisors has control of the funds voted for the disposition of said flood waters; and
"WHEREAS, there is grave danger to property in the city of Glendale from said flood waters unless flood control work be constructed at an early date; and
"Flood Control Act.

"Whereas, under the provisions of the Los Angeles county flood control act if this council should refuse or neglect to approve said plans and specifications within thirty days after being requested so to do by the Board of Supervisors, the board may omit the doing of such flood control work in the city of Glendale, and the funds voted to care for the flood waters of the Sycamore canyon in the City of Glendale may be expended elsewhere by the said Board of Supervisors;
"Now, therefore, be it resolved by the council of the city of Glendale:

"Plans and specifications approved on the 11th day of May, 1925, by the Board of Supervisors of Los Angeles county, be and the same is hereby approved."

Doran Street School Is Again Set On Fire

(Continued from page 1)

maniac was responsible for nearly thirty other school fires in California during the past twelve months started the blaze, by kindling a fire in the interior of the school hallway near the west wall. The building was gutted.

Because of the fact that the building already had been practically destroyed in the first fire, last night's loss was nominal. A small cottage class room and a four-room brick building on the same property have been used by the 150 students who formerly studied in the main Doran street school building. The structure burned last night has not been used for class rooms since the fire last month.

Fire Destroys School Building at Dunsuir

DUNSMUIR, Cal., June 4.—Fire originating in the roof partially destroyed Dunsuir's old eight-room grammar school building early today. School was not in session. As the city recently voted \$16,000 in bonds for a new building, the remainder of the old building will be razed. The loss was estimated at \$7,000.

STRIKE CALLED

LISBON, June 4.—The labor federation today called a general strike as a protest against the deportation of agitators.

Autoists Held For Plucking Yucca Plants

Don't pick the beautiful yucca plants that are blooming in profusion in the Verdugo hills at the present time.

So warns Police Judge F. H. Lowe.

William Kaufman, 812 South Normandie street, Los Angeles, was fined \$5 in the Burbank police court yesterday after he had been arrested while driving on San Fernando road with one of the big plants exhibited to full view in his machine. He didn't know he was breaking a state law, he said.

It is a misdemeanor to pick the yucca, said Judge Lowe today, punishable by a fine of from \$5 to \$25.

Our Weather Man

LOS ANGELES, June 4.—Fair tonight and Friday, with slowly rising temperatures, was the weather prediction today. Temperatures: Boston, 82; Chicago, 78; Denver, 60; Des Moines, 76; Kansas City, 76; Phoenix, 64; St. Louis, 78; St. Paul, 68; San Francisco, 52; Washington, 78; Los Angeles, 54.

Member of Gypsy Nobility

Mlle. Izabelita Ruiz, member of one of the oldest and highest ranking Romany families, is now presenting ancient gypsy dances on the stage for the first time, in Paris. She learned them while living the roaming caravan life of her race.

Plan To Clamp Lid On Liquor Smugglers

(Continued from page 1)

operation of the law enforcement arms including the coast guard, prohibition unit, customs service, department of justice, immigration inspectors and department of agriculture's "border patrol" to clamp down the dry lid have proven the plan is feasible, according to reports to the treasury.

Some officials advise an executive order co-ordinating these agencies under General Andrews as directing head. Such an order would make each agency responsible for enforcement of all anti-smuggling regulations.

Besides his "big stick" methods for "drying up" the country, Andrews plans a series of addresses to university student bodies, commercial and civic organizations in which he will urge that the liquor laws should be viewed with the same respect that the average citizen regards other criminal statutes.

U. S. and Mexico Agree On Plan To Stop Smuggling

WASHINGTON, June 4.—American and Mexican delegations to the anti-smuggling conference at El Paso, Tex., have reached an agreement and are expected shortly to sign a treaty between the two countries, the state department announced today. The treaty is designed to prevent smuggling of liquor, narcotics and aliens across the border.

Nebraskan Pays Visit to Evening News Office

Mr. and Mrs. A. L. Bixby of Lincoln, Neb., now visiting in Glendale called at The Glendale Evening News office today. Mr. Bixby is a newspaperman and has been columnist on the Nebraska State Journalist for thirty-three years. He is a Shriner and is a member of Sesostris temple in Lincoln. They have been visiting with friends in Los Angeles and Hollywood since their arrival here and will leave Saturday for Porterville to visit a son, A. L. Bixby, Jr., who is owner of an orange grove there. The Bixbys have visited in Southern California before.

AT RESEARCH HOSPITAL

Mrs. G. F. Maxwell of 1027 Virginia place, underwent an operation this morning at Glendale Research hospital. Mrs. Edith Slate of 1232 Stanley avenue, is a patient at the same hospital.

Autoists Held For Plucking Yucca Plants

Don't pick the beautiful yucca plants that are blooming in profusion in the Verdugo hills at the present time.

So warns Police Judge F. H. Lowe.

William Kaufman, 812 South Normandie street, Los Angeles, was fined \$5 in the Burbank police court yesterday after he had been arrested while driving on San Fernando road with one of the big plants exhibited to full view in his machine. He didn't know he was breaking a state law, he said.

It is a misdemeanor to pick the yucca, said Judge Lowe today, punishable by a fine of from \$5 to \$25.

Day Of Entertainment Given To Shrine Visitors

LOS ANGELES, June 4.—Greeted by glorious California sunshine, Nobles of the Mystic Shrine, gathered here for their fifty-first annual convocation, today enjoyed a full program of entertainment and merry-making.

Competitive drill by uniformed patrols and bands from more than 50 temples, sightseeing trips to Glendale, Pasadena and other Southern California cities and two spectacular parades were among the features of the program.

Among the larger bands which played for the crowds today were those from Detroit, Indianapolis, Denver, Oklahoma City, Sheridan, Wyo., Tulsa, Okla., Houston, Texas and Akron, Ohio.

Bands from the temples of Tacoma, Cincinnati and Pueblo, Colo., played at the Pasadena entertainment, in which the Pueblo temple also presented an Indian pageant.

At Pasadena an elaborate entertainment was given in the historic Rose bowl.

Guest of Honor
A luncheon for Mrs. Jane C. Burger, wife of the newly-elected imperial potentate, James C. Burger of Denver, was enjoyed by visiting women at the Flintridge

CITY GARBAGE EXPENSE IS INCREASED

Collector's Monthly Salary Raised To \$2850 At Council Meeting

The city garbage hauling contract, awarded June 2, 1923 to J. Kosababian under which he agreed to collect and dispose of all the city's garbage until February 28, 1927, for approximately \$1700 per month, today was increased for the third time to \$2850 monthly.

Today's increase was \$550 per month from \$2300, making a total annual increase to be provided in the budget for the 1925-26 fiscal year of \$6600. Under the resolution approved by the City Council today Kosababian will receive a total of \$33,600 for collecting and hauling garbage during the next fiscal year. No increase has been made in the extent of territory to be served by Kosababian.

Two other raises have been made since Kosababian's bid for garbage hauling was accepted by the council in 1923. His statement to the council members, that his expenses at the present time average \$2000 or more per month was responsible for today's increase.

The resolution adopting the \$550 monthly increase was passed by the council unanimously without discussion.

Ministers Endorse Bond Election For Schools

Members of Glendale Ministerial association endorsed the school bond election to be held this month at the meeting of the organization held yesterday morning at Central Christian church.

Richardson D. White, city superintendent of schools and W. E. Hewitt were present. Rev. C. A. Cole made a motion that a vote of appreciation be extended Mr. White, representing the school board and to W. E. Hewitt, representing the committee of fifteen and that assurance be given of the desire of the association to co-operate with the school board in the coming bond election.

Doran P. T. A. Officers Installed At School

Officers of Doran Parent-Teacher association were installed yesterday afternoon by Mrs. O. H. Spradling, federation president, the meeting being held at the school. Officers installed were: Mrs. R. L. Adamson, president; Mrs. S. A. Rehart, vice-president; Mrs. Isitt, secretary; Mrs. Fred Biren, treasurer; Mrs. Earl Gray, auditor, and Mrs. R. A. Gulick, historian. W. E. Hewitt gave a talk on the coming bond election.

SOCIAL EVENTS

Postpone Program
The entertainment that has been announced for Friday night at the Glendale Presbyterian church has been postponed to a later date, which will be announced shortly. Mrs. Retta Rhodes will give the program for the benefit of the women's societies of the church.

R. T. W. Affair
Members of the R. T. W. class of First Baptist church, will entertain their husbands tomorrow night at 8 o'clock at the church. Mesdames Ruth Bentley and Hallie Stamps are in charge of the program and games.

Country club, while the new potentate was to be a guest of honor at a banquet this evening.

The official Shrine parade, with delegations in line from the 156 temples of the organization, will take place this evening, starting at 7 o'clock.

This parade will be followed by a cinema pageant, introducing stars of filmdom to the Shriners.

In Los Angeles Coliseum both parades will terminate and join in a gigantic review.

A bear meat luncheon was served members of the bands and patrols taking part in the ceremonies in Los Angeles coliseum.

While the colorful drills were in progress, the final business session of the organization was held, featured by the voting of a charter to Tadmor temple, Akron, Ohio.

Report Arms, Munitions in China Hotels

WASHINGTON, June 4.—Considerable quantities of Bolshevik literature and arms and other munitions were found today when foreign police searched the Great Eastern and Burlington hotels in Shanghai, according to dispatches to the state department from Consul-General Edwin S. Cunningham. The Great Eastern is Shanghai's leading Chinese hotel and the Burlington is a foreign hotel. Cunningham's report to include domestic reported the strike had now servants in many of the foreigners' homes in Shanghai, the Astor house and other smaller hotels.

World's Oldest Temples Dug Up Near Pyramids

CAIRO, June 4.—Two temples believed to be the oldest stone buildings in the world have been brought to light by excavations at Sakkarah, near the Pyramids. One of the temples contains a funeral room in which there are twenty tombs. The architecture of the temples is comparable to the best of ancient Greece.

Excitement ran high. Persons in the crowd which gathered near the home of tragedy before police arrived were fearful to enter and stood by outside as the firing continued.

With the arrival of the automobile load of police, however, the fears of the crowd passed and the officers with guns drawn, closed in on the house and entered the room. No more shooting followed and a feeling of relief swept the vast throng.

After the madman had been rendered helpless the bodies were removed to an undertaking establishment where an inquest will be held. Police said there was no doubt that Russell was stark mad.

France, Spain To Join In Drive On Rifians

PARIS, June 4.—France and Spain are still negotiating with a view of possible co-operation against the common enemy, the Rifis, Premier Painleve told the cabinet today.

SOLDIERS INJURED

MANILA, June 4.—Four Filipino soldiers were injured today when a box of hand grenades blew up at Fort Santiago.

Man Crazy By Heat Slays Eight Persons

(Continued from page 1)

a hospital, physicians after an examination, declared Russell would recover.

An armed guard was stationed in the ward to avert another outbreak.

Excitement ran high. Persons in the crowd which gathered near the home of tragedy before police arrived were fearful to enter and stood by outside as the firing continued.

With the arrival of the automobile load of police, however, the fears of the crowd passed and the officers with guns drawn, closed in on the house and entered the room. No more shooting followed and a feeling of relief swept the vast throng.

GIBBONS CHANGES TACTICS IN BOUT

Plans To Carry Battle To Tunney Tomorrow Night; Will Not Wait

By DAVIS J. WALSH
For International News Service.
NEW YORK, June 4.—Can a fox turn tiger? In the main that is one of those questions you answer by asking another: why do hens eat garlic? Usually they don't.

The writer, however, witnessed something of a transition from the fox to the tiger on a certain night last December when Tom Gibbons, clever to the point of being downright unpleasant about it, usually about as vicious as a head waiter, was hit low several times in succession by Kid Norfolk.

Gibbons stepped right out of character and forgot to be the fox who baffles the pursuer. He suddenly wanted to be the tiger who pursues, and kills, and he was. He knocked Norfolk over in a few punches.

Changes Tactics

The same Gibbons declared today at his Coney Island training camp that he intends to fight Gene Tunney the same way for fifteen rounds, or less, tomorrow night as he did Norfolk for fifteen seconds or more last September. He plans to forsake the habit of a lifetime and go after Tunney from the chime of the first bell.

"I plan to carry the fight to Tunney from first to last," Gibbons said. "They have called me a safety first boxer. Perhaps they will call me something else after tomorrow night."

Gibbons was as serious as rat poison, his almost habitually pleasant face grim, his eyes snapping sparks. He is in wonderful condition, better than he was for Dempsey at Shelby.

May Be Real Bout

"They tell me that Tunney has the same idea," the writer interposed.

"Fine," came the reply on the split second. "That will make a real fight of it."

But Gibbons really has slight faith in Tunney's alleged reformation. He proved that a moment later.

"I expect to have to carry the fight to Tunney," he declared. "From what I have heard and seen I think he will fight a defensive battle. Well, I'll fool them and him if they expect me to follow suit."

"Don't you fear Tunney's punch," I asked.

"No, I do not. That is," he added, "not in the way I would fear Dempsey's or Wills'. But I respect Tunney's hitting just as I would any man's. I'm not going in there swinging with my guard down."

Betting today was even, the public having no definite choice for the winner. The loser, in fact, probably will be the man who thinks he is justified in giving odds either way.

MAKE HITS COUNT

The Red Sox scored four runs on four hits; the Athletics one run on nine hits and that is one excellent way to win and lose a ball game. Ehmkie turned in his first Boston victory of the season.

The same rain that halted the Shrine festivities in Los Angeles yesterday prevented the Hull Trucks and the Public Service teams of Glendale deciding who should be entitled to rest in first place in the Twilight League. The date of the postponed game has not been decided upon, but the contest will probably be played tomorrow. This afternoon the post-office and Glendale Creamery crews will clash at the Broadway High school field. The winner will move out of the cellar.

RINGSIDE GOSSIP FAIR PLAY

Special Correspondent of The Glendale Evening News, Copyright, 1925.
NEW YORK, June 4.—Among the distinguished visitors expected to reach these shores this month is Pancho Villa, the world's flyweight champion. Pancho has been enjoying himself in his native haunts in the Philippines and is now returning to add to his fortune.

Before arriving in the east Pancho will have fought Jimmy McLarnin on the west coast. Unless the gayeties of Manila and elsewhere have affected Villa's endurance and warped his style Jimmy does not figure to make a great deal of trouble for the champion.

But McLarnin's good showing against Fidel LaBarba, the Olympic flyweight champion, caused the promoters to rush him into a match against the brown skinned title-holder.

The coast flyweight will find that LaBarba and Villa are not the same sort of fighters at all, that there is a world of difference between a champion and a second rate. But it will be a good tune-up so far as Villa is concerned for what the east has to offer him in the way of competition.

Frankie Genaro still stands as the most formidable rival for Pancho's crown. Villa can easily beat a lot of boys who can make trouble for Genaro but the champion curiously enough, is one fighter against whom Frankie has few worries. He has beaten Villa twice to a decision, once in fifteen rounds and once in ten, the first battle in 1922 and the other in 1923. Later that year he won the world's title by beating Jimmy Wilde and since then Genaro has been pestering Villa for a bout.

Villa has not been too anxious and with good reason, for the dope is that when the two meet

LAWRENCE PERRY SAYS

Special Correspondent of The Glendale Evening News, Copyright, 1925

NEW YORK, June 4.—Having defeated in signal fashion the Vancouver Boat club oarsmen the University of Washington sweep swimmers are beginning to work out over the four mile route on Lake Washington preparatory to their migration to Poughkeepsie.

Several ten mile trips, as part of the conditioning process are figuring in the tests which Russell Callow, the coach, is applying and shortly he will select the men who will sit in the varsity and junior varsity eights in the crucial regatta on the Hudson.

Wisconsin is not likely to make much of a showing at Poughkeepsie this month. The oarsmen have had an extremely poor season in which practice, high winds and consequent rough water having prevented many needed pulls over the Mendota course. There are only four experienced oarsmen in the varsity shell.

Inasmuch as crews representing the regular members of the intercollegiate rowing association—Cornell, Columbia, Syracuse and Pennsylvania—have not been overly impressive this season it looks more than ever as though the real fight for national honors will lie between Washington and the Navy.

Golfers will be interested in the following schedule of June events of importance throughout the country:

June 4-6—Invitation tourney Al-legheny Golf club, Pittsburgh.
June 5-15—Invitation tourney Wilshire Golf club, Los Angeles.
June 8-13—Women's eastern championship, Greenwich, Conn.

June 19-20—Pacific—Northwest open championship, Tacoma, Wash.
June 22-24—Central Illinois championship, Peoria.

June 22-27—Trans-Mississippi amateur championship.
June 22-27—Pacific-Northwest amateur championship, Tacoma, Wash.

June 23-27—Trans-Mississippi championship, Montclair Golf club, N. J.
June 28-July 4—Canadian amateur championship, Royal Ottawa Golf club.

June 30—Massachusetts open championship, Charles River Golf club.

June 15-19—Women's Ohio state state golf association championship, Dayton Golf club.

June 22-27—Lynwood Hall (women) tourney, Huntingdon Valley, Philadelphia.

June 22-27—Buffalo Golf club invitation tourney for women.

June 23-27—Pacific-Northwest women's championship, Tacoma, Wash.

June 18-20—Annual invitation tourney, Northampton club, Easton, Pa.

June 23-27—Annual invitation tourney, California Golf club, San Francisco.

June 8-11—Irish amateur at Portmarnock.

June 15-17—British open qualifying rounds at Prestwick.

June 25-26—British open at Prestwick.

Written For The Evening News

XXXIV—Living Outdoors

What does the monkey eat that he does not need an artificially heated house to live in? There are men right here in America that sleep out doors the year round and use only a piece of canvas for covering. These men also eat natural foods uncooked, practically the same food as the ape eat.

The apes are the world's strongest animals for their weight. The gorilla is the undisputed king of the jungle. It would be interesting to watch a scientist try and inoculate a gorilla with any kind of serum. What some scientists claimed to have found out, however, is that gorillas live longer than man.

Now is the time to discover why the gorilla lives longer than man. Insurance statistics show that people are living shorter lives than ever before. Why shorten the life of the gorilla by civilizing him?

Some writer suggested that the gorilla could be used to do the heavy and disagreeable work of civilization. If the gorilla is intelligent he wouldn't do it. Who could make him? If he is intellectually very low he would be a great source of danger should he lose his temper, and some kinds of hard labor will make anybody lose his temper.

It would be a great curiosity to see a man brave enough to try and boss a gang of them. Even though he may be heavily armed it would be hard to dodge twenty-five or thirty picks and shovels, thrown from a distance of fifty or a hundred yards. It would be a good job for a bald-headed man as it would certainly prove to be a hair raising experience bossing a gang of gorillas on a pick and shovel job.

Tomorrow—Educating Apes

TIGERS DROP GAME

Five thumbed outfielding plus a hitting rampage helped the White Sox to a 13 to 7 victory over the Tigers.

JOHN B. FOSTER'S VIEWS

Special Correspondent of The Glendale Evening News, Copyright, 1925.

NEW YORK, June 4.—Pitcher Knight of the Philadelphia Nationals has been rudely pushed from his perch as a big league pitcher who had not lost a game this season. The Giants got the credit for it, but Knight's teammate, Chick Hawks, was primarily responsible. Hawks juggled a throw just long enough to put the Giants under way, and before they were through they had a winning lead that removed Knight from the hall of fame.

It seemed rather tough that Knight should get a set-back in part because of the misplay of an infielder, but that only emphasizes the fact that the present method of computing the victories and defeats charged to a pitcher isn't worth floor room in an ash can.

Still, Knight did not seem to have much with him on the afternoon in which New York bumped him and perhaps had the game gone along he would have lost it on his own account.

Judging by the probable skill of the pitchers, who remain in the National league without a defeat charged against them, one is perfectly safe in saying that no one in the National league has much chance to repeat the long winning run of Yde, in 1924, when he went far into the dying days of the season before they took a game away from him.

Yde has gone from one extreme to the other. This year he cannot win. That brings to mind the observation of the National league manager who opined during the winter that Yde would come in for an awful bumping in 1925. He generalized, when asked to state why he thought the Danish Prince would get well trounced, by remarking that "Yde was too good in 1924." Yet he seems to have hit the keynote because Yde hasn't been able to win either in practice or in the extension of the schedule of the big show.

The best youngster in pitchers in the National league for the moment seems to be Ehrhardt of Brooklyn. There isn't another kid in the circuit who seems more at ease, although Rhem of St. Louis is more stuff and in time may develop into a sensation.

The finest undefeated run in the big leagues at present is that of Gray of the Athletics, who carried his victories up to eight with a show of pitching that has not been surpassed by any right hander in five years—that is, a right hander just fitting into his surroundings.

Gray was in the American league last year but this season he had begun to show something so much better than the ordinary that even the non-expectant realized that he is to be reckoned with.

The most conspicuous fact in the records of the American league pitchers to date is that all of the very good ones, except Gray have been made by the old timers—which shows that the American league is an old timers' league so far as pitching is concerned and that after the Fourth of July the pitching may be as air tight in that circuit as any major league pitching since the war.

The Pirates are taking a long chance in changing horses in mid-stream at first base and if they are not successful with Melnis at first then was Cleveland they will not get far. Manager Robinson has been quoted very generously in praise of Melnis. Other managers can't see him with a telescope and a reflector. It is a fact that he never has pushed a team forward since he left Philadelphia and Mack did not let him go until he had reason to believe that Melnis could no longer help his team.

BROWNS WIN AGAIN

The Browns made it three straight over the Indians by clubbing their way through Shaute, Roy and Buckeye to a 7 to 6 victory.

Hard Worker

CLYDE DAY, now with the Cardinals, believes in pitching shutout games, and he does that very thing, too.

Seventeen Speed Kings Enter Altoona Classic

ALTOONA, Pa., June 4.—Seventeen drivers had qualified when the entry list for the 250-mile race over the board speedway here was closed today. All took part in the Indianapolis Memorial day race.

Included in the list of drivers who will face the starter here on June 13 are De Paolo, winner of the Indianapolis race; Milton Cooper, Wonderlich, Duray and Hill. A purse of \$25,000, besides points toward the 1925 speedway championship, is offered.

Hungarian Owners of Ancient Castle Fight

PRAGUE, June 4.—The picturesque old castle of Bihersburg is divided against itself. One half of the castle is well cared for and occupied; the other half is in ruins.

This state of affairs is due to the fact that two members of the old Hungarian family of Palffy have been for years fighting for possession of the castle. The one who is in residence refuses to give up his half at the request of his relative, who wishes the whole place turned into a sanitarium.

The case has been through the courts for years.

MEUSEL HITS MORE

Bob Meusel's fifth home run within a week staked the Yanks to their second successive victory over the Senators in a twelve-inning finish 6 to 4. Shanks' homer tied the score in the tenth.

FIGURE IT OUT

Ring sent the Phils into the west a first division proposition by pitching the Braves out of a five to four decision, the Bancroft entry being helpless until the eighth-inning.

OIL REFINING PLANS

TULSA, June 4.—The Marland Oil Co. is planning to increase its refining capacity by doubling the size of the Poncaire Refining, which now has a capacity of 15,000 barrels daily. Mid-Continent crude is expected here to advance in price soon.

ELLSWORTH DIES

LONDON, June 4.—James Ellsworth, millionaire, father of Lincoln Ellsworth, the polar explorer, is dead at his villa near Florence, according to an Exchange Telegraph dispatch from Florence.

OLD PARIS SHOWN IN MUSEUM GIFT

America Presents Priceless Reconstruction Piece To Art Gallery

PARIS, June 4.—If Madame de Sevigne could return some night and wander through the great rooms of the delightful house which her presence alone sufficed to immortalize, she would be surprised to see the gift of an American occupying the most prominent spot.

Rodman Wanamaker has just presented the new Carnavalet museum with an extraordinary reconstruction of Old Paris from the days of Lutetia by the avant, Joseph Hoffbauer. In the center is a marquette of the Ile de la Jeanne d'Arc. The Cathedral of Notre Dame, the Palace of St. Louis and many churches that exist no more, as well as twelve hundred tiny dwellings lining the narrow streets, are all reconstructed with mathematical precision. The artist-architect found a map of the epoch, the only one known on record, and followed it carefully.

Mr. Hoffbauer worked constantly upon the miniature city from 1918 until his death last year, and it was finally assembled by his son, Charles Hoffbauer who decorated the Confederate museum of Richmond, Virginia, as well as the State house of Jefferson City, Missouri.

Toy motor cars, wagons, trains and tricycles enjoyed by children of Australia are from this country.

CONSTABLE'S SALE

No. 163127
Notice of Sale of Real Estate Under Execution

LOUIS E. RUPPE AND W. A. REYNOLDS, Plaintiffs,
vs.
DOLORES F. MURPHY, Defendant.

By virtue of an execution issued out of the Justice's Court of Los Angeles Township of the County of Los Angeles, State of California, wherein LOUIS E. RUPPE and W. A. REYNOLDS, Plaintiffs, and DOLORES F. MURPHY, Defendant, upon a judgment rendered the 1st day of May, A. D. 1925, for the sum of Two Hundred and fifty and 00/100 Dollars lawful money of the United States, besides costs and interest, I have levied upon all the right, title, claim and interest of said defendant Dolores F. Murphy, also known as Dolores F. Murphy, and as Dolores F. Nicholson, of, in and to the following described real estate, situate in the County of Los Angeles, State of California, and bounded and described as follows:

3.29 acres of Lot 20, Section 1, Township 2, N. Range 14, W. 4, also described as E. 5.39 acres of S. E. 1/4 of S. W. 1/4 of S. E. 1/4 of Section 1, Township 2, N. Range 14, W. 4, and the property described as 37.60 acres of Lot 5 in Section 12, Township 2, N. Range 14, W. 4.

GIVEN, That I will, on Tuesday, the 16th day of June, A. D. 1925, at 11 o'clock A. M. of that day, in front of the Court House door of the County of Los Angeles, Broadway entrance, sell at public auction, for cash lawful money of the United States, all the right, title, claim and interest of said defendant Dolores F. Murphy, and as Dolores F. Nicholson, of, in and to the above described property, or so much thereof as may be necessary to raise sufficient to satisfy said judgment, with interest and costs, etc., to the highest and best bidder.

Dated this 21st day of May, 1925.
CHAS. R. THOMAS,
Constable of Los Angeles Township, of Los Angeles County.

By F. H. Brakeschuler, Deputy,
Griffith Jones & John J. Craig,
Plaintiffs Attorneys.

NEW HOSPITAL FOR CITY IS PLANNED

Structure Will Be Erected At Granada and Chestnut If District Zoned

A hospital to cost more than \$250,000, of modern, fireproof construction, and with landscaped grounds surrounding it, will be erected at Granada and Chestnut streets by a syndicate headed by L. M. Okey of Los Angeles as soon as the district is made a commercial zone by the City Council, it was announced today.

The new hospital, to be called the Golden West, will be operated by Mrs. Allie W. Anderson, formerly manager of the Golden West Sanitarium, Inc., if differences that have arisen among property owners in the vicinity of the proposed new hospital can be ironed out.

Protest against the placing of Granada and Chestnut streets in the commercial district was filed today with the City Council, and it was accompanied by a large group of property owners from that section, headed by Attorney James F. McBryde, representing some of the protestants. Upon McBryde's request the matter was referred to the committee of the whole, where the attorney declared today he will "tell all he knows of the matter."

Commission Approves The action favoring the erection of the new hospital in that district was led today by Mrs. Mabel Tight, who asked that immediate action be taken to commercialize the zone to permit immediate building.

"The hospital plan is endorsed by nearly all of the Glendale physicians," said Mrs. Tight, "and it also has the endorsement of the Glendale Planning commission. The petition for zoning the district commercially has been laid over one week already. It should be delayed no longer."

"Under the plans as now completed, the structure would be of concrete, two stories in height. It is not planned as a sanitarium or rest home, but it will be a most modern hospital in every sense of the word, one that would be an asset to the city. Property owners adjacent to the proposed site, with the exception of one, are willing that the hospital should be erected there."

McBryde, for the protestants, declared that "the hospital as proposed would be operated by the same person who formerly managed the Golden West sanitarium," and "the city doesn't want that," he asserted. His reasons, he said, would be outlined before a meeting of the committee of the whole.

The protestants declared that the institution as planned would be "detrimental to the best interests of residential property in the vicinity."

Nearly fifty persons, representing both factions, were present at today's meeting. According to plans for the hospital divulged today, the hospital would be shaped like the letter "H," with a landscaped park in the front. The building would be set well back from the street. The plans have the endorsement of the American Medical association, it was said.

CALLED MENACE

HOUSTON, Tex., June 4.—Charging that the construction of a dam in Colorado at the head waters of the Rio Grande would be a menace to the irrigation projects of West Texas, Dan Moody, attorney-general of Texas, announced here today that the state of Texas expected to file suit this summer in the supreme court of the United States against the state of Colorado, enjoining building of the proposed dam.

Jones in Tie For Lead in Golf Tourney

WORCESTER, Mass., June 4.—Willie MacFarlane, Oakridge pro, went into a tie for the lead in the national open golf championship late this afternoon with Bobby Jones, Atlanta amateur. Both had final scores of 291.

Jones took a 74 in his final round. MacFarlane had 78 in his final round. The Scot led the field at the end of the third round with 213, four strokes under Jones. At this stage Walter Hagen, Francis Ouimet, and Alex Espinosa had chances to take the title by flashing brilliant golf on the final nine holes.

SLOT MACHINE ORDINANCE DEFEATED

Unanimous Vote Registered Against Measure When Brought Up Today

A proposed ordinance permitting the use of nickel slot machines in Glendale, that has caused considerable discussion and controversy since its introduction three weeks ago, was defeated by unanimous vote of the City Council today.

The proposed ordinance has been on the calendar for the past three sessions of the council for second reading, but each time has been continued. During that time a number of applications to install slot machines in Glendale have been submitted to the council and ordered filed.

"To get the matter before the council for definite action, I move that the ordinance be adopted," Councilman W. T. Tower said today. With all other members of the council, he voted against its adoption. There was no discussion.

Two applications for installation of slot machines were received and filed by the council, one for three machines from the Western Vending Machine Co. and another for three machines from Shetland Bros.

MARSHALL GIVEN FINAL FAREWELL

War-time Vice President Laid Away as Streets Lined With Mourners

By J. L. MEDOFF For International News Service.

INDIANAPOLIS, June 4.—They laid Tom Marshall away here today. Only intimate friends and members of the Masonic order who conducted the rites, were present.

But Indiana, which elected him to its highest office and then gave him to the nation, joined in the last reverend tribute to America's wartime vice-president and one of the most illustrious sons. Like the man himself, the funeral ceremony for Marshall at the quiet little home to which he retired when he relinquished his public chair in Washington, was plain. It began with a religious service in charge of Dr. Matthew W. Smith, pastor of the First Presbyterian church to which Mr. and Mrs. Marshall belonged. Then came the Scottish Rite service by William Geake, deputy for Indiana, assisted by Arthur R. Robinson, deputy marshal; Fred W. Willis, senior warden, and Dr. Lewis Brown, chaplain.

The Scottish Rite choir sang a few hymns and the funeral march to the Crown Hill cemetery was started.

City Pays Homage As yesterday, when the body arrived, the streets were lined with silent, mourning people, heads bowed, bidding a last farewell to Tom Marshall.

Arriving at the cemetery, the funeral escort formed a hollow square before the chapel entrance and the brief cemetery service was then held by the Ancient Land Marks Lodge of Masons with J. Clyde Hoffman, worshipful master, leading, following which Dr. Smith pronounced the benediction.

Then the body was placed in the receiving vault and Tom Marshall had been laid away in his temporary resting place. Within a few weeks Mrs. Marshall will have the body removed to Marion, Ind., for final interment there beside his mother, father and foster son.

PURCHASE ESTATE

SANTA BARBARA, June 4.—Charles Ludington, vice-president and treasurer of the Curtis Publishing Co., purchased the famous estate of Henry Dater here today. The property and home have been widely pictured as one of the finest examples of Spanish architecture in existence. The purchase price was approximately \$200,000, it was said.

DEMOCRAT WINS

MANILA, June 4.—Following complete compilation of returns, the executive bureau announced today that Juan Sumulong, Democratic candidate, won the senatorship from the Manila district in Tuesday's election. He lost two years ago after a cabinet crisis in which he was called the "candidate of Wood."

Singer Sponsored by City

The golden voice of MARION TALLEY, the 17-year-old lyric soprano, an entire city, Kansas City, Mo., is sponsoring, will not be impaired by too early appearances in public. She has refused many flattering offers to continue cultivating her voice abroad. Kansas City raised \$20,000 to educate Marion.

SUNBURN COLORS BEACH FAVORITE

But Not On Arms And Faces Of Bathers; Long Sleeves Bid For Place

By AILEEN LAMONT Special Correspondent of The Glendale Evening News, Copyright, 1925. NEW YORK, June 4.—Sunburn bids fair to be a favorite color for some dress accessories this summer, but a good many frequenters of the beaches, golf courses and tennis courts have decided not to wear it on their arms and faces. A fair proportion of the new bathing suits are long sleeved and made of satin, silk or crepe de chine, water-proofed and in one of the darker shades. Black wool tights over which black satin bloomers are worn share with the scant one-piece suits the favor of recent buyers.

The Memphis blues, which marked the beginning of the jazz vogue, have given way to the Parisian blues. One of the novel gowns designed by the French dressmakers for debutantes gets bluer as it goes lower. It starts with a delicate sky blue shade and by the time the hem is reached, has attained the cold glint of a bill collector's eye.

Not for Baby Bunting Baby Bunting is not the person who gets wrapped in rabbit skin in this day and age. The furriers all over the world are busy with rabbit skins in anticipation for the yearning which every woman is expected to show for furs in summer time. White rabbit can wrinkle its nose at a checkbook with almost as insouciant an air as ermine.

Buckles for one's shoes now can be slipped on and off with comparatively little trouble. The latest designs, many of which are in jet or cut steel, are made to slip over the tongue of the shoe in such a way that they need not be pinned or sewn on.

The wearers of tailored frocks at present have a vested right to an ascot tie. They have it because they have vests to the costumes. The scarves worn about the neck are almost exact duplicates of the old style ascot ties worn by men a couple of decades ago. It matters little what is worn beneath vest and tie, since the latter conceals any deficiencies.

Findings of oil on the right of way of the Mexican National railway of Mexico is expected to greatly aid in overcoming the deficit in running the road.

ONCE UPON A TIME

WHEN THE LITTLE MAN APPEARED AND ASKED WHAT SHE WOULD GIVE IF HE SPUN THE GOLD THE GIRL SAID "ALAS! I HAVE NOTHING ELSE TO GIVE." "THEN, PROMISE ME THAT WHEN YOU ARE QUEEN YOU WILL GIVE ME YOUR FIRST LITTLE CHILD." SHE AT LAST AGREED AND THE STRAW WAS SPUN INTO GOLD.

ROTARIANS HEAR TULSA CHANTERS

Akdar Temple Shriners Give Glendale Club's Program; Many Guests Attend

Tulsa, Okla., Shrine Chanters were the entertainers at this afternoon's luncheon meeting of the Glendale Rotary club in the Tuesday Afternoon clubhouse. The Akdar Temple group were led by Sim Naylor of Tulsa, whose daughter accompanied songs of the chanters on the piano. George B. Karr, formerly of Parsons, Kan., had charge of the program.

It was a day of song—not one, but many—which was pleasing to members and guests alike. C. Warner Van Valkenburg, honorary member of the Tulsa, Okla., club, and author of several Rotary songs, played his own songs, while R. Ernest Tucker led the singing with Paul Carson, regular accompanist.

It was wives' day and attendance was more than double. President Paul Stillman proposed a toast "to the ladies." Roy L. Kent presented Ellsworth Du Parc, president of the Glendale Union High school student body, with a Rotary code of ethics. Jerome Andrews, new student body president, was introduced.

List of Visitors Visitors included Max Mehl and Coke Harkider, Fort Worth, Texas; Jack Deshane and Sim Naylor, Tulsa, Okla.; Tom Yglesias and Robert G. Goree, Calexico; E. M. Metzger, Everett, Wash.; Charles Wade, San Bernardino; Jesse Melone, Parsons, Kan.; Ellsworth Harold, Paso Robles; T. W. Fletcher, San Pedro; Perry Endicott, Newkirk, Okla.; John F. Walters, Garden City, Kan.; Jack Faber, Inglewood; C. J. Lovejoy, J. H. Barnum, Joe Pardieck, Henry Story, Frank Cummins, Elliott Thomas, Leonard Collins, George T. Foster and Leon H. Austin, Burbank; Bryant Mathews, Fred E. Watts, H. M. Burgess, Thomas G. Burt, Otto G. Wilkey, N. Y. Stockwell, Roy Wilkey and Joe Case, Los Angeles; T. M. Chisholm and Cliff Pinkart, Cicero, Ill.

Rev. Ernest E. Ford presented attendance ribbons to more than a score of members, two of whom have had perfect attendance since becoming members. They are Rube Downing and President Stillman.

Worcester, Mass., June 4.—With only nine holes standing between him and the finish Leo Diegel this afternoon placed himself in an excellent position for the final dash toward the national open golf title by scoring a brilliant 34 for the first half of the final 18 holes. This gave him a total of 252 strokes for sixty-three holes and even a forty on the final nine would leave him dangerously close to the title.

Johnny Farrell, who stood second to McFarlane at the end of 54 holes, slumped during the ensuing nine, taking a forty. He still was strongly in the hunt, however, as his score for sixty-three holes was 254.

Diegel faltered on the final nine, however, took a disastrous 3 on the last hole for 40 and brought his complete score up to 296. Farrell also weakened in the golfing stretch and took a 78, making his complete total 292. Sarazen finished just behind Farrell with a 74 for 293.

Bobby Jones of Atlanta with a 74 on the final round finished with 291 which at that stage was the lowest score. A few remained to be heard from though who had a good chance to beat out the amateur star.

Court Ruling Hits Anti-Saloon League

SANTA ANA, Cal., June 4.—The Anti-Saloon League of Southern California will receive no reimbursement for a series of liquor raids conducted under its auspices last year in five Orange county cities at a cost of more than \$10,000 as a result of a ruling handed down today in superior court here, making permanent a temporary injunction granted to a Fullerton tax payer to prevent payment of Fullerton's share of the bill. Bills of \$2800 each were sent to Anaheim, Fullerton, Santa Ana, Orange and Huntington Beach following the raids.

Colored Shoes Wearers of shoes now prefer colored kid calf, with patent leather next in favor, according to British leather dealers.

TURPENTINE

NEW YORK, June 4.—Turpentine, Savannah, 93c; New York, \$1. Rosin, Savannah, \$6.90 @ 7.15; New York, \$5.65.

NEW YORK CLOSING

By W. S. COUSINS For International News Service

NEW YORK, June 4.—Stocks of the motor companies were as conspicuous in the reaction of prices in the stock market today as they were in the brisk upward movement in the two previous sessions of this week. When the removal of Maxwell stocks from the trading list obviated the fear of a corner in the undeposited stocks, professional traders turned their attention to the certificates, which were then found to be plentiful outstanding to insure a firm market.

Since the certificates have advanced in about the same proportion as the undeposited stock, gaining about 50 points in the latest movement, heavy selling of class "B" certificates accompanied the generally unsettled stock market. The price dropped to 111 for a loss of 8 points for the day and 16 points from the recent high. Willys-Overland preferred declined 4 points; Mack Trucks was down 3; Hudson lost 3; Pierce-Arrow preferred, 3; General Motors and Studebaker, 1 1/2.

The action of the stock market was in contrast with that of the important commodity markets. Wheat and cotton, after early irregularity, continued the sharply rally which started near the close of yesterday's session. Crude rubber reached 78 cents a pound in its steady upward climb. In the foreign exchange market the French franc was again unsettled and dropped 5 1/2 points, to a new low.

An over-the-counter market was established for the undeposited Maxwell motor stocks, where it was reported that prices followed those of the certificates on the big board. Most of the activity in both markets was in the series "B" stock.

American Can and other industrial leaders yielded a few points on fairly heavy selling pressure shortly after the noon period. A number of the specialty stocks found a thin market and dropped 5 points or more on a small volume of transactions. American Agricultural Chemical preferred dropped 6 points, at 51; Famous Players was down 2 1/2, and Harvester lost 3. American Ice continued to move forward and reached a new high, at 112.

The market was dull and inactive in the fourth hour. Industrial stocks, against which there was no special pressure gradually regained their former positions. A few of the railroad and oil stocks made a bid for speculative interest. Mid-Continent oil being the most prominent in the latter group. Copper stocks were unsettled, with Anaconda back to 36 1/2, against the week's high price at 40. Railroad shares were conspicuously inactive and slightly reactionary.

Motor stocks were firm in the last hour and prices advanced moderately. Maxwell "B" certificates rallied 3 points, to 115 1/2, and Moon Motors pushed up to a new high, above 30. Industrial stocks failed to rally. Oil, copper and specialty stocks were dull and featureless with the volume of trading below the average. Stock sales, 1,399,500 shares; bonds, 1,883,000.

FREIGHT SHIPMENTS

NEW YORK, June 4.—Freights—Ocean (steam), grain: Rates steady; tonnage supply quiet. United Kingdom, 1s 6d @ 2s 3d per 480 lbs; Atlantic ports, 16c per 100 lbs; Mediterranean ports, 15 @ 20c per 100 lbs; Hamburg, 12c per 100 lbs; Rotterdam, 14c per 100 lbs; Antwerp, 13c per 100 lbs. General cargo: Tonnage supply moderate.

N. Y. WOOL MARKET

NEW YORK, June 4.—Market steady. Domestic fleece, XX Ohio, 44 @ 49c; domestic pulled, scored basis, 70c @ \$1.10; domestic Texas, scored basis, \$1.10 @ 1.25; domestic territory staple, scored basis, 80c @ \$1.25.

N. Y. COTTON

NEW YORK, June 4.—The cotton market was strong toward the close. Final prices were from 23 to 64 points higher. Spot cotton was up 50 points, with middling uplands at 24.35.

CHICAGO STOCK

CHICAGO, June 4.—Hogs—Receipts, 31,000; market steady; bulk \$11.90 @ 12.35, top 12.40. Heavy weight, \$12 @ 12.40; medium weight, \$12.10 @ 12.40; light weight, \$11.75 @ 12.40; light lights, \$11 @ 12.40; heavy packing sows, smooth, \$11.10 @ 11.50; packing sows, rough, \$10.75 @ 11.10; pigs, \$10.75 @ 12.

Cattle—Receipts, 11,000; market steady to weak; calves, receipts, 3500. Beef steers: Choice and prime, \$10.50 @ 11.50; medium and good, \$9.50 @ 10.50; good and choice, \$10.50 @ 12; common and medium, \$7 @ 9. Butcher cattle: Heifers, \$5.50 @ 11.25; cows, \$4.50 @ 8.50; bulls, \$4 @ 7. Canners and cutters: Cows and heifers \$2.50 @ 5; canner steers, \$5 @ 7. Veal calves light and heavy weight, \$8 @ 11; feeder steers, \$6 @ 8.50; stocker steers, \$5.50 @ 8.50; stocker cows and heifers, \$3.50 @ 6; stocker calves, \$5.50 @ 8.25.

Sheep—Receipts, 18,000; market 25c lower. Lambs, fat, \$14 @ 15.50; lambs, culls and common, \$11 @ 12; yearling wethers, \$8 @ 10.50; ewes, \$6 @ 7; ewes, culls and common, \$2 @ 4; breeding ewes, yearlings, \$10.50 @ 13.50; feeder lambs, \$13 @ 13.65.

MARKET SUMMARY

LOS ANGELES, June 4.—Effective August 1 the Trust & Savings building at Sixth and Spring streets will be known as the Pacific-Southwest Bank building.

The government will withdraw \$3,556,000 from Federal Reserve member banks in the New York district today.

Nash Motors reached a high of \$445 on the big board in New York yesterday. President Erskine of Studebaker reports \$19,600,000 cash collections in May which exceeded disbursements by \$4,200,000. Maxwell stock is proving a big attraction, according to market wires.

Rains in Southern California aided citrus growers, but hurt cherries, beans and cut hay. Second picking of Imperial valley's melon crop starts next week. Good prices and excellent quality maintain.

FOREIGN EXCHANGE

NEW YORK, June 4.—Great Britain, demand \$4.85 1/2, cables \$4.86; France, demand \$4.92, cables \$4.92 1/2; Belgium, demand \$4.80 1/2, cables \$4.81; Switzerland, demand \$19.36 1/2, cables \$19.38; Italy, demand \$4.01 1/2, cables \$4.01 1/2; Sweden, demand \$26.74, cables \$26.77; Norway, demand \$16.77, cables \$16.79; Denmark, demand \$18.77, cables \$18.79; Greece, demand \$1.67, cables \$1.67.

J. A. ENDICOTT

116 S. Brand., Glen. 822

POSITIVELY NO EXAGGERATION

In all of our experience in Glendale Real Estate we have never been privileged to offer as fine a home for the money as this one at 116 S. Brand. It is a beautiful, beautiful Verdugo Woodlands. Lot 75x185. Owner has gone north and wants to sell. Will take \$14,500. Very easy terms. Streams of water are very scarce. See this right now.

MRS. M. L. TIGHT

810 N. Glendale Ave., Glen. 1657

Established in Glendale over 15 years.

A BEAUTIFUL 6-ROOM STUCCO HOUSE WITH ONE OF THE MOST SPLENDID VIEWS TO BE HAD IN SOUTHERN CALIFORNIA. In a highly restricted and desirable district. Every modern idea in construction will be found in this building. A real fireproof home with built-in features; beautiful decorations; tile sink and bath, pedestal bathtub; hardwood floors; in fact, nothing lacking to add to appearance and comfort. Price only \$5000, small down payment; monthly payments like rent.

SOLD

The above house was sold to first party I showed it to. Its value was so manifest that it sold itself. I have two more, just completed, built after the first. Will take same favorable price and terms.

Operetta Presented By Students At Broadway

Sewing Machine Agent Changes Shop Name

Pupils of Broadway school appeared Tuesday night in the operetta "On Midsummer's Day," at the school. Members of the orchestra, included Fielding Thayer, Frances Lord, Esther Whelan, A. G. Moore, Paul Andrews, Jessie Stein, Vinton White, Leroy Lofftus, Clara Blatt. In charge were Mrs. Winifred Barker, Mrs. Alberta Moysse, Mesdames Rhodes, Williams, Nellis, Christopher, Misses Speik, Tate, Beckfelt, Tieman and Farnier. Muriel Flewelling, Miss Mary Jenkins, Mrs. Lorena Flewelling, Claire Robinson.

Jean Turner took the part of the child, while Dorothy Martini was the fairy queen. Appearing as flowers were Donald Miles, John Hendricks, Vincent Nelson, Billy Godfrey, Bernell Calkins, Richard Dittmar, Edwin Cleave, A. G. Moore, Marjorie Solberg, La Verne Gurney, Louise Odio, Laura Randall, Carol Whistler, Clara Blatt, Charlotte Blodgett, Grace Faulkner.

Fairies were Dorothy Heim, Bonnie Smith, Grace Regan, Ruth Stutson, Helen Marlow, Ella May La Rowe, Inez Moodie, Ruth Plummer; Brownies, David Jensen, Donald Allen, Merrill Tobey, Edwin Wright, Charles Sawhill, Irving Licht, Masato Irvamoto, Robert Trowbridge; sunbonnet babies, Jane Briggs, Agnes Remmen, Alta Rethberg, Evelyn York, Doris Laybourne, Mary Alice Barton, Betty Blodgett, Reba Netzel; subbeams, Audrey Lewis, Charline Swingle, Marion Heim, Dorothy Reynolds, Josephine Hubbard, Jessie Littell, Mary Lorraine Parker, Christine Coss; honey bees, Jack Russell, Charles

Announcement is made of the change in name of the Singer Sewing Machine shop, 223 East Broadway, to Armstrong's Sewing Machine shop. J. S. Armstrong and daughter are associated in the business as partners, and have been at the present location for the past three years. No change will be made in the character of the business, except that a new line of machines will be sold, including the White Rotary, as well as Singer sewing machines. June Armstrong will continue as manager of the store.

This concern is advertising a sale this week on all used sewing machines. Over fifty machines are included in the sale, and reductions average 20 per cent or more. An enviable reputation has been built up for the large number of sales made during the three years the store has been in Glendale. The best of service on all machines sold is the reason, it is pointed out. A large rental and repair business also is carried on.

Sherick, Reynard Harris, Bernard Kubert, Leslie Broom, Ashley Wilbert, Leroy Lofftus, John Peckles, butleries, Esther Whelan, Frances Lord, Betty Cook, Harriet Reynolds, Mary Stapp, Eleanor Flower, Adaline Shirer, Dorothy Wilson; overall boys, John Anderson, Jefferson Seales, Marion May, Jack Whiteaker, George Tuomy, Eugene Nicholson, Franklin Johnson, Charles Stein.

BEAUTY Inside and out

Because of its highly finished surface, enamel is always thought of for interior use in the house. But it is frequently used for adding a final touch of beauty to the exterior. When the doorway or the entire entrance to the home is enameled, the color scheme is not altered, but the high gloss finish accentuates the architectural beauty of the house and contributes a note of refinement.

For exterior, as well as interior use, we recommend GOLD SEAL GLOSS ENAMEL. Naturally an enamel that remains beautiful through storm and sunshine, will give long service when applied to the woodwork inside the house.

NEW HOTEL PLANS FOR OPENING DAY

Structure At East Broadway
And Glendale Avenue
Nears Completion

(Continued from page 3)

building will be strictly first-class in every respect.

Fine Equipment
Furnishings and equipment are now being purchased in order to start installation within a week. Once completed, the new Hotel Glendale will stand second to none in Southern California.

The apartment quarters are to be furnished in overstuffed Jacquard velour and antique walnut. The carpets are of heather in the plain or neutral shades. French marquise nettings will be used throughout, with silk damask overdrapes. A specially designed floor lamp will be included in the furnishing of each apartment.

Modern Kitchen
The kitchen equipment consists of special decorative china, Community Tudor plate silverware, Heislery glass, aluminum cooking utensils, white enameled glass, range with high oven and kitchen cabinet containing every convenience, icebox and other features. Each apartment will be equipped with wall bed, springs and mattress and an electric heater in each bath.

Guest rooms on the fifth and sixth floors are carpeted with the heather rugs and contain genuine American walnut dresser, writing table, night stand, large arm rocker, straight chair and bridge lamp. Solid metal beds with the best springs and mattresses will be furnished.

Complete service will be included in all guest rooms. Apartments may be rented with or without hotel service twenty-four hours in the day.

Electric Refrigerator In Home Economical

That electric refrigeration may now be had for the home at small cost is the announcement made by the Beldin Sales Co. of 117 North Maryland avenue, local agents for the Frigidaire, manufactured by the General Motors Co.

According to the local firm, Frigidaire maintains a temperature of 45 degrees constantly, while the old-fashioned refrigerator when entirely filled with ice is rarely colder than 55 degrees. It is said that such foods as milk must be kept at 50 degrees or lower to prevent decomposition.

Another feature of Frigidaire is the dryness of the food compartments. It is said that onions and whipped cream may be placed side by side with no ill effect in the refrigerator. This method of refrigeration represents a substantial saving over ice, it is said.

Evening News Thanked By Tuesday Music Club

The music department of the Tuesday Afternoon club, has sent a communication to The Glendale Evening News, expressing appreciation for publicity given during the past year. Madeline Kelley, secretary, wrote: "The music department of the Glendale Tuesday Afternoon club, wishes to express its appreciation and thanks for the very liberal and efficient manner in which you have published reports of its meetings during the year just closed. The members fully appreciate your splendid co-operation."

Glendale Realtor Will Attend Detroit Meet

Mr. and Mrs. W. L. Truitt of 317 West Doran street will leave June 17 for Detroit, Mich., to attend the realtors' convention. Mr. Truitt is a realty broker with offices at 124 North Central avenue. Following the convention the Truitts will visit Niagara Falls, take a trip down the St. Lawrence river, and return to California by way of the Canadian Pacific.

P-T-A

Glendale Intermediate
A most delightful luncheon was given yesterday noon in the domestic science room at Glendale Intermediate school by the executive board of the Parent-Teacher association for the teachers. There were forty-two hostesses and guests present. Mrs. Arthur Wilson, newly elected Parent-Teacher association president, was a special guest. She was introduced by Mrs. Mae Rosenberg, retiring president. The luncheon table was decorated in yellow. The affair was the annual luncheon given for the teachers.

BIRTHS

Mr. and Mrs. S. D. Bawl of 1120 Cordova street, Rossmore, announce the birth of a son, Donald Sherwood, Thursday, June 4, 1925, at their home. Mrs. Bawl was formerly Miss Evelyn Apple.

TOM MIX FLASHES IN GATEWAY FILM

Western Star Seen In Story
Of Good, Bad Man At
Popular Theatre

With an author's license to amend history and revarnish facts, Charles Kenyon, who prepared Tom Mix' latest screen offering "Dick Turpin," showing today, tomorrow and Saturday at the Gateway theatre, cheated the law of England and sent "Richard" and his lovely bride to France. That contradicts truth and slams history, because records prove that Dick "decorated the end of a rope" at Knivesmire on Tyburn Hill near York in 1739. But after studying the career of this picturesque rogue the author decided that his generosity to the poor had earned him happiness and that he would be most certain to find it in La Belle, France. Impressed by Turpin's colorful career William Fox persuaded Mix to don the picturesque costume of the London dandy of 1735 and put the life of Turpin on the silver screen.

Good, Bad Man
Though he chose to be known as John Palmer Barister, many suspected him as well as a rascal. He was the happiest when robbing some arrogant old nobleman, laughing at, and taunting his victim as he stripped him of his wealth, but an hour later he would divide the contents of that purse with some poor woman encountered upon the road.

In the presentation of this rogue's life, Director John Blystone has taken some of the best known of his rascals for his motif, surrounded Mix with an unusual cast and completed what is certain to be recorded one of the best pictures to issue from the Fox studios this season.

Kathleen Myers, Lucille Hutton, Alan Hale, Philo McCullough and Bull Montana are in support.

Library Has New List Of Books On Dancing

Books on dancing at the Public Library are:
"Swedish Folk Dances," by Bergquist; "Modern Dancing," by Castle; "The Folkdance Book," by Crampton; "The Second Folkdance Book," by Crampton; "Folkdances and Games," by Crawford; "Dramatic Games and Dances for Little Children," by Crawford; "How to Dance and What to Dance," by De Forrest; "The Rhythmic Dance Book," by Einert; "Social Games and Group Dances," by Elson and Thrilling; "The Clog Dance Book," by Frost; "Folk Dances of Czechoslovakia," by Geary; "The Book of the Dance," by Genthe; "The Heafut Art of Dancing," by Gulick; "The Festival Book," by Lincoln; "Aesthetic Dancing," by Rath; "Rhythm, Music and Dancing," by Dalcroze; "Dancing Made Easy," by Coll and Rosiere. "The Dancing Mistress," by Monchton; "Natural Rhythms and Dances," by Colby; "Dramatic Dances for Small Children," by Richards; "Dramatized Rhythm Plays," by Shafter; "The Dance in Education," by Marsh; "Manual of Dancing Steps," by Pohl; "Child Life in Music," by Arnold; "The Song Play Book," by Wollaston; "Gymnastic and Folk Dances," by Hinman; "The Antiquated Greek Dance," by Emmanuel; "A Book of Song Games and Ball Games," by Bremner; "More Song Games," by Bremner; "National Dances of Ireland," Folkdances of Finland, "Folkdances and Singing Games," "Folkdances from Old Homelands," all by Burton; "Games in Song for Little Folk," by Steiner; "The Playground Book," by Sperling; "New Song Plays to Old Tunes," by Wood; "The Dance," by Sharp.

A large area of land in Poland is to be divided among peasant farmers.

Here's Hot Tip For Glendale's C. of C. to Act

SANTA BARBARA, June 4.—J. H. King of Detroit learned of the exclusiveness of Santa Barbara, home of millionaires and near millionaires. He forthwith sat himself down and wrote the Chamber of Commerce as follows:
"I have heard a great deal of your city, and suppose you want only those citizens of the most reputable type. I can furnish you the best of references from the mayor

of our city and the street railway officers, for whom I work, as to my character and honesty."

He will be invited to come west, irrespective of his references, the chamber secretary said.

FAMOUS PICTURE CLOSES TONIGHT

'Friendly Enemies,' Now At
Glendale Theatre, Is
Remarkable Film

After a five-days' engagement, "Friendly Enemies" is now compelled to leave the Glendale theatre after tonight's showings to make room for the next scheduled attraction.

None of their old fun provoking capacities the least bit slackened or lessened by the passage of many years, Weber and Fields, grand old men of the theatre, have been delighting their screen audiences as they have been pleasing theatregoers for the past fifty years.

Added to the millions of admirers and worshippers which these two charming gentlemen count among a friendly public they have now doubled that number in the ranks of new followers who became acquainted with them for the first time when they made their appearance on the screen at the Glendale theatre.

Excellent Program
Their production, a George Melford picture in which Lucille Lee Stewart, Virginia Brown Faire, Jack Mulhall and several others appear, not only gives the comedians more than a sufficient opportunity for sparkling comedy, but provides them with two highly dramatic roles of which they prove themselves capable masters.

Besides "Friendly Enemies," Manager William A. Howe has also rounded out an exceptional program with an Our Gang comedy that is one of the best ever produced by the Hal Roach studio in Culver City, "The Sundown Limited."

COLUMBIA FILM OPENS AT COSMO

Elaine Hammerstein Star Of
'One Glorious Night';
Trio On Stage

"One Glorious Night," the new Columbia picture, opened at the Cosmo theatre last night, featuring Elaine Hammerstein. The story of a young girl, who has to give up her child because she does not want it to suffer in poverty, is played by Miss Hammerstein.

The supporting cast, numbered among others: Al Roscoe, Phyllis Haver, Freeman Wood, Lillian Elliot, Mathilde Brundage, Clara Selwynne and Baby Vendell Barr. The direction was by Scott Dunlap.

On the stage is the "Piggly Wiggly Hawaiian Trio."

By Southland News Service.
LOS ANGELES, June 4.—Fire in a cafe below the Glendale dance saloon, Sixth street, thrilled thousands of midnight revelers. Two other downtown blazes added excitement to last night's trolie.

Jacqueline Logan and Robert Gillespie of the films were married last night, it is reported in Hollywood today. Tom Mix is home from Europe, being welcomed home by Mayor Cryer.

Glendale, Pasadena and other cities are bidding welcome to Nobles of the Mystic Shrine today. The film studios prove the large detraction, if such be the proper language.

The Soldiers' home at Sawtelle, Flintridge Riding club and Ace and Knave club, Beverly Hills, were the scenes of liquor raids this week, it was disclosed by the arraignment of prisoners today.

Ivan Glavadinovic, convicted of passing counterfeit Bank of England notes, is under arrest again as the result of his identification by two federal court employees yesterday. He is wanted on charges of violating banking laws. Ivan served one term in Leavenworth, only to face another, it is reported.

Crime increased 11 per cent in May over April the sheriff's office reports. But eighty prisoners were transported to the state prison as the result.

Tujungua Kiwanians To Present Program Here

Members of the Tujungua Kiwanis club will have charge of the program at the meeting of the Glendale Kiwanis club tomorrow noon at the Tuesday Afternoon clubhouse, according to an announcement made by Secretary Burton McGinnis. On Monday noon the Glendale Kiwanians will present the program at the Montrose-La Cressenta club meet at the Oakmont Country clubhouse.

W. B. Kinner, Glendale airplane manufacturer, whose factory at the Glendale airport is producing the Kinner Airster, will be introduced tomorrow as a new member of the club. On Saturday Secretary McGinnis will leave for the international convention at St. Paul.

TRUST BUSTING IS GIVEN UP BY U. S.

Government Refrains From
Interfering With Big
Business Moves

By ROBERT S. THORNBURGH
For International News Service
WASHINGTON, June 4.—The government is going out of the "trust busting" business.

While all big business combinations and mergers will be scrutinized with care to make certain that there is no violation of the Sherman anti-trust act, high officials asserted that great corporations, strongly financed, are essential to transact the rapidly growing business of the United States.

It is no part of the government's business to interfere with honestly conducted business, but it is the duty to challenge any attempt to secure an unfair advantage of the public by artificial combination and agreement, a cabinet official informed the International News Service.

Mergers Planned

"The government cannot fairly commence an action unless the restraint complained of is in fact unreasonable and liable to be injurious to the general public." Anti-trust proceedings started against trade associations failed when put to the test by the supreme court which held that the collection and dissemination of statistics on past transactions, costs, price, production and stocks are not of themselves in violation of the Sherman law.

Great business mergers in the baking industry, grain elevators, steel companies, gas companies, electric big producers, are now in progress of formation, it was said here.

Install New Officers Of D.A.R. At Meeting

(Continued from page 3)

ton, D. C. The resolutions were, one favoring the establishment in every school in the United States of a "School of the Republic," an organization of pupils similar to the national form of government; another favoring the teaching of the constitution in the public schools; and a third favoring the appointment in each state of a chairman to combat radical propaganda.

Guests Present
Other guests introduced were Mrs. Priscilla Houdyshel of the W. R. C.; Mrs. Pearl Gillette of the auxiliary of Sons of Veterans; Mrs. Mae H. Dutton of the Daughters of Veterans; Mrs. T. W. Long of the Women's Auxiliary of Spanish War veterans; Mrs. E. W. Gilliland of the Women's Auxiliary of American Legion; and Mrs. A. T. Davis of the Lester Meyer chapter of War Mothers.

Of interest to members and guests was the chapter history read by Mrs. Kennedy. She stated that the chapter now has sixty-seven members.

An amendment to the constitution was adopted creating an initiation fee of \$5, to become effective January 1.

Install Officers
Most impressive was the installation of officers by Mrs. Shreve, who was also installing officer one year ago. Officers-elect were presented by Mrs. C. W. Houston, only living vice-regent of the chapter. Officers are Miss Ida D. Myers, regent; Mrs. S. C. Lepplman, vice-regent; Mrs. Mabel Franklin Ocker, second vice-regent; Mrs. Anne S. Crawford, recording secretary; Miss Hazel White, corresponding secretary; Mrs. W. G. Lyman, treasurer; Mrs. E. W. W. Hayward, registrar; Mrs. E. M. Kennedy, historian; Mrs. W. A. Saylor, chaplain; Mrs. C. W. Houston, director.

The program following included dances by Eleanor Marek and Ina Fletcher, pupils of Pearl Keller; presentation of an oration on the federal constitution by Elsie Mae Forsyth, Glendale High school girl; and songs by Edith Sinclair Lemon, accompanied by Mrs. Saylor, Mrs. Lemon, who possesses a beautifully clear voice, sang "Home Again" (words by Van Dyke and music by Estelle Phillo); "When California Poppies Bloom" (Mary Newman); "The Cuckoo Song"; and "Through the Eyes."

On behalf of the chapter, Mrs. Houston presented Miss Myers with a basket of flowers. Many of the members and guests wore old-time dresses.

Name Chairmen
San Rafael chapter of Eagle Rock, has invited Glendale chapter to their annual garden party June 15.

Chairmen named by Miss Myers for the coming year are: Mrs. Helen K. Scripps, program; Mrs. B. O. Holbrook, hospitality; Mrs. W. M. Brown, courtesy; Mrs. C. E. Fairce, Mrs. Addison, reception; Mrs. W. A. Saylor, flag; Mrs. J. M. Border, calling; Mrs. T. W. Preston, philanthropy; Miss Jeanette Herrick, Albion Street school; Mrs. Kennedy, Mrs. Hayward, Mrs. Ocker, marking historic spots.

Chairmen of state work are: Mrs. Emma E. Dunn, Angel Island; Miss Sarah Dunn, manual; Mrs. W. L. Jencks, better films; Mrs. S. H. Butterfield, magazine; Mrs. A. B. Purrier, national old trails road; Mrs. C. W. Houston, reciprocity.

duced tomorrow as a new member of the club. On Saturday Secretary McGinnis will leave for the international convention at St. Paul.

Ford Parts Used To Make Shrine Emblems

Fords and Ford parts have been used for practically everything that one can imagine, yet the boys in the parts department of the Jesse E. Smith Co., Ford dealers at Orange and Colorado boulevard, have outdone themselves when it comes to unique window displays.

Shrine emblems and greetings to the Nobles are to be found designed solely from genuine Ford parts and accessories. Hub caps, bolts, chains and other parts are used.

Steel plants of Canada that are turning out material for railroads continue to operate at capacity.

Design submitted by Wm. Allen, Architect, Los Angeles

for voting on these house plans!

Have you entered?

BY entering this Prize Voting Contest, being held in connection with the California HOME OWNER-PIONEER PAPER Company House Design Competition, you have the opportunity of winning a prize that will help pay for your new home! Three big prizes for voters—\$250, \$150 and \$100, payable in Pioneer Yosemite Rock Surfaced Shingle roofing. You will also receive, free of charge, house plans and designs from scores of Southern California's best architects and designers. Vote on these designs and win one of the prizes—worth trying for isn't it?

The Prize Voting Contest and Architectural Competition are sponsored by California Home Owner, a Los Angeles magazine published in the interests of better homes, and the Pioneer Paper Company, manufacturers of roofing materials.

Competition Editor,
Box 120, Arcade Station, Los Angeles

I wish to vote in the contest for the \$500 in prizes, payable in Pioneer Shingle roofing. Send me, free of charge, all rules, information and the designs submitted during the competition. It is understood that my vote must reach your office by midnight, July 10, 1925, to be considered.
